W Yeats Context David Holdeman:

Unlocking the Poetry of W. B. Yeats Daniel Tompsett, 2018-06-13 Unlocking the Poetry of W B Yeats undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art W. B. Yeats in Context David Holdeman, Ben Levitas, 2015-12-17 W B Yeats is a writer who requires and at the same time tests the limits of contextual study More than perhaps any other Irish writer he produced his own context as much as it produced him His cultural and political activities combined with his prolific literary output made an impact that can only be understood by close attention to his words in relation to the times in which he lived W B Yeats in Context maps Yeats world in concise lively essays by distinguished critics and historians The places people themes and intellectual frameworks most important to his development receive close attention as do his artistic influences and the production and reception of his work As a gateway into the study of Yeats this volume offers much new information for both students scholars and anyone interested in the life and times of this enigmatic and influential poet A Handbook of Modernism Studies Jean-Michel Rabaté, 2013-02-26 Featuring the latest research findings and exploring the fascinating interplay of modernist authors and intellectual luminaries from Beckett and Kafka to Derrida and Adorno this bold new collection of essays gives students a deeper grasp of key texts in modernist literature Provides a wealth of fresh perspectives on canonical modernist texts featuring the latest research data Adopts an original and creative thematic approach to the subject with concepts such as race law gender class time and ideology forming the structure of the collection Explores current and ongoing debates on the links between the aesthetics and praxis of authors and modernist theoreticians Reveals the profound ways in which modernist authors have influenced key thinkers and vice versa **The Oxford Handbook of Victorian Poetry** Matthew Bevis, 2013-10 The Oxford Handbook of Victorian Poetry offers an authoritative collection of original essays and is an essential resource for those interested in Victorian poetry and poetics **Reframing Yeats** Charles I. Armstrong, 2013-08-29 Reframing Yeats the first critical study of its kind uses a focus on genre and allusion to engage with a broad range of W B Yeats s writings examining instances of his poetry autobiographical writings criticism and drama Identifying a schism in recent Yeatsian criticism between biographical and formalist methodologies Armstrong s study combines an historicist perspective with close attention to literary form The result is a flexible approach that casts new

light on how Yeats's texts interact with their interpretative frameworks Cognizant of both literary and political history this book presents new interpretations of Yeats's work Not only does it provide fresh readings of texts such as *The Municipal Gallery Re-visited* *Among School Children* and *The Resurrection* but it also raises important new questions concerning Yeats's relationship to Modernism and literary genre *Yeats, Philosophy, and the Occult* Matthew Gibson, Neil Mann, 2016 *Yeats Philosophy and the Occult* collects seven new essays on aspects of Yeats's thought and reading from ancient and modern philosophy and cosmological doctrines mysticism and esoteric thought *Subjectivity and Nationhood in Yeats, Joyce, and Beckett* Matthew Fogarty, 2023-04-01 *Subjectivity and Nationhood in Yeats Joyce and Beckett* Nietzschean Constellations reconceptualises Friedrich Nietzsche's position in the intellectual history of modernism and substantively refigures our received ideas regarding his relationship to these Irish modernists Building on recent developments in new modernist studies the book demonstrates that Nietzsche is a modernist writer and a modernist philosopher by drawing new parallels between his engagement with established philosophical theories and the aesthetic practices that Ezra Pound and T S Eliot identified as quintessentially modernist With specific reference to key Nietzschean philosophemes eternal recurrence the *bermensch* transnationalism cultural paralysis and ethical perspectivism it challenges the longstanding assumption that Yeats who repeatedly acknowledged his admiration for Nietzsche is the most Nietzschean of these Irish modernists While showing how both Joyce and Beckett are in many important ways more Nietzschean than Yeats this interdisciplinary study makes a number of significant and timely contributions to the fields of Irish studies and modernist studies *Divine Cartographies* W. David Soud, 2016-07-01 Recent critical studies of late modernism have explored the changing sense of both history and artistic possibility that emerged in the years surrounding World War II However relatively little attention has been devoted to the impact of poets' theological deliberations on their visions of history and their poetic strategies *Divine Cartographies* God History and Poiesis in W B Yeats David Jones and T S Eliot triangulates key texts as attempts to map theologically driven visions of the relation between history and eternity W David Soud considers several poems of Yeats's final and most fruitful engagement with Indic traditions Jones's *The Anathemata* and Eliot's *Four Quartets* For these three poets working at the height of their powers that project was inseparable from reflection on the relation between the individual self and God it was also bound up with questions of theodicy subjectivity and the task of the poet in the midst of historical trauma Drawing on the fields of Indology theology and history of religions as well as literary criticism Soud explores in depth and detail how in these texts theology is poetics **Heroic Revivals from Carlyle to Yeats** Geraldine Higgins, 2012-08-16 This book reassesses the cultural and political dimensions of the Irish Revival's heroic ideal and explores its implications for the construction of Irish modernity By foregrounding the heroic ideal it shows how the cultural landscape carved out by these writers is far from homogenous *The Poets of Rapallo* Lauren Arrington, 2021 Explores W B Yeats and Ezra Pound's relationship as played out against the backdrop of Mussolini's Italy in the 1920s and 1930s and shows how

Yeats Pound and others in their Italian network developed a late modernist style aimed at effecting world change
