The Work Smart Academic Planner Write It Down Get It Done:

The Work-Smart Academic Planner, Revised Edition Peg Dawson, Richard Guare, 2017-02-16 From executive skills experts Peg Dawson and Richard Guare this large format academic planner is specially designed for students in grades 6-12. It provides a system for keeping track of assignments and due dates while developing the crucial executive skills needed to succeed in school and beyond. Students are guided to build a daily study plan, manage their time, set short and long term goals, study for tests, and record their successes. They also get tools for evaluating their own executive skills in order to target their weaknesses and capitalize on strengths. Response to Intervention and Precision Teaching Kent Johnson, Elizabeth M. Street, 2012-12-01

Successful implementation of response to intervention (RTI) for academic skills problems requires rigorous progress monitoring. This book shows how the proven instructional technology known as precision teaching (PT) can facilitate progress monitoring while building K-12 students' fluency in reading, writing, math, and the content areas. Detailed instructions help general and special education teachers use PT to target specific skills at all three tiers of RTI and incorporate it into project-based learning. Of crucial importance for RTI implementers, the book provides explicit procedures for measuring and charting learning outcomes during each PT session and using the data to fine-tune instruction. Reproducible charts and other useful tools can be downloaded and printed in a convenient 8 1/2 x 11 size. **Coaching Students with Executive Skills**
