Berger's slim user friendly volume on academic writing is a gift to linguistically stressed academics. Author of 60 published books the author speaks to junior scholars and graduate students about the process and products of academic writing. He differentiates between business writing skills for memos proposals and reports and the scholarly writing that occurs in journals and books. He has suggestions for getting the turgid out of turgid academic prose and offers suggestions on how to best structure various forms of documents for effective communication. Written in Berger's friendly personal style he shows by example that academics can write good readable prose in a variety of genres. **Writing: A User Manual** David

Hewson, 2012-02-16 You are a writer and you have a killer book idea. When your project starts to take off you will find yourself managing a writhing tangle of ideas possibilities and potential potholes. How do you turn your inspiration into a finished novel? Writing a User's Manual offers practical insight into the processes that go into writing a novel from planning to story development research to revision and finally delivery in a form which will catch the eye of an agent or publisher. David Hewson a highly productive and successful writer of popular fiction with more than sixteen novels in print in twenty or so languages shows how to manage the day to day process of writing. Writers will learn how to get the best out of software and novel writing packages such as Scrivener which help you view your novel not as one piece of text but as individual linked scenes each with their own statistics notes and place within the novel structure. As you write you will need to assemble the main building blocks to underpin your artistry story structure genre and how that affects what you write point of view past present or future tense software for keeping a book journal to manage your ideas research and outlining organization and more.
