

The background of the cover is a photograph of a forest. It features several large, textured tree trunks in shades of brown and grey. In the foreground, there are bright green, serrated leaves, likely from a maple tree, which are partially obscuring the text. The overall lighting is soft and natural, typical of a forest interior.

Trees And Shrubs Of British Columbia Royal Bc Museum Handbooks:

Trees and Shrubs of British Columbia ,1996 The woody plant flora of British Columbia is rich and diverse In the majestic rain forests of the coast and the expansive grasslands of the interior in river valleys and alpine meadows trees or shrubs usually dominate the plant communities *Trees and Shrubs of British Columbia* is the definitive guide to all native and naturalized species of woody plants in the province It is comprehensive and technically complete yet easy to use T Christopher Brayshaw describes almost 300 species of trees and shrubs as well as many subspecies and varieties Each description is accompanied by beautifully detailed illustrations of leaves flowers fruit and woody parts Effective keys and comparative diagrams aid in identification *Haida Gwaii* Dennis Horwood,2014-06-23 Haida Gwaii ancestral home of the Haida First Nation was once as inaccessible and mysterious as it was beautiful The tight cluster of islands off British Columbia's northwest coast remained virtually untouchable for millennia allowing its people to develop a distinct and exceptional cultural identity that was known and revered across the region Today Haida Gwaii a name that means islands of the people in the Haida language has piqued the interest of world travellers Its magnificent beaches unique flora and fauna and world heritage sites have earned international acclaim Gwaii Haanas National Park in the southern region of the archipelago was named Best National Park in North America by National Geographic Traveler In *Haida Gwaii Islands of the People* the newly updated edition of his bestselling guidebook Dennis Horwood applies his in depth knowledge of the islands geography social history and natural and cultural attractions to equip travellers with everything they need to know about visiting these glorious gems of the Pacific This indispensable guide includes maps regional histories accommodation listings sample itineraries wildlife descriptions recreation tips and sixteen pages of colour photos **Trees and Shrubs in Winter** Rosamund A. Pojar,Evi Coulson,2003 Plants of Vancouver and the Lower Mainland Collin Varner,2003-03-19 This beautifully illustrated book is part of the series of handy pocket sized guides to every plant found in one region This title includes one to four photographs of every species plus illustrations of leaf shapes and tree silhouettes Each plant has a fact sheet with a short description and entries on habitat native use and the best places to find it A fold out map presents the area and shows the major plant zones Unlike most guides this one only includes the species found in the targeted area making it easier for hikers and plant enthusiasts to identify every plant they meet **The Regulation of Peace River** Michael Church,2014-12-31 This book presents a comprehensive overview of the first longitudinal study of the downstream response of a major river to the establishment of a large hydropower facility and dams Peace River a northward flowing boreal river in northwestern Canada was dammed in 1967 and the book describes the morphological response of the 1200 km downstream channel and the response of riparian vegetation to the change in flow regime over the first forty years of regulated flows Beginning with a description of the effect of regulation on the flow and sediment regimes of the river the book proceeds to study changes in downstream channel geometry on the main stem on the lowermost course of tributaries and on the

hydraulic geometry the overall morphology of the channel and riparian vegetation succession The river is subject to annual freeze up and break up so a chapter is devoted to the ice regime of the river A chapter compares the effects of two extraordinary post regulation flood events The penultimate chapter presents a prediction of the ultimate equilibrium form of the regulated river based on rational regime theory An online database of all the main observations will provide invaluable material for advanced students of river hydraulics and geomorphology This book carefully brings together a range of studies that have been previously inaccessible providing a rare and comprehensive analysis of the effects of a big dam on a river a river that itself represents an example of the kind of system that is likely to receive considerable attention in the future from dam engineers and environmentalists An invaluable reference to river scientists hydroelectric power developers engineers and environmentalists Focus on a northward flowing boreal river a type that holds most of the remaining hydroelectric power potential in the Northern Hemisphere Exceptional separation of water and sediment sources permitting study of the isolated effect of manipulating one of the two major governing conditions of river processes and form Unique example of water regulation and both natural and engineered flood flows Detailed study of both morphological changes of the channel and of the riparian vegetation Online data supplement including major data tables and numerous maps Details of the main observations and provides material for problem study by advanced students of river hydraulics and geomorphology are provided

Catkin-bearing Plants of British Columbia T. C. Brayshaw, 1996 Catkin bearing trees and shrubs willows poplars birches alders and other woody plants are an important group in British Columbia They are found almost everywhere in the province often dominating moister plant communities but despite their abundance little is known about them This newly revised edition is the most comprehensive and up to date work on catkin bearing plants in British Columbia All 67 species are described and illustrated with detailed ink drawings by the author and each has a distribution map Diagnostic keys to the families genera and species are also included Catkin Bearing Plants is an essential guide for biologists and naturalists studying forest ecology and useful for anyone interested in trees and shrubs in British Columbia
