Theology Without Borders An Introduction To Global Conversations:

Theology without Borders William A. Dyrness, Oscar García-Johnson, 2015-11-24 Global theology represents one of the most important trends in theology today What does it mean to do theology in a global context How can Christian theology be understood as a conversation between different parts of the world and various streams of Christian history This concise introduction explores the major issues involved in rethinking theology in light of the explosion of world Christianity Combining the voices of a Western and a non Western theologian it integrates Western theological tradition with emerging global perspectives This work will be of interest to theology and missiology students as well as church leaders and readers interested in the changing face of world Christianity *Spirit Outside the Gate* Oscar García-Johnson, 2019-07-23 Oscar García Johnson explores a new grammar for the study of theology and mission in global Christianity especially in Latin America Moving to recover important elements in ancestral traditions of the Americas he discerns pneumatological continuity between the pre Columbian and post Columbian communities With an interdisciplinary narrative approach this work offers a constructive theology of mission for the church in global contexts **Themelios, Volume 41, Issue 2** D. A. Carson, 2016-08-23 Themelios is an international evangelical peer reviewed theological journal that expounds and defends the historic Christian faith Themelios is published three times a year online at The Gospel Coalition <http://thegospelcoalition.org/themelios> and in print by Wipf and Stock Its primary audience is theological students and pastors though scholars read it as well Themelios began in 1975 and was operated by RTSF UCCF in the UK and it became a digital journal operated by The Gospel Coalition in 2008 The editorial team draws participants from across the globe as editors essayists and reviewers General Editor D A Carson Trinity Evangelical Divinity School Managing Editor Brian Tabb Bethlehem College and Seminary Consulting Editor Michael J Ovey Oak Hill Theological College Administrator Andrew David Naselli Bethlehem College and Seminary Book Review Editors Jerry Hwang Singapore Bible College Alan Thompson Sydney Missionary Nathan A Finn Southeastern Baptist Theological Seminary Hans Madueme Covenant College Dane Ortlund Crossway Jason Sexton Golden Gate Baptist Seminary Editorial Board Gerald Bray Beeson Divinity School Lee Gatiss Wales Evangelical School of Theology Paul Helseth University of Northwestern St Paul Paul House Beeson Divinity School Ken Magnuson The Southern Baptist Theological Seminary Jonathan Pennington The Southern Baptist Theological Seminary James Robson Wycliffe Hall Mark D Thompson Moore Theological College Paul Williamson Moore Theological College Stephen Witmer Pepperell Christian Fellowship Robert Yarbrough Covenant Seminary [T&T Clark Handbook of Political Theology](#) Rubén Rosario Rodríguez, 2019-10-03 The T and the contributors then build on previously discussed historical resources and methods to engage with contemporary issues and challenges emphasizing interreligious dialogue even while addressing concerns of relevance to a particular faith tradition The volume concludes with three essays that look at the future of political theology from the perspective of each Abrahamic religion Complete with select bibliographies for each topic this companion features

the most current overview of political theology that will reach a broader global audience of students and scholars

The Spirit over the Earth Gene L. Green, Stephen T. Pardue, K. K. Yeo, 2016-12-31 Though the global center of Christianity has been shifting south and east over the past few decades very few theological resources have dealt with the seismic changes afoot The Majority World Theology series seeks to remedy that lack by gathering well regarded Christian thinkers from around the world to discuss the significance of Christian teaching in their respective contexts The contributors to this volume reflect deeply on the role of the Holy Spirit in both the church and the world in dialogue with their respective contexts and cultures Taking African Asian and Latin American cultural contexts into account gives rise to fresh questions and insights regarding the Spirit's work as witnessed in the world and demonstrates how the theological heritage of the West is not adequate alone to address the theological necessities of communities worldwide

Theologies of Land K. K. Yeo, Gene L. Green, 2020-12-24 The Crosscurrents series highlights emerging theologies and biblical interpretations from Majority World and minoritized communities The first volume in the series elaborates theologies of land a theme often missing or ignored by churches and theologians especially in the Global North In this volume four authors who represent Palestinian First Nations Latinx and South African communities examine the intricate relationship among land landscape migration and identity Together with a Malaysian Chinese the authors deliberate on the complex issues arising out of political domination as well as humanity's conquest and abuse of land that create unjust space landless people and the broken landscape of God's creation

