Rafael Bernabe

Walt Whitman's Selected Journalism Iowa Whitman Series:

Walt Whitman's Selected Journalism Walt Whitman, 2014 For the first time Walt Whitman's Selected Journalism thematically and chronologically organizes a compelling selection of Whitman's journalism from the late 1830s to the Civil War. It includes writings from the poet's first immersion into the burgeoning democratic culture of antebellum America to the war that transformed both the poet and the nation. Walt Whitman's Selected Journalism covers Whitman's early years as a part-time editorialist and ambivalent schoolteacher between 1838 and 1841. After 1841 it follows his work as a dedicated full-time newspaperman and editor, most prominently at the New York Aurora and the Brooklyn Daily Eagle between 1842 and 1848. After 1848 and up to the Civil War, Whitman's journalism shows his slow transformation from daily newspaper editor to poet.

Walt Whitman's Selected Journalism Walt Whitman, 2015-05-01 Long before he was a celebrated poet, Walt Whitman was a working journalist. By the time he published the first edition of *Leaves of Grass* in 1855, Whitman had edited three newspapers and published thousands of reviews, editorials, and human interest stories in newspapers in and around New York City. Yet for decades, much of his journalism has been difficult to access or even find. For the first time, Walt Whitman's Selected Journalism thematically and chronologically organizes a compelling selection of Whitman's journalism from the late 1830s to the Civil War. It includes writings from the poet's first immersion into the burgeoning democratic culture of antebellum America to the war that transformed both the poet and the nation. Walt Whitman's Selected Journalism covers Whitman's early years as a part-time editorialist and ambivalent schoolteacher between 1838 and 1841. After 1841 it follows his work as a dedicated full-time newspaperman and editor, most prominently at the New York Aurora and the Brooklyn Daily Eagle between 1842 and 1848. After 1848 and up to the Civil War, Whitman's journalism shows his slow transformation from daily newspaper editor to poet. This volume gathers journalism from throughout these early years in his career, focusing on reporting, reviews, and editorials on politics and democratic culture, the arts, and the social debates of his day. It also includes some of Whitman's best early reportage in the form of the short personal pieces he wrote that aimed to give his readers a sense of immediacy of experience as he guided them through various aspects of daily life in America's largest metropolis. Over time, journalism's limitations pushed Whitman to seek another medium to capture and describe the world and the experience of America with words. In this light, today's readers of Whitman are doubly indebted to his career in journalism. In presenting Whitman the journalist in his own words here and with useful context and annotations by renowned scholars, Walt Whitman's Selected Journalism illuminates for readers the future poet's earliest attempts to speak on behalf of and to the entire American republic.

Whitman's Drift Matt Cohen, 2017-07-01 The American nineteenth century witnessed a media explosion unprecedented in human history. New communications technologies seemed to be everywhere, offering opportunities and threats that seem powerfully familiar to us as we experience today's digital revolution. Walt Whitman's poetry reveled in the potentials of his time. See the many cylinder- and steam-powered printing press he wrote. See the electric telegraph

stretching across the Continent from the Western Sea to Manhattan Still as the budding poet learned books neither sell themselves nor move themselves without an efficient set of connections to get books to readers the democratic media saturated future Whitman imagined would have remained warehoused Whitman's works sometimes ran through the many cylinder d steam printing press and were carried in bulk on the strong and quick locomotive Yet during his career his publications did not follow a progressive path toward mass production and distribution Even at the end of his life in the 1890s as his fame was growing the poet was selling copies of his latest works by hand to visitors at his small house in Camden New Jersey Mass media and centralization were only one part of the rich media world that Whitman embraced Whitman's Drift asks how the many options for distributing books and newspapers shaped the way writers wrote and readers read Writers like Whitman spoke to the imagination inspired by media transformations by calling attention to connectedness to how literature not only moves us emotionally but moves around in the world among people and places Studying that literature and how it circulated can help us understand not just how to read Whitman's works and times but how to understand what is happening to our imaginations now in the midst of the twenty first century media explosion Critical Companion to Walt Whitman Charles M. Oliver, 2005 Presents a complete reference to the life and works of Walt Whitman

"This Mighty Convulsion" Christopher Sten, Tyler Hoffman, 2019-11-15 This is the first book exclusively devoted to the Civil War writings of Walt Whitman and Herman Melville arguably the most important poets of the war The essays brought together in this volume add significantly to recent critical appreciation of the skill and sophistication of these poets growing recognition of the complexity of their views of the war and heightened appreciation for the anxieties they harbored about its aftermath Both in the ways they come together and seem mutually influenced and in the ways they disagree Whitman and Melville grapple with the casualties complications and anxieties of the war while highlighting its irresolution This collection makes clear that rather than simply and straightforwardly memorializing the events of the war the poetry of Whitman and Melville weighs carefully all sorts of vexing questions and considerations even as it engages a cultural politics that is never pat Contributors Kyle Barton Peter Bellis Adam Bradford Jonathan A Cook Ian Faith Ed Folsom Timothy Marr Cody Marrs Christopher Ohge Vanessa Steinroetter Sarah L Thwaites Brian Yothers **Walt Whitman** Walt Whitman, Ted Genoways, 2009-11 In 1961 the first volume of Edwin Haviland Miller's The Correspondence was published in the newly established series the Collected Writings of Walt Whitman Miller proceeded to publish five additional volumes of Whitman letters and other leading scholars including Roger Asselineau compiled accompanying volumes of prose poems and daybooks Yet by the late 1980s the Whitman Collected Writings project was hopelessly scattered fragmented and incomplete Now more than forty years after the inaugural volume's original publication Ted Genoways brings scholars the latest volume in Walt Whitman The Correspondence Incorporating all of the letters Miller had collected before his death in 2001 and combining them with more than a hundred previously unknown letters he himself gathered Genoways's volume is a perfect

