Out of Site Rebecca Scofield, 2019-10-14 Rodeo is a dangerous and painful performance in which only the strongest and most skilled riders succeed In the popular imagination the western rodeo hero is often a stoic white man who embodies the toughness and independence of America's frontier past However marginalized people have starred in rodeos since the very beginning Cast out of popular western mythology and pushed to the fringes in everyday life these cowboys and cowgirls found belonging and meaning at the rodeo staking a claim to national inclusion Outriders explores the histories of rodeoers at the margins of society from female bronc riders in the 1910s and 1920s and convict cowboys in Texas in the mid twentieth

century to all black rodeos in the 1960s and 1970s and gay rodeoers in the late twentieth century These rodeo riders not only widened the definition of the real American cowboy but also at times reinforced the persistent and exclusionary myth of an idealized western identity In this nuanced study Rebecca Scofield shares how these outsider communities courted authenticity as they put their lives on the line to connect with an imagined American West *On Indian Ground* Joely Proudfit, Nicole Quinderro Myers?Lim, 2017-09-01 *On Indian Ground* California is the first in a series of ten books on American Indian Alaska Native Native Hawaiian education The focus of this text is the 110 tribes in California and the best practices available to educators of native students in K 16 This volume explores the history of California Indian education as well as current policies on early childhood education gifted education curriculum counseling funding and research The chapters provide a unique look at crosscutting themes such as sustainability economic development health and wellness and historical trauma and bias Critical Dreaming Lilian Mengesha, 2025-05-20 Ways of knowing against colonialism In the 1990s the North American Free Trade Agreement NAFTA the Violence Against Women Act VAWA and US and Canadian boarding residential schools practices led to an increase in cases of missing and murdered Indigenous women from the US Mexico border Guatemala Canada and the United States Indigenous artists aiming to recontextualize these state sponsored instances of violence created works grappling with time ancestry and relationality Lilian Mengesha interprets the works of these artists within a decolonial context through an aesthetic frame she calls critical dreaming Using methods from performance studies gender studies and Indigenous studies *Critical Dreaming* considers artists as expert world makers Mengesha examines selected works by Lara Kramer Regina Jos Galindo Rebecca Belmore Monique Mojica LeAnne Howe and Sky Hopinka demonstrating how each materializes alternative modes of experiencing time making kin and communing with land Mengesha argues that critical dreaming is a performance that advances material and embodied practices of survival both individual and collective to challenge colonial and nationalist discourses invested in a teleology of disappeared people history and land Her writing provides valuable insight into the intergenerational effects of settler colonialism on Indigenous communities throughout the Americas looking at how artists build worlds anew through Indigenous ways of knowing and making inspired from the past and repurposed for the present *Critical Dreaming* offers a resonant framework for understanding Indigenous embodied ways of knowing that work against colonial attempts to discredit or disappear forms of imagination relationality and resistance connecting disparate Indigenous communities This powerful book urges readers to recognize how Indigenous artists contribute to ongoing struggles against multiple forms of colonialism **Indigenous Mobilities** Rachel Standfield, 2018-06-07 This edited collection focuses on Aboriginal and M ori travel in colonial contexts Authors in this collection examine the ways that Indigenous people moved and their motivations for doing so Chapters consider the cultural aspects of travel for Indigenous communities on both sides of the Tasman Contributors examine Indigenous purposes for mobility including for community and individual economic wellbeing to meet other Indigenous or

non Indigenous peoples and experience different cultures and to gather knowledge or experience or to escape from colonial intrusion This volume is the first to take up three challenges in histories of Indigenous mobilities First it analyses both mobility and emplacement Challenging stereotypes of Indigenous people as either fixed or mobile chapters deconstruct issues with ramifications for contemporary politics and analyses of Indigenous society and of rural and national histories As such it is a welcome intervention in a wide range of urgent issues Second by examining Indigenous peoples in both Australia and New Zealand this volume is an innovative step in removing the artificial divisions that have arisen from national histories Third the collection connects the experiences of colonised Indigenous peoples with those of their colonisers shifting the long held stereotypes of Indigenous powerlessness Chapters then convincingly demonstrate the agency of colonised peoples in shaping the actions and the mobility itself of the colonisers While the volume overall is aimed at opening up new research questions and so invites later and even more innovative work this volume will stand as an important guide to the directions such future work might take Heather Goodall Professor Emerita UTS

