Theology For The Community Of God:

Theology for the Community of God Stanley J. Grenz, 2000-01-31 This proven systematic theology represents the very best in evangelical theology Stanley Grenz presents the traditional themes of Christian doctrine God humankind Christ the Holy Spirit the church and the last things all within an emphasis on God's central program for creation namely the establishment of community Masterfully blending biblical historical and contemporary concerns Grenz's respected work provides a coherent vision of the faith that is both intellectually satisfying and expressible in Christian living Available for the first time in paperback *Created for Community* Stanley J. Grenz, Jay T. Smith, 2015-01-13 This revised edition of a classic college level introduction to theology presents the core doctrines of the Christian faith encouraging readers to connect belief with everyday life Stanley Grenz one of the leading evangelical scholars of his era and Jay Smith an expert on Grenz's theological legacy construct a helpful theology that is biblical historical and contemporary The third edition includes a foreword by John Franke a new preface and afterword resources for further study and updated footnotes The book's easy to use format includes end of chapter discussion questions and connects theological concepts with current cultural examples

Created for Community Stanley J. Grenz, 1998-08 Makes theology accessible to a wider audience introducing readers to the core doctrines of the Christian faith and encouraging them to connect belief with everyday life Theology for the Community of God Stanley J. Grenz, 1994 **The Community of God** Douglas Bursch, 2017-05-19 We were created for community So why do we want to be alone The Bible tells the story of the immense power of human relationships and God's love for the church Douglas Bursch presents a timely insightful and practical theology of community He examines the relational implications of human existence sin salvation discipleship evangelism and other key biblical concepts Doug also shares unfiltered stories concerning his personal weaknesses and the relational struggles he has faced as a pastor Each chapter contains thought provoking questions that can be used by individuals pastors small groups and college classes for further in depth discussions Doug's writing cuts to the heart of why community is so valuable but so costly *The Community of God A Theology of the Church From a Reluctant Pastor* is an indispensable resource for creating healthy Christian community in an increasingly individualistic world Doug Bursch is one of the best thinkers of our day He artfully mixes a sound theology with a practical application in a complex combustible 21st Century culture that desperately needs a clarion voice Glenn Burris Jr President of The Foursquare Church Doug is unafraid to question the deep things of our faith but always does so as a committed believer He's interesting passionate and practical all at the same time Dr Steve Schell Senior Pastor of Northwest Church host of Life Lessons and author of *Preaching Through Romans* God is a Community Brian P. Gaybba, 2004 The present work offers a new synthesis of the entire spectrum of the Christian faith showing its inner unity vibrancy and relevance **The Kingdom of God** Christopher W. Morgan, Robert A. Peterson, 2012-11-30 The kingdom of God is a very large biblical category indeed Accordingly a comprehensive understanding of the kingdom would illuminate

many aspects of theology With this in mind Bruce Waltke Robert Yarbrough Gerald Bray Clinton Arnold Gregg Allison Stephen Nichols and Anthony Bradley have collaborated to articulate a full view of the kingdom of God across multiple disciplines One of the most important books on the kingdom since G E Ladd this volume offers a robust theology and is corroborated by the very series in which it stands Fourth in the noted Theology in Community series The Kingdom of God establishes the significance of the kingdom from the perspectives of biblical theology systematic theology history pastoral application missiology and cultural analysis Part of the Theology in Community series *The Community of Jesus* Kendell H. Easley, Christopher W. Morgan, 2013 A biblical historic systematic and missional theology of the church with contributions from noted academic leaders including Andreas J K stenberger David S Dockery Kendell H Easley Christopher W Morgan and several others *The Community of the King* Howard A. Snyder, 2010-01-28 Howard A Snyder probes the relationship between the kingdom of God and our daily experience of the church **It Takes a Church to Raise a Christian** Tod E. Bolsinger, 2004-04-01 Tod Bolsinger challenges Christians to rediscover the essential nature of God as a Triune community By doing so says Bolsinger the church will recover its vitality as a truly life transforming communion Focusing on daily living issues the book engages writers including John Calvin and Richard Foster Reclaiming a true trinitarian practical theology will allow Christians to reawaken and nourish a spirituality that is communal not merely consumerist or individualistic It will create Christian communities in which God transforms believers together into the likeness of Christ It Takes a Church to Raise a Christian is designed for pastors worship leaders evangelists and other church leaders *In-Between God* Stephen Pickard, 2011-12-28 In Between God explores three important areas for contemporary Christianity theology community and discipleship Part One inquires into the rhythms of faith as it interacts with themes of uncertainty and doubt the nature of theological discourse the task of systematic theology evangelism and the various ways in which theology is done Part Two discusses the importance of place in relation to the church and themes of innovation undecideability and new forms of monastic community Part Three addresses themes in discipleship simplicity mysticism the passions and pilgrimage A red thread connecting these essays is the character of the triune God who is the energy and life in between all things **Spirit of God** Jeffrey W. Barbeau, Beth Felker Jones, 2015-03-06 Jeffrey Barbeau and Beth Felker Jones edit thirteen essays on the topic of the Holy Spirit in biblical historical and theological perspective featuring important contributions on the current shape of global Pentecostalism Contributors include Allan Anderson Oliver Crisp Timothy George Kevin Vanhoozer Amos Yong and Geoffrey Wainwright Revisioning, Renewing, Rediscovering the Triune Center Derek J. Tidball, Brian S. Harris, Dr Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz s theology Trinity community eschatology and the key sources from which he drew for

theology's construction Scripture tradition culture While engaging key features seen in Grenz's work some of the essays here interact with Grenz's own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent *Revisioning Renewing Rediscovering the Triune Center* then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology

