Feminist City Leslie Kern, 2020-07-07 Feminist City is an ongoing experiment in living differently living better and living more justly in an urban world We live in the city of men Our public spaces are not designed for female bodies There is little consideration for women as mothers workers or carers The urban streets often are a place of threats rather than community Gentrification has made the everyday lives of women even more difficult What would a metropolis for working women look like A city of friendships beyond Sex and the City A transit system that accommodates mothers with strollers on the school run A public space with enough toilets A place where women can walk without harassment In Feminist City through history personal experience and popular culture Leslie Kern exposes what is hidden in plain sight the social inequalities built into our cities homes and neighborhoods Kern offers an alternative vision of the feminist city Taking on fear motherhood friendship activism and the joys and perils of being alone Kern maps the city from new vantage points laying out an intersectional feminist approach to urban histories and proposes that the city is perhaps also our best hope for shaping a new urban future It is time to dismantle what we take for granted about cities and to ask how we can build more just sustainable and women friendly cities together

Flâneuse Lauren Elkin, 2017-02-28 FINALIST FOR THE PEN DIAMONSTEIN SPIELVOGEL AWARD FOR THE ART OF THE ESSAY A New York Times Notable Book of 2017 The flâneur is the quintessentially masculine figure of privilege and leisure who strides the capitals of the world with abandon But it is the flâneuse who captures the imagination of the cultural critic Lauren Elkin In her wonderfully gender bending new book the flâneuse is a determined resourceful individual keenly attuned to the creative potential of the city and the liberating possibilities of a good walk Virginia Woolf called it street haunting Holly Golightly epitomized it in Breakfast at Tiffany's and Patti Smith did it in her own inimitable style in 1970s New York Part cultural meander part memoir Flâneuse takes us on a distinctly cosmopolitan jaunt that begins in New York where Elkin grew up and transports us to Paris via

Venice Tokyo and London all cities in which she s lived We are shown the paths beaten by such fl neuses as the cross dressing nineteenth century novelist George Sand the Parisian artist Sophie Calle the wartime correspondent Martha Gellhorn and the writer Jean Rhys With tenacity and insight Elkin creates a mosaic of what urban settings have meant to women charting through literature art history and film the sometimes exhilarating sometimes fraught relationship that women have with the metropolis Called deliciously spiky and seditious by The Guardian Fl neuse will inspire you to light out for the great cities yourself