Land Uprising Simón Ventura Trujillo, 2020-03-31 *Land Uprising* reframes Indigenous land reclamation as a horizon to decolonize the settler colonial conditions of literary intellectual and activist labor Sim n Ventura Trujillo argues that land provides grounding for rethinking the connection between Native storytelling practices and Latinx racialization across overlapping colonial and nation state forms Trujillo situates his inquiry in the cultural production of La Alianza Federal de Mercedes a formative yet understudied organization of the Chicana movement of the 1960s and 1970s La Alianza sought to recover Mexican and Spanish land grants in New Mexico that had been dispossessed after the Mexican American War During graduate school Trujillo realized that his grandparents were

activists in La Alianza Written in response to this discovery Land Uprising bridges La Alianza s insurgency and New Mexican land grant struggles to the writings of Leslie Marmon Silko Ana Castillo Simon Ortiz and the Zapatista Uprising in Chiapas Mexico In doing so the book reveals uncanny connections between Chicana Latinx Latin American and Native American and Indigenous studies to grapple with Native land reclamation as the future horizon for Chicana and Latinx indigenities

War and Colonization in the Early American Northeast Christoph Strobel, 2023-04-25 This book takes a new approach by synthesizing the work of scholars of military and Indigenous history to provide the first chronologically ordered region wide and long term narrative history of conflict in the Early American Northeast War and Colonization in the Early American Northeast focuses on war and society European colonization and Indigenous peoples in New England from the pre Columbian era to the mid eighteenth century It examines how the New English used warfare against Native Americans as a way to implement a colonial order These conflicts shaped New English attitudes toward Native Americans which further aided in the marginalization and the violent targeting of these communities At the same time this volume pays attention to the experiences of Indigenous peoples It explores pre Columbian Native American conflict and studies how colonization altered the ways of warfare of Indigenous people Native Americans contested New English efforts at colonization and used violent warfare strategies and raids to target their enemies often quite successfully However in the long run depending on time and geographic location conflict and colonization led to dramatic and violent changes for Native Americans This volume is an essential resource for academics students academic libraries and general readers interested in the history of New England military Native American or U S history

Gender and Sexuality in Indigenous North America, 1400-1850 Sandra Slater, Fay A. Yarbrough, 2022-11-10 Groundbreaking historical scholarship on the complex attitudes toward gender and sexual roles in Native American culture with a new preface and supplemental bibliography Prior to the arrival of Europeans in the New World Native Americans across the continent had developed richly complex attitudes and forms of expression concerning gender and sexual roles The role of the berdache a man living as a woman or a woman living as a man in native societies has received recent scholarly attention but represents just one of many such occurrences of alternative gender identification in these cultures Editors Sandra Slater and Fay A Yarbrough have brought together scholars who explore the historical implications of these variations in the meanings of gender sexuality and marriage among indigenous communities in North America Essays that span from the colonial period through the nineteenth century illustrate how these aspects of Native American life were altered through interactions with Europeans Organized chronologically *Gender and Sexuality in Indigenous North America 1400 1850* probes gender identification labor roles and political authority within Native American societies The essays are linked by overarching examinations of how Europeans manipulated native ideas about gender for their own ends and how indigenous people responded to European attempts to impose gendered cultural practices at odds with established traditions Many of the essays also address how indigenous people made meaning of gender and how these

meanings developed over time within their own communities Several contributors also consider sexual practice as a mode of cultural articulation as well as a vehicle for the expression of gender roles Representing groundbreaking scholarship in the field of Native American studies these insightful discussions of gender sexuality and identity advance our understanding of cultural traditions and clashes that continue to resonate in native communities today as well as in the larger societies those communities exist within *Early Visions and Representations of America* M. Carmen Gomez-Galisteo, 2012-11-22 When the Europeans first arrived in America they had a number of preconceptions prejudices expectations and hopes about what life in the New World would be like This book examines the different visions and representations of America conveyed in the writings of Spanish conquistador lvar N ez Cabeza de Vaca and the Pilgrim leader William Bradford taking both writers within their respective literary and historical contexts Anthologies of American literature have consistently ignored Spanish language achievements on the grounds of a restrictive interpretation of American literature based on linguistic boundaries Consequently Spanish language texts such as Cabeza de Vaca s or the account by the Hidalgo de Elvas to name but two examples have been marginalized in the narrative of American literary history In seeking to redress this neglect Galisteo contributes to scholarship which seeks to analyze Early America as a whole including not only Anglo American perspectives but also the Spanish American aspect of the colonization process
