Transylvanian Sunrise:

Transylvanian Sunrise Radu Cinamar, 2009-06 This book heralds the most remarkable archaeological find in the annals of Mankind Unbeknownst to most there is an ancient sphinx located in the Bucegi Mountains of Romania In 2003 the Pentagon discovered through the use of satellite technology an anomaly beneath this ancient sphinx Through the highest levels of Freemasonry the Pentagon was able to secure an alliance with the most secret department of the Romanian Intelligence Service which is known as Department Zero Together the Romanians and the Americans utilised the Pentagon's secret technology to penetrate a hidden chamber beneath the sphinx which was otherwise inaccessible to humans What was discovered eventually was a holographic Hall of Records left by an advanced civilisation near three mysterious tunnels leading into the Inner Earth The book chronicles the discovery of these modern day artefacts which represent the dawn of a new era for Mankind Peter Moon is brought into the fold through his friend Dr David Anderson the mysterious scientist who founded the Time Travel Research Center on Long Island and also maintains a similar facility in Romania Recognising that such satellite technology would have had to have utilised Dr Anderson's proprietary space time technology for maintaining satellites in orbit Peter Moon pursues these matters further and accepts Dr Anderson's invitation to Romania where he visits the Romanian Sphinx and learns of a mysterious association between the mysterious time travel scientist and Radu Cinamar Publisher's description
