Towards Prescribing Practice Towards Prescribing Practice:

Towards Prescribing Practice John McKinnon, 2007-04-09 The variety and number of non medical practitioners identified for prescribing activity is growing rapidly Across the country universities have validated prescribing programmes designed for generic health care practice with a distance learning component *Towards Prescribing Practice* offers readers a comprehensive guide to the principles and practice of prescribing The subject matter relates to the government content standards for study programmes and takes its cue from recent research in prescribing and patient care in practice This book embraces the perennial core principles of prescribing practice management and leadership Content is organised to facilitate progressive learning with space allocated in each chapter to practice application through discussion and exercises The early inclusion of a section on patient centred planning and concordance enables the reader to assimilate new knowledge within an individualised care approach The final three chapters are written from different clinical perspectives mental health palliative care and emergency care providing assistance to specific areas of prescribing practice **Mandell, Douglas, and**

Bennett's Principles and Practice of Infectious Diseases E-Book John E. Bennett, Raphael Dolin, Martin J.
