Wandering Stars Contending For The Faith With The New Apostles And Prophets:

Wandering Stars Keith Gibson, 2011-12 It is a serious thing to claim to speak for God So serious in fact that a prophet who claimed to speak for God and whose words did not come to pass was to be put to death according to the Old Testament God takes both His Name and His word so seriously that He gave some of the harshest rebukes in all the Old Testament to those who were claiming to bring revelation from Him that He had not sent One final note There is always the temptation when dealing with a subject of this nature to pull out the most outlandish quotes in an attempt to make one's point more forcefully Though it is certain that some will feel that this is exactly what has been done I have attempted to resist this temptation While an extreme example has occasionally been used in order to demonstrate how heretical the movement is at its fringes for the most part I have attempted to use quotes from those considered more mainstream within the apostolic and prophetic movement It is my desire to demonstrate that the issues addressed in this book are rampant within the community and not isolated in one or two marginal teachers It is my sincere prayer that this book will be used in some small measure to awaken the church to the seriousness of the errors being propagated within the apostolic prophetic movement and to call the church back to the truth Keith Gibson *False Teachings and Divisive Movements* Steve Urick, 2013-12-16 Within the realm of professing Christendom many false teachings and divisions exist This is because people often fail to study or properly discern sound Bible doctrine They then follow after charismatic or dogmatic teachers who have misinterpreted or rejected God's Word *False Teachings and Divisive Movements* looks at several false teachings and movements some formed recently and some not so recent that exists within many churches today If you ever wonder why there is so much disagreement between professing Christians or question various religious teachings and movements this book will shed light on these matters and help clear up any confusion you might have
