Decolonization Jan C. Jansen,Jürgen Osterhammel,2019-06-11 The end of colonial rule in Asia Africa and the Caribbean was one of the most important and dramatic developments of the twentieth century In the decades after World War II dozens of new states emerged as actors in global politics Long established imperial regimes collapsed some more or less peacefully others amid mass violence This book takes an incisive look at decolonization and its long term consequences revealing it to be a coherent yet multidimensional process at the heart of modern history Jan Jansen and Jürgen Osterhammel trace the decline of European American and Japanese colonial supremacy from World War I to the 1990s Providing a comparative perspective on the decolonization process they shed light on its key aspects while taking into account the unique regional and imperial contexts in which it unfolded Jansen and Osterhammel show how the seeds of decolonization were sown during the interwar period and argue that the geopolitical restructuring of the world was intrinsically connected to a sea change in the global normative order They examine the economic repercussions of decolonization and its impact on international power

structures its consequences for envisioning world order and the long shadow it continues to cast over new states and former colonial powers alike Concise and authoritative Decolonization is the essential introduction to this momentous chapter in history the aftershocks of which are still being felt today *Program of the Annual Meeting - American Historical Association* American Historical Association, 2006 Some programs include also the programs of societies meeting concurrently with the association **Crossroads and Cultures, Volume C: Since 1750** Bonnie G. LatinAsian Cartographies Susan Thananopavarn,2018-03-19 LatinAsian Cartographies examines how Latina o and Asian American writers provide important counter narratives to the stories of racial encroachment that have come to characterize twenty first century dominant discourses on race Susan Thananopavarn contends that the Asian American and Latina o presence in the United States although often considered marginal in discourses of American history and nationhood is in fact crucial to understanding how national identity has been constructed historically and continues to be constructed in the present day Thananopavarn creates a new LatinAsian view of the United States that emphasizes previously suppressed aspects of national history including imperialism domestic racism during World War II Cold War operations in Latin America and Asia and the politics of borders in an age of globalization LatinAsian Cartographies ultimately reimagines national narratives in a way that transforms dominant ideas of what it means to be American A Brief History of Now Diego Olstein,2021-10-12 Exploring the rise and fall of global power from the mid nineteenth century this book tracks the long and interrelated trajectories of the most serious challenges facing the world today Although at first the urgency of the coronavirus outbreak in 2020 seemed to take precedence over other global problems such as socioeconomic inequality and climate change it has ultimately exacerbated these issues and created opportunities to address them boldly and innovatively A Brief History of Now provides a bird s eye view of world hegemony economic globalization and political regimes as they have evolved and developed over the last two hundred years providing context and insights into the forces which have shaped the Western world Presented in an accessible and engaging narrative the book addresses key contemporary challenges and explores the repercussions of a technological revolution the potential instability of democracy over the coming years and the urgent struggle to tackle climate change With his book Diego Olstein helps to answer pressing questions about our world today and provides a roadmap for analysing future trajectories Imprisoning the Enemy Nikolaos Theotokis,2024-11-30 Offers a vivid examination of Axis prisoners of war during World War II detailing their experiences circumstances and the complexities of their captivity in various theatres from 1940 to 1945 Prisoners of war POWs are an important part in the history of the Second World War Nikolaos Theotokis in this vividly written book examines the subject taking a closer look at the hundreds of thousands of Axis military personnel including women mostly German who were held in POW camps POW cages prisons or forced labor camps after being captured by or surrendering to Allied forces between 1940 and 1945 in the North African European and Pacific theaters of operations Hundreds of cases of officers of the Wehrmacht and the SS as well as of the Royal Italian and the Imperial Japanese Armies have been grouped by the author in two main categories those who were taken prisoner by Allied forces and those who surrendered to them This is not a book about military might but about people many of whom were proven innocent victims of circumstance Officers who committed suicide to avoid capture and others who were charged and punished as war criminals are separately presented along with a

great number of foreign volunteers who were captured by or surrendered to Allied forces during the war after joining units of the German or the Japanese Armies Members of the military and secretarial staff of Adolf Hitler who were imprisoned after the German capitulation are also highlighted in the book along with cases of high ranking officers in co belligerent Romania who were harshly punished by their country s post war communist authorities for being anti communists and for having fought against the Red Army Another category also examined by the author are the German prisoners who were handed over to Joseph Stalin by the western Allies in May 1945 as a gesture of friendship although the Soviet Union had not signed the Geneva Convention This book is a concise authoritative account of the Axis POWs being also an unrivaled source of information on the subject A Global History of the Twentieth Century Michael J. Green,Nicholas Szechenyi,2017-02-01 In this volume a distinguished group of scholars examine the national experiences of six major twentieth century powers the United States Japan Turkey China India and Germany to discern the centuries legacies for today and the lessons for tomorrow They explore core themes including anticolonialism democracy socialism nationalism industrialization nuclear weapons and globalization and provide their own personal interpretations of the century as well as their respective nation s experiences and historical memory of the era Together they provide a broad historical context of the forces that shaped the twentieth century that will be of interest to scholars and students of history as well as policymakers