A Community Called Atonement Scot McKnight, 2010-03-01 Over the centuries the church developed a number of metaphors such as penal substitution or the ransom theory to speak about Christ's death on the cross and the theological concept of the atonement Yet too often says Scot McKnight Christians have held to the supremacy of one metaphor over against the others to their detriment He argues instead that to plumb the rich theological depths of the atonement we must consider all the metaphors of atonement and ask whether they each serve a larger purpose *A Community Called Atonement* is a constructive theology that not only values the church's atonement metaphors but also asserts that the atonement fundamentally shapes the life of the Christian and of the church That is Christ identifies with humans to call us into a community that reflects God's love the church but that community then has the responsibility to offer God's love to others through missional practices of justice and fellowship living out its life together as the story of God's reconciliation Scot McKnight thus offers an accessible thought provoking theology of atonement that engages the concerns of those in the emerging church conversation and will be of interest to all those in the church and academy who are listening in

The Church and the Crisis of Community Theresa F. Latini, 2011 Contemporary society is in crisis its structures broken and fragmented and its people overstimulated overstressed and thirsty for true communion with the sacred and with one another Yet although more than eighty five percent of congregations in the United States conduct small group ministry too many of these groups begin with no clear sense of purpose structure or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity In *The Church and the Crisis of Community* Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry Examining the latest sociological research and the real life practices of small groups in six congregations she shows how well developed groups those with mission statements leadership training and solid organizational structure can be a truly effective tool in the church's work of transforming broken and shallow forms of community into life giving life sustaining relationships with God and others

A Model for Evangelical Theology Graham McFarlane, 2020-09-15 Written by a skilled theologian with over two decades of classroom experience this introduction to evangelical theology explains how connecting to five sources of Christian theology Scripture tradition reason experience and community leads to a richer and deeper understanding of the faith Graham McFarlane calls this the evangelical quintilateral which he recommends as a helpful rubric for teaching theology This integrative model introduces students to the sources themes tasks and goals of

evangelical theology making the book ideal for introductory theology courses The Witness of God John G. Flett, 2010-04-30 The Witness of God is a constructive revision of Trinitarian missio Dei theology In it John G Flett argues that the neglect of mission as a theological locus has harmful consequences both for understanding the nature of God's connection with world and the corresponding nature of the Christian community **Community as Church, Church as Community** Michael Plekon, 2021-07-22 Parishes of all denominations are in decline shrinking closing dying We know that there are increasing numbers young and older who are religious nones and dones This book explores why the decline is taking place why the distancing is going on But it goes on to examine parishes from all over the country and from various church bodies that are resurrecting The central theme of death and resurrection shapes the analysis of parishes covered Parishes are resurrecting by reinventing their ministries by repurposing their building to better serve their neighborhoods thus replanting and reconnecting with them All of this is the Spirit's doing but through the community of sisters and brothers who make up each congregation of faith Community as the core of church is the other reality shaping the book's reflection And community a parish being with those around living for more than its own survival are visions for going forward Other aspects of congregational life are also examined most importantly the pastors how they serve when budgets shrink how they are trained how pastors act with the community not above it No recipes are suggested for parish resurrection but the stories of the parishes that have revived bear within numerous lessons for us in the future Community, State, and Church Karl Barth, 2004-10-05 Karl Barth was the master theologian of our age Whenever men in the past generation have reflected deeply on the ultimate problems of life and faith they have done so in a way that bears the mark of the intellectual revolution let loose by this Swiss thinker But his life was not simply one of quiet reflection and scholarship He was obliged to do his thinking and writing in one of the stormiest periods of history and he always attempted to speak to the problems and concerns of the time In June 1933 he emerged as the theologian of the Confessional movement which was attempting to preserve the integrity of the Evangelical Church in Germany against corruption from within and terror from without His leadership in this struggle against Nazism also made it necessary for him to say something about the totalitarianism that the Soviet power was clamping down upon a large part of Europe In this indirect way a Barthian social philosophy emerged and this theologian who abjured apologetics and desired nothing but to expound the Word of God was compelled by circumstances to propound views on society and the state that make him one of the most influential social thinkers of our time David Haddorff is Associate Professor of Theology and Religious Studies at St John's University New York He is the author of several articles and reviews and the book *Dependence and Freedom The Moral Thought of Horace Bushnell* 1994 Table of Contents Introduction by David Haddorff Karl Barth's Theological Politics 1 Gospel and Law 71 Church and State 101 The Christian Community and the Civil Community 149 Bibliography 191 *Theology through Community* Richard A. Pruitt, 2019-02-14 Since the 1980s renewal scholars have given considerable attention to the role of the believing community

in the interpretive process A broad consensus has emerged that a triad involving Scripture the Spirit and the believing community forms a cooperative relationship resulting in theological development followed by commensurate action identified in this research as theological creativity In the context of this research to be creative with theology is to take an existing theological assumption and broaden or adapt it to current circumstances given the Spirit s evidential work and a consensual understanding of Scripture But how does the community negotiate between Spirit and Scripture without subsuming either into its own predilections For Luke the first century community of believers in Acts functions as an indispensable character in the formation of theological creativity This work will demonstrate how Luke positions the community as a character in story form between Spirit and Scripture functioning as a bridge through which its testimony of the Spirit s evidential work and its application of Scripture interact In order to illustrate this balancing act we will use a modified configuration of the triadic notion Spirit Community Scripture