accompaniment to Miller's original work. Among the more than one hundred fifty letters collected in this volume are numerous correspondences concerning Whitman's Civil War years including a letter sending John Hay the personal secretary to Abraham Lincoln a manuscript copy of "O Captain My Captain." Additional letters address various aspects of the production of *Leaves of Grass* the most notable being an extensive correspondence surrounding the Deathbed Edition gathered by Whitman's friend Horace Traubel and reproduced here for the first time. Most significantly this volume at last incorporates Whitman's early letters to Abraham Paul Leech first published by Arthur Golden in *American Literature* in 1986. The revelations contained in these letters must be considered among the most important discoveries about Whitman's life made during the last half of the twentieth century. Regardless of whether their significance is great or small immediate or long term each new piece of Whitman's correspondence returns us to a particular moment in his life and suggests the limitless directions that remain for Whitman scholarship.

A Political Companion to Walt Whitman John E. Seery, 2011-01-28

Wonderful a timely invitation to political and social theorists to take seriously this imaginative man who solicited us to think and sing democracy. Bonnie Honig, author of *Emergency Politics*. The works of Walt Whitman have been described as masculine feminine postcolonial homoerotic urban organic unique and democratic yet arguments about the extent to which Whitman could or should be considered a political poet have yet to be fully confronted. Some scholars disregard Whitman's understanding of democracy insisting on separating his personal works from his political works. *A Political Companion to Walt Whitman* is the first full length exploration of Whitman's works through the lens of political theory. Editor John E. Seery and a collection of prominent theorists and philosophers uncover the political awareness of Whitman's poetry and prose analyzing his faith in the potential of individuals his call for a revolution in literature and political culture and his belief in the possibility of combining heroic individualism with democratic justice. *A Political Companion to Walt Whitman* reaches beyond literature into political theory revealing the ideology behind Whitman's call for the emergence of American poets of democracy. Exceptionally rich and intellectually exciting. Choice

Walt Whitman and His Caribbean Interlocutors:
José Martí, C.L.R. James, and Pedro Mir Rafael Bernabe, 2021-07-05

Walt Whitman and His Caribbean Interlocutors Jos Mart C L R James and Pedro Mir explores the writings of Whitman 1819-1892 and of three Caribbean authors who engaged with them the Cuban poet essayist and revolutionary Jos Mart 1853-1895 the Trinidadian activist historian and cultural critic C L R James 1901-1989 and the Dominican poet Pedro Mir 1913-2000. Whitman and his Caribbean interlocutors are discussed against the background of the contradictions of capitalist modernity as exemplified by the United States between the 1840s and the 1940s. Marx's exploration of the liberating and oppressive dimensions of capitalist expansion frames the discussion of each author and of Mart's James's and Mir's responses to Whitman and more generally to North American capitalist and industrial civilisation and its imperial projections.

Treason to Whiteness is Loyalty to Humanity Noel Ignatiev, 2022-06-28

For sixty years Noel Ignatiev provided an unflinching account of whiteness a social fiction and an unmitigated disaster for all

working class people This new essay collection from the late firebrand covers the breadth of his life and insights as an autodidact steel worker a groundbreaking theoretician and a bitter enemy of racists everywhere In these essays Ignatiev confronts the Weather Underground and recounts which strategies proved most effective to winning white workers in Gary Indiana to black liberation He discovers the prescient political insights of the nineteenth century abolition movement surveys the wreckage of the revolutionary twentieth century with C L R James and attends to the thorny and contradictory nature of working class consciousness Through it all our attentions are turned to the everyday life of ordinary people whose actions anticipate a wholly new society they have not yet recognized or named In short Ignatiev reflects on the incisive questions of his time and ours How can we drive back the forces of racism in society How can the so called white working class be won over to emancipatory politics How can we build a new human community The Oxford Handbook of Walt Whitman
,2024-01-17 More than a century after his death Walt Whitman remains a fresh phenomenon Startling discoveries and massive transcription efforts are enabling new insights into his life and achievements In the past few years new breakthroughs have proliferated including the publication of a long lost Whitman novel Jack Engle along with a hitherto unknown health guide for urban men and previously undiscovered poems Myriad other documents have become more readily available including largely unmined troves of journalism narrative and documentary prose and experimental note keeping Leaves of Grass and Whitman s literary life as a whole are thus ripe for reconsideration The Oxford Handbook of Walt Whitman embraces this expanded view of Whitman and charts new pathways in Whitman Studies by bringing in new perspectives methods and contexts

Immerse yourself in the artistry of words with is expressive creation, Discover the Artistry of **Walt Whitmans Selected Journalism Iowa Whitman Series** . This ebook, presented in a PDF format (Download in PDF: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
