The Evolution of Consciousness David R. Hawkins, M.D., Ph.D., 2024-10-15 Spiritual teacher and best selling author of Letting Go offers a thorough explanation of the levels of consciousness In this book renowned spiritual teacher Dr David R Hawkins offers an in depth look at each level in the Map of Consciousness and how it relates in general to the whole field of consciousness He also defines what is meant by linear and nonlinear content and context as well as the radical state of subjectivity awareness and consciousness The Map of Consciousness is used to illuminate the understanding of the ego and our programs and how to be free of them As Dr Hawkins explains the Map is not a hierarchy of worthiness but more like a prism that breaks up the light into different colors Spiritual work is making choices that move us up toward the Light In the second half of this book Dr Hawkins explores How to transcend positionalities Why just hearing certain information can be transformational That there is no such thing as nothingness The Progressive Fields of Realization and the theory of evolution How to disassemble the ego The basics of quantum mechanics Throughout Dr Hawkins speaks on the emergence of positive spiritual energy that is dominating the consciousness field of mankind with profound implications for everyone The whole use of this scale the whole use of what we learn from it is merely to support the intention on the part of everyone here to move forward in consciousness and to fulfill the human potential

Pursuing Consciousness Peter Ralston, 2015-03-10 Building on his previous groundbreaking work Peter Ralston once again proves to be a sure footed guide for readers seeking to negotiate the challenging terrain of personal and spiritual growth In accessible language Ralston demonstrates how the lofty goals of self transformation and enlightenment can be achieved with a no nonsense approach available to anyone willing to reach beyond their current experience of self and reality Pursuing Consciousness is a down to earth handbook for staying focused on the work at hand even while tackling such unsettling tasks as investigating deeply ingrained psychological beliefs and identifying common areas of misunderstanding that hamper transformative growth Ralston explains that deeper levels of consciousness aren't just for monks anyone can have an enlightenment experience He shows that enlightenment does not transform the self and transforming the self does not produce enlightenment Once we grasp that these two pursuits take place in entirely different domains of consciousness we can use each to empower the other Ralston provides specific tools for changing the very person that we experience being His work has been acclaimed by people from a diverse range of disciplines including spiritual teachers psychiatrists cognitive scientists physicists and artists As with Ralston's previous works this book points the way to a direct encounter with the true nature of Being and the possibility of real personal change
