Voicing The Vision Imagination And Prophetic Preaching:

Voicing the Vision Linda L. Clader, 2004-01-01 Popular homiletics professor Linda Clader has been helping her students become attentive to how the Holy Spirit is speaking to them and eventually through them to the congregation. In *Voicing the Vision* she shares her ideas about what preachers can do to be open and receptive to the Spirit once the exegesis is done. Clader's approach to inspired and prophetic preaching is a holistic one filled with suggestions about how the preacher's spiritual life and practice affect openness to the Spirit as well as how various creative exercises can create spaces in which the Spirit can flourish. Her careful analysis of the biblical texts that illuminate how the Spirit works in those texts is supplemented by practical suggestions for noticing how the Spirit also works in the everyday life of preacher and congregation. This book will be a welcome companion for the seminarian who is just learning to preach as well as the seasoned preacher who is looking for new inspiration.

Prophetic Preaching Leonora Tubbs Tisdale, 2010-01-01 Where have all the prophets gone? And why do preachers seem to shy away from prophetic witness? Astute preacher Leonora Tisdale considers these vexing questions while providing guidance and encouragement to pastors who want to recommit themselves to the task of prophetic witness. With a keen sensitivity to pastoral contexts, Tisdale's work is full of helpful suggestions and examples to help pastors structure and preach prophetic sermons, considered by many to be one of the most difficult tasks pastors are called to undertake.

The New Interpreter's® Handbook of Preaching, 2010-11-01 The New Interpreter's Handbook of Preaching is a major reference tool for preaching with articles on every facet of Christian sermon preparation and delivery. This resource is both scholarly and practical. It focuses on the most distinctive feature and greatest strength of homiletics as a discipline. It is rooted in interdisciplinary scholarship and it develops theory geared to practice. Its theory arises out of the study of both excellent preaching past and present and actual sermon preparation and composition. When theory and practice critique each other, it is possible to produce guidelines that assist greater excellence and economy in preaching the gospel. Excellence in standards is an area in which homiletics needs to grow and this project will be both a means to encourage and develop it. A guiding question throughout will be: Will it preach? The answers will be offered in the sense that here is something that works well rather than here is something to try. Preachers will turn to this resource with the expectation that they will find scholarly treatment of topics, brief bibliographies of relevant key books and articles along with practical methodological suggestions for preachers to employ. The contributors are homileticians, preachers, and writers in various disciplines who are committed to the pulpit through practice.

[How Women Transform Preaching](#) Leonora Tubbs Tisdale, 2021-04-06 Women preachers are everywhere. The pulpit, once a bastion of male presence and power, has become in many denominations a place where women regularly exercise their gifts, leading congregations and proclaiming God's word each week. The number of women scholars who are publishing and teaching in the field of preaching has also expanded dramatically. Leonora Tubbs Tisdale explores how the presence of women preachers and scholars of preaching has

transformed the practice of homiletics this country from the reclamation of women's herstory in preaching to the topics addressed in preaching and scholarship to the way in which Biblical hermeneutics and theologizing are undertaken in preaching to the imagery illustrations shape and embodiment of the sermons themselves

How Women Transform Preaching begins with a fascinating survey including statistical information and historical analysis Interviewing 16 women preachers homileticians Tisdale shares untold stories of women preachers throughout history who are largely unknown but who serve as examples of both the struggle and power of women's preaching She then tells the stories of contemporary women preachers Throughout Tisdale draws practical lessons for the reader showing what students homileticians and preachers can learn from extraordinary women preachers

Setting the World on Fire Laura R. Dejmek, 2014-08-19 Laypersons receiving a divine call to preach in the Roman Catholic Church may feel caught between a rock and a hard place both figuratively and ecclesiastically They may feel constrained between the Rock of Peter and the hard place of resistance to the preaching gift they believe they have and their desire to share it At first glance the Roman Catholic Church with its two millennia of Sacred Tradition seemingly offers little that favors the inclusion of lay preachers In addition many lay preachers may experience the bias of clergy and assembly members who unconsciously presume there is no role for laity to preach within the Roman Catholic Church Preaching does not occur solely within liturgical settings or only via pulpit preachers All Dominicans as members of the Order of Preachers are called to embody the *Sacra Praedicatio* the Sacred Preaching In fact canon law does permit laity to preach in certain liturgical settings **Setting the World on Fire** details one Roman Catholic woman's experience of her own call to preach the grace and gifts brought to both the preacher and the assembly as well as her desire to help all Dominicans and indeed all Christians embrace their rightful role as preachers

D. Schade, 2019-04-23 *Preaching in the Purple Zone* is a resource for helping the church understand the challenges facing parish pastors while encouraging and equipping preachers to address the vital justice issues of our time. This book provides practical instruction for navigating the hazards of prophetic preaching with tested strategies and prudent tactics grounded in biblical and theological foundations. Key to this endeavor is using a method of civil discourse called deliberative dialogue for finding common values among politically diverse parishioners. Unique to this book is instruction on using the sermon dialogue sermon process developed by the author that expands the pastor's level of engagement on justice issues with parishioners beyond the single sermon. This book equips clergy to help their congregations respectfully engage in deliberation about hot topics, find the values that bind them together, and respond faithfully to God's Word. *Finding Language and Imagery*

