Olsen, 2012-03-05 In distinctive voice and tone cultural commentator Glenn W Olsen presents his latest work on the place of Catholicism in American history Here he clarifies the meaning of American modernity for Catholics and shows the conflicts and tensions confronting the religious person today

On the Road To Emmaus Rev. Fr. Abjar Bahkou, Ph.D., 2011-05-31 this curricula is part of my personal journey I poured my heart and spirit into it It is not a pure theological essay but a blend of experience and theology The fathers of the Church throughout history underlined two important conditions in studying the Bible and writing theology the first is to read the Bible communally within Christ's body the Church The exegesis is an ecclesial task that takes place within the Church and for the Church The second is to read the Bible within the context of practice of prayer worship and spiritual formation The fathers insisted on the connection between spiritual well being life in

the Church and commentary on the Church book I have faithfully endeavored to follow the instructions of the fathers My hope is that the reader of this book or the group that will share this journey will realize that this voyage is the culmination of almost 10 years of daily reflection and analysis of the problems that our teenagers face in their daily lives It is the reply to many prayers and personal devotions Its ultimate purpose is to help our youth build a personal and intimate relationship with our Lord Jesus Christ

Catechism of the Catholic Church and the Craft of Catechesis Pierre De Cointet, Petroc Willey, 2018-08-22 Foreword by Cardinal Christoph Schoenborn The theme of this book is that the Catechism of the Catholic Church perhaps the most important work on catechesis since the Apostolic Age offers not only a new definitive account for our times of the full teaching of the Catholic faith but also that it is a superbly crafted work from which to learn and to teach the faith This book reveals the pedagogy embedded in the Catechism showing every teacher parent catechist or student how to discover the key principles that enable one to learn from and teach from the Catechism The Compendium of the Catechism of the Catholic Church speaks of the wisdom of the presentation of the Catechism and of the depth of its spirituality These points have rarely been explained in any sustained way and have never before been systematically treated The unique point about this book is that it focuses on these points rather than a simple explanation of the content of the Catechism This book offers a pedagogical approach to the Catechism for handing on the faith of the Catholic Church in any setting whether home school and parish It offers perennially valid teaching points drawn from a perennial text and an explanation of the pedagogy of God which underpins all authentic teaching methods in the Church In this way the book offers a twelve step path to recovery out of unhealthy catechetical addictions and obsessions which have bedeviled the catechetical world It is unique in its origin emerging from a catechetical friendship encouraged by Cardinal Sch nborn between three institutions working in an authentic Catholic catechetical tradition The three authors display a deep trust and love for the words of the Catechism of the Catholic Church words that hold a rich heritage and can be pondered lovingly and searchingly since they are for our good for everyone s good

Pilgrims of Christ on the Muslim Road Paul-Gordon Chandler, 2008-10-03 Today s tensions between the Islamic East and Christian West run high Here Paul Gordon Chandler presents fresh thinking in the area of Christian Muslim relations showing how Christ_ whom Islam reveres as a Prophet and Christianity worships as the divine Messiah_ can close the gap between the two religions Historically Christians have taken a confrontational or missionary approach toward Islam leading many Muslims to identify Christianity with the cultural prejudices and hegemonic ambitions of Westerners On the individual level Christ followers within Islam have traditionally been encouraged by Christians to break away from their Muslim communities Chandler boldly explores how these two major religions_ which share much common heritage_ can not only co exist but also enrich each other He illustrates his perspective with examples from the life of Syrian novelist Mazhar Mallouhi widely read in the Middle East Mallouhi a self identified Sufi Muslim follower of Christ seeks to bridge the chasm of misunderstanding between Muslims and Christians through his novels
