Paul R. Magocsi

Their Backs Mountains Carpathian Carpatho Rusyns:

With Their Backs to the Mountains Paul Robert Magocsi, 2015-11-01 This is a history of a stateless people the Carpatho Rusyns and their historic homeland Carpathian Rus located in the heart of central Europe At the present when it is fashionable to speak of nationalities as imagined communities or as transnational constructs created by intellectuals elites who may live in the historic national homeland or in the diaspora Carpatho Rusyns provide an ideal example of a people made or some would say still being made before our very eyes The book traces the evolution of Carpathian Rus from earliest pre historic times to the present and the complex manner in which a distinct Carpatho Rusyn people since the mid nineteenth century came into being disappeared and then re appeared in the wake of the revolutions of 1989 and the collapse of Communist rule in central and eastern Europe The book while based on the author s four decades of erudition on the subject eschews scholarly jargon and is written in an accessible reader friendly style Provided by publisher *Witnesses to Interwar Subcarpathian Rus* Patricia A. Krafcik, 2024-06-10 In the midst of a contentious atmosphere of the interwar period the far eastern province of Subcarpathian Rus attracted the personal curiosity and professional attention of Russian ethnographer and theoretician Petr Bogatyrev and Czech journalist writer Ivan Olbracht Both traveled extensively in the region and immersed themselves deeply in the life and culture of the local residents Carpatho Rusyns and Hasidic Jews *Witnesses to Interwar Subcarpathian Rus* The Sojourns of Petr Bogatyrev and Ivan Olbracht explores for the first time in English the legacy they bequeathed in their respective work Bogatyrev as an apolitical ethnographic collector and theoretician and Olbracht as a passionately committed Communist whose reports and brilliant stories from the region including *Nikola uhaj Brigand* and *The Sorrowful Eyes of Hannah Karadjic* capture a glimpse of a world destined to change radically as a result of the ravages of war *In the footsteps of the Rusyns in Europe: Ukraine, Slovakia, Serbia, Poland and Hungary* Petr Kokaisl, Andrea Štolfova, Pavla Fajfrlikova, Veronika Nemcova, Jana Zychova, Irena Cejpova et al., 2023-01-11 The aim of this monograph is to present the current situation of Rusyns in those European countries where according to official or estimated statistics their number is the highest Ukraine Slovakia Poland Hungary and Serbia In presenting the situation of the Rusyn population in these countries an attempt has been made to indicate the number of Rusyns in the countries under study and at the same time to point out the problems of obtaining accurate data on Rusyns Another aim of the research was to find out what the main elements of Rusyn ethnic identity are here regardless of geographical differences religious affiliation or Byzantine rite Catholic or Orthodox stood out in the first place The research also focused on the use of the Rusyn language and changes in its status the possibilities of teaching the Rusyn language and the interest in teaching it among the Rusyns themselves In addition to these two main aspects of Rusyn identity other key elements of Rusyn material and non material culture were also investigated Emphasis was placed on the use of primarily qualitative methods to refine the available quantitative data The results presented in this publication are based on both field research and research with Rusyn

respondents conducted remotely via electronic communication in 2014-2019. Although this is a five year period it is possible to compare the individual Rusyn communities in the five countries studied at least in part synchronically i.e. here and now.

Carpatho-Rusyn Research Center, 2004. *Indigenous Peoples* Victoria R. Williams, 2020-02-24. The book is an essential resource for those interested in investigating the lives, histories and futures of indigenous peoples around the world. Perfect for readers looking to learn more about cultural groups around the world, this four volume work examines approximately 400 indigenous groups globally. The encyclopedia investigates the history, social structure and culture of peoples from all corners of the world, including their role in the world, their politics and their customs and traditions. Alphabetically arranged entries focus on groups living in all world regions, some of which are well known with large populations and others that are lesser known with only a handful of surviving members. Each entry includes sections on the group's geography and environment, history and politics, society, culture and tradition, access to health care and education, and threats to survival. Each entry concludes with 'See Also' cross references and a list of Further Reading resources to guide readers in their research. Also included in the encyclopedia are Native Voices inset boxes allowing readers a glimpse into the daily lives of members of these indigenous groups, as well as an appendix featuring the United Nations Declaration on the Rights of Indigenous Peoples.
