Ethnicity and Inclusion David G. Horrell, 2020-10-29 Some of today's problematic ideologies of racial and religious difference can be traced back to constructions of the relationship between Judaism and early Christianity New Testament studies which developed contemporaneously with Europe's colonial expansion and racial ideologies is David Horrell argues therefore an important site at which to probe critically these ideological constructions and their contemporary implications In Ethnicity and Inclusion Horrell explores the ways in which ethnic and religious characteristics feature in key Jewish and early Christian texts challenging the widely accepted dichotomy between a Judaism that is ethnically defined and a Christianity

that is open and inclusive Then through an engagement with whiteness studies he offers a critique of the implicit whiteness and Christianness that continue to dominate New Testament studies today arguing that a diversity of embodied perspectives is epistemologically necessary

Social Research Methods Clive Seale, 2004 Bringing together many of the core classic and contemporary works in social and cultural research methods this book gives students direct access to methodological debates and examples of practical research across the qualitative quantitative divide The book is designed to be used both as a collection of readings and as an introductory research methods book in its own right Topics covered include research methodology research design data collection and preparation analyzing data mixing qualitative and quantitative methods validity and reliability methodological critique postmodernism post structuralism and critical ethnography political and ethical aspects of research philosophy of social science reporting research Each section is preceded by a short introduction placing the readings in context This reader text also includes features such as discussion questions and practical exercises

Religion and American Cultures Gary Laderman, Luis León, 2014-12-17 This four volume work provides a detailed multicultural survey of established as well as new American religions and investigates the fascinating interactions between religion and ethnicity gender politics regionalism ethics and popular culture This revised and expanded edition of Religion and American Cultures Tradition Diversity and Popular Expression presents more than 140 essays that address contemporary spiritual practice and culture with a historical perspective The entries cover virtually every religion in modern day America as well as the role of religion in various aspects of U S culture Readers will discover that Americans aren't largely Protestant Catholic or Jewish anymore and that the number of popular religious identities is far greater than many would imagine And although most Americans believe in a higher power the fastest growing identity in the United States is the nones those Americans who elect none when asked about their religious identity thereby demonstrating how many individuals see their spirituality as something not easily defined or categorized The first volume explores America's multicultural communities and their religious practices covering the range of different religions among Anglo Americans and Euro Americans as well as spirituality among Latino African American Native American and Asian American communities The second volume focuses on cultural aspects of religions addressing topics such as film Generation X public sacred spaces sexuality and new religious expressions The new third volume expands the range of topics covered with in depth essays on additional topics such as interfaith families religion in prisons belief in the paranormal and religion after September 11 2001 The fourth volume is devoted to complementary primary source documents

Contesting Islam, Constructing Race and Sexuality Sunera Thobani, 2020-12-10 The current political standoffs of the War on Terror illustrate that the interaction within and between the so called Western and Middle Eastern civilizations is constantly in flux

A recurring theme however is how Islam and Muslims signify the Enemy in the Western socio cultural imagination and have become the Other against which the West identifies itself In a unique and insightful blend of critical race feminist and post colonial theory Sunera Thobani examines how Islam is foundational to the formation of Western identity at critical points in its history including the Crusades the Reconquista and the colonial period More specifically she explores how masculinity and femininity are formed at such pivotal junctures and what role feminism has played in the wars against radical Islam Exposing these symbiotic relationships Thobani explores how the return of religion is reworking the racial gender and sexual politics by which Western society defines itself and more specifically defines itself against Islam Contesting Islam Constructing Race and Sexuality unpacks conventional as well as unconventional orthodoxies to open up new spaces in how we think about sexual and racial identity in the West and the crucial role that Islam has had and continues to have in its development **American Book Publishing Record** R.R. Bowker Company,1978 **The British National Bibliography** Arthur James Wells,2009 **Theories of Race and Racism** Les Back,2002 This comprehensive Reader brings together foundation work in the study of race and ethnicity and writings from many of the most exciting scholars today It is divided into the following main sections origins and transformations sociology race and social theory racism and anti-Semitism colonialism race and the other feminism difference and identity changing boundaries and spaces Each section begins with a brief editorial introduction providing a guide to the readings by historically contextualizing them and relating them to other writings throughout the book Cross national in content historic Forthcoming Books Rose Arny,2003 *The Listener* ,1942-07 Choice ,2002-05 *Books in Print* ,1991 **Xerox College Library Book Program** ,1970

Racial Theories in Social Science Sean Elias, Joe R. Feagin, 2016-04-14 Racial Theories in Social Science A Systemic Racism Critique provides a critique of the white racial framing and lack of systemic racism analysis prevalent in past and present mainstream race theory As this book demonstrates mainstream racial analysis and social analysis more generally remain stunted and uncritical because of this unhealthy white framing of knowledge and evasion or downplaying of institutional structural and systemic racism In response to ineffective social science analyses of racial matters this book presents a counter approach systemic racism theory The foundation of this theoretical perspective lies in the critical insights and perspectives of African Americans and other people of color who have long challenged biased white framed perspectives and practices and the racially oppressive and exclusionary institutions and social systems created by whites over several centuries Sociology ,1982 **The Library Journal** ,2000 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately *Race and Racism* Sami Zubaida, 2018-05-11 Originally published in 1970 Race and Racism aims to bring race discussions into the mainstream of sociological discussion through scrutinizing concepts that defines theoretical issues The book also locates race relation situations in the context of the wider social structure and historical developments

Contributions raise the question of the abuse of biological and sociological theories in justifying social attitudes and policies and address various principles of social stratification that bear on the study of race relations The book also looks at the how no special social categories are required to explain the structure and dynamics of race relations and how the concept of plural society represents a significant theoretical development