Jennifer L. Lord, 2009-11-01 Sermons use words. And though it may seem obvious that preachers should be careful and exacting in word choice, preachers often set aside this aspect of preaching in favor of exegesis, form, and sermonic focus, and make such language work a secondary task. In *Finding Language and Imagery*, Jennifer L. Lord asserts that because language shapes faith, preachers must be disciplined to find fresh words for sermons and to make good choices about both their own words and those borrowed from others. By presenting key tools and terms along with writing exercises, Lord helps users develop both their understanding of language and their skills to capture the religious imagination of their listeners. David Van Brugge, 2025-01-20 In this retrieval study, David Van Brugge addresses how the current understanding of a homiletical use of imagination for expository preaching might be strengthened. The current need for strengthening becomes apparent when the various understandings of imagination and their implications for practical theology are realized. This is compounded as trends in homiletics seem to minimize the imagination or embrace it in modern or postmodern ways. The original contribution of this study is recognizing that the homiletical use of imagination can be strengthened by retrieving the Puritan baroque characteristics of Jonathan Edwards' imagination as evidenced in his sermons to the Stockbridge Indians of 1751-1758. Edwards drew on a rich background to display an imagination that synthesized thoughts and ideas thought beyond the senses and that by the grace of God transformed thought and practice. Through that creative thought, Edwards maintained Biblical exposition and appeal to the affections. Van Brugge further develops and evaluates the idea of Puritan baroque characteristics, concluding that it is a helpful characterization of Edwards' Stockbridge Indian sermons. In these sermons, Edwards imaginatively used imagery, light, space, movement, and glorification for the ultimate goal of directing the affections of his audience towards God. Such a use of imagination for affective purpose becomes a key for the strengthening of a homiletical use of imagination today. *Preaching Words*, John S.

McClure, 2007-01-02 John McClure's *Preaching Words* highlights the most important ideas in homiletics and preaching, offering short explanations of these ideas, what scholars of preaching are saying about them, and how they can help in today's preaching. Topics range from elements of the sermon (introduction, body, and conclusion) to aspects of delivery (types of

preaching in different Christian traditions and theories of preaching **Singing and Suffering with the Servant** David M. Stark, 2022-10-10 The Old Testament is transformed from problem to ally when preachers attend to power at work in ancient and modern contexts by mirroring Second Isaiah's proclamation listening to contemporary servant Israel and learning from African American preaching in context of domination This book analyses the impact of domination on Old Testament proclamation and thus leads to several unique contributions Firstly it reads Second Isaiah as a homiletic model for proclaiming older pre-exilic texts in response to exilic domination Secondly it treats the Old Testament as a rich resource for confronting racism and anti-Semitism through teaching and it introduces contemporary Christian Jewish dialogue in Germany as a model for the Church Lastly it highlights preaching traditions within the African American Church as instructive for formulating an effective Old Testament preaching strategy **The Fully Alive Preacher** Mike Graves, 2006-01-01 Mike Graves begins this book with the question If preaching is intended to enliven the church why is it killing so many ministers His answer Because preaching has become divorced from the vitality and diversity of the preacher's daily life He invites preachers to discover how preaching can be renewing rather than draining **Worship at a Crossroads** Melinda A. Quivik, 2023-04-13 This book calls Protestant churches and the ELCA in particular to a church-wide conversation about racism It is a response to the 2019 book Dear Church by Lenny Duncan a former Lutheran pastor who is Black and who among other reparations calls for changing the church's worship in order to address segregated Sundays Changes in worship affect theological foundations Informed consideration is essential Because entering into life-changing conversations requires vulnerability and commitment this book includes several narratives my life as a White woman and pastor the history of the Black church as defined by Black theologians the development of the liturgical renewal movement and my experiences as a professor navigating worship conflicts as my seminary struggled with financial constraints and a changing student body The seminary conflicts offered me a window into how better to address racism inspired by the example of post WWII German truth telling and how some US Southern states have come to grips with the history of the Jim Crow South described in Susan Neiman's Learning from the Germans This book outlines a way forward for churches in responding to racism by encouraging healthy engagement with contentious relationships as a necessity for healing **Best Advice** William J. Carl III, 2009-02-02 This book gathers a diverse group of leading pastors and preachers and asks them what is your best advice to colleagues in ministry about preaching and being a pastor The responses are full of wisdom and practical advice illuminating and helpful for all who are pastors and preachers This book is a unique window into perspectives on ministry in the twenty-first century It is an ideal book to give to one's pastor or a graduating seminarian It is one pastors will turn to often for inspiration insight and wisdom
