Gillian Bradshaw

Waiting Through Winter:

Women in Waiting in the Westward Movement Linda S. Peavy, 1994 Looks at the lives of the homebound wives of Western pioneers

In Winter's Eye Wallace Collins, 2001-03-07 My endeavor here is to validate and document In Winters Eye what causes me to reflect and try to recapture in retrospect my experiences events propelled then by my pervasive apprehension of frost This symbolic cold weather chills me to the bone In Winters Eye which has now resurfaced in this brooding but stark and detail reality Yet though the metaphorical winter weather doesnt bother me that much anymore but when I accidentally get onto that slippery patch of racial black ice that camouflages the asphalt Thru way as passable then it would hit on my wheels and send me careening into a chaotic irrational verbal spin My meeting with that icy patch on lifes roadway to somewhere or nowhere for that matter freewheels my sense of direction as it throws me off my intended course of normal human progress after which I would struggle to maintain control of myself and the vehicle of my life I am driving down the road if not to somewhere in the future but to obliterate the past where my wheels would swerve and skid helter skelter luckily into the shoulder of the Thru way for my ultimate survival It became a necessity for me then after meeting head on the pronounced differences intoned by the assonant and dissonant sounds that racial preference plays out with acrimony compared with the personal autonomy of my parent culture and the restrictions based on race in anothers My endeavor to be accepted by my peers saw me struggle to adapt and to assimilate the new culture I enter of which I wrote about In Winters Eye or simply to remain not just as an entity but preferably that of a functional individual as in the following It is in such an ethnic arena that one jazz dance to the subtle tempo from the racial nuances afoot as one tries to keep time to that unique racial beat sufficient to make one assess ones common experiences with others keeping in mind meanwhile how it was in the countries I lived and traveled over the years In the fall of 1967 it was not a dream I had awakened from and found myself living a life akin to that of a spectator perched on a ledge in the balcony gawking at the happenings taking place below in the arena My consciousness held sway as I ogled at the vibrant milieu of racial politics happening then in my New York I was not dreaming either when I found myself living in an apartment in Corona Queens as it was my natural evolvment within the trajectory of my migratory path to the Big Apple Neither was I having an out of body experience that spirited me from Jamaica to London then whisked me off to Toronto on a tidal wave and finally being carried aloft by a big silver bird that landed me in the New York slab dab in the middle of the Civil Rights struggle It was a vast struggle then and remains so today though on a higher level as still a living breathing a phenomenon that in the 1960 s had elicited a mad rush of water to ooze from fire hoses manned by assiduous if not sadistic law and order protagonists that swept their fellow American brethren off their feet and tossed them several yards from the offending fray