Emerging Theologies from the Global South Mitri Raheb, Mark A. Lamport, 2023-03-29 In recent decades there has been a seismic shift in world Christianity Whereas formerly Christianity existed as a Caucasian Euro American phenomenon the majority of Christians today reside in the Southern Hemisphere or the Global South And what is true for the demographics of Christianity has followed lockstep for its theological developments The era of German theologians setting the tone for global church are gone Today some of the loudest and most creative voices in theology speak from the emerging contingencies of the Global South for example promoting Latinx Black Caribbean and Asian theologies and their influence often influences the conversation in the United States and Europe In addition just as the center of Christianity has moved geographically from north to south so with theological seminaries in the west which have declined as training centers for clergy These events coincide with new theological centers are opening in Asia Africa Oceania and Latin America The bottom line is contemporary Christianity today looks significantly different than it did a century ago and publications have been slow to acknowledge let alone describe and elaborate upon this major shift to the largest religion in the world These shifts guide our intentions in this book Such a reference book which could also be used as a textbook therefore is very much needed In fact there is nothing like the contents of this single volume book in the publishing market which allows for high quality interdisciplinary and international dialogue

[The Hymn](#), 2013

Theology Without Borders Leo D. Lefebure, 2022 Theology without Borders the title of this volume evokes the seminal contributions of Peter Phan a remarkably productive

and creative scholar who challenges us to make global humanity the starting point for theological reflection Over several decades Phan has persuaded us that the collapse of established bounded frameworks especially that of a European Christianity with a monopoly on truth is not to be feared but celebrated His prodigious output has contributed to and enriched literatures in ecclesiology Christology missiology patristics and other fields This volume brings together the contributions from a number of leading scholars and engages systematically with Phan's ideas across a range of vitally important topics from global Christianity and migration to religious pluralism the legacies of the Second Vatican Council and eschatological controversies Taken together the essays provide an overview of Phan's scholarly contributions and a road map for better understanding theology without borders in our contemporary world *The British National Bibliography* Arthur James Wells, 2007 **Choice**, 2005 **Forthcoming Books** Rose Army, 2002 **The Philosopher's Index**, 2008 Vols for 1969 include a section of abstracts [Global Gospel](#) Douglas Jacobsen, 2015-11-10 In this pathbreaking book award winning author Douglas Jacobsen describes global Christianity and provides a framework for understanding the varied experiences of Christians around the world Focusing on the five big continents of Africa Asia Europe Latin America and North America Jacobsen recounts their differing histories contemporary experiences and cultural theologies In the current era of massive and dynamic global challenges this accessible and fair minded volume sets the stage for Christians worldwide to engage the gospel and each other more deeply *Global Gospel* contains numerous maps charts and illustrations that aid comprehension Accompanying videos can be found on YouTube's Global Christianity channel www.youtube.com/globalchristianity **Global Dictionary of Theology** William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context *Book Review Index Cumulation* Dana Ferguson, 2005-09 Book Review Index provides

quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year Kingdom Without Borders

Miriam Adeney,2009-11-18 The twenty first century has opened with a rapidly changing map of Christianity While its influence is waning in some of its traditional Western strongholds it is growing at a phenomenal pace in the global South Miriam Adeney has lived traveled and ministered widely In this book she pulls back the veil on real Christians around the world their faith their hardships their triumphs and yes their failures and shares the inspiring and challenging story of a kingdom that knows no borders

Gospel Without Borders Jim Rotholz,2015-03-04 To what degree does culture facilitate or distort the Christian faith the gospel of Jesus and the life of the church In America the distortion is enormous Gospel Without Borders carefully examines the complex intersection of culture and faith in America providing insights that allow for better understanding and a more genuine experience of biblical and historic Christianity Gospel Without Borders analyzes the formative and interactive roles that human nature and cultural history play in contemporary expressions of Christianity in America It outlines their profound but little appreciated influence upon the shape and scope of Christian faith within society at large the church and the lives of individuals The study illuminates the dimensions of a largely unheralded gospel message characterized by unimpeded faith that fully accords with the kingdom Jesus stridently proclaimed It outlines the dimensions of faith freed from the disappointing forms of culturalized Christianity that always prove insufficient on a personal level and woefully inadequate to the demands of contemporary life within our globalizing world Today s world can only be effectively impacted through a gospel without borders a compelling gospel most Americans have yet to hear and too many Christians of every cultural and denominational background have yet to fully embrace Globalizing Theology Craig Ott,Harold A.

Netland,2006-10 Internationally recognized scholars offer a groundbreaking look at the powerful force of globalization and what it means for the church **Christianity Across Borders** Gemma Tulud Cruz,2021-07-29 This book offers a comprehensive exploration of key issues in contemporary global migration and considers the theological implications for Christianity in general and for Christian faith and practice in various parts of the world in particular Migrant Christians who make up the majority of believers on the move and in diaspora play an increasingly vital role in world Christianity today Drawing on cases from across the globe Gemma Tulud Cruz considers how Christians are faced with immense gifts and tremendous challenges brought by the ever increasing presence of migrants in their midst and the conditions that characterize contemporary global migration Migrant Christians themselves face multiple challenges which have been made more stark by the coronavirus pandemic The volume will be relevant to scholars of religion and of migration who are

interested in a closer examination of what happens to Christians and Christianity faith communities and nation states in the age of migration
