Walter Benjamin Selected Writings Volume 1 1913 1926:

Selected Writings: 1913-1926 Walter Benjamin, 1996 Even as a young man Benjamin possessed astonishing intellectual range and depth His topics here include poetry and fiction drama philosophy history religion love violence morality mythology painting and much more *Selected Writings: 1913-1926* Walter Benjamin, 1996 **Walter Benjamin** Walter Benjamin, 1996 **Selected Writings** Walter Benjamin, 2004 In the final years of the Weimar Republic Benjamin emerged as the most original public intellectual in the German speaking world Here Benjamin is represented by two of his greatest literary essays Surrealism and On the Image of Proust as well as by an article on Goethe and a selection of his wide ranging commentary for German newspapers **Selected writings Walter, Benjamin Volume 1. 1913-1926** Walter Benjamin, 2002 **Walter Benjamin's Antifascist Education** Tyson E. Lewis, 2020-02-01 Walter Benjamin's Antifascist Education is the first comprehensive analysis of educational themes across the entirety of the critical theorist's diverse writings Starting with Benjamin's early reflections on teaching and learning Tyson E Lewis argues that the aesthetic and cultural forms to which Benjamin so often turned namely radio broadcasts children's theatrical productions collections cityscapes public cinemas and word games swell with educational potentialities What emerges from Lewis's reading is a constellational curriculum composed of minor practices such as poor teaching absentminded learning and nondurational studying This curriculum carries political significance offering an antidote to past and present forms of fascist manipulation hardness and coldness Walter Benjamin's Antifascist Education is a testimony to Benjamin's belief that everyone is an educator and everyone needs to be educated and everything is education *Catastrophe and Survival: Walter Benjamin and Psychoanalysis* Elizabeth Stewart, 2013-03-14 Shows how Benjamin's thoughts regarding the individual's experience of the material world make significant contact with post Freudian psychoanalytic theory Elizabeth Stewart is Associate Professor of English Yeshiva University New York USA She teaches courses in European modernism post colonial literature literature and philosophy and literary and cultural theory She is the translator and editor of Lacan in the German Speaking World SUNY 2004 Citation and Precedent Thomas Oliver Beebee, 2014-03-27 Among Western literatures only the German speaking countries can boast a list of world class writers such as Goethe Hoffmann Kleist Kafka Schmitt and Schlink who were trained as legal scholars Yet this list only hints at the complex interactions between German law and literature It can be supplemented for example with the unique interventions of the legal system into literature ranging from attempts to save literature from the tidal wave of Schund pulp fiction in the early twentieth century to audiences suing theaters over the improper production of classics in the twenty first The long list of instances where German literature cites law or where German law serves literature as a precedent signal the dream of German culture of a unity of interests and objectives between spheres of activity Yet the very vitality of this dream stems from real historical and social processes that increasingly autonomize and separate these domains from each other Beebee examines the history of this dialectical tension
