Walk In Hell The Great War Book :

Breakthroughs (The Great War, Book Three) Harry Turtledove, 2006-07-25 Anyone who loves history will love what Harry Turtledove can do with it Larry Bond New York Times bestselling author of Day of Wrath Is it the war to end all wars or war without end What began as a conflict in Europe when Germany unleashed a lightning assault on its enemies soon spreads to North America as a long simmering hatred between two independent nations explodes in bloody combat Twice in fifty years the Confederate States of America had humiliated their northern neighbor Now revenge may at last be at hand Turtledove has proved he can divert his readers to astonishing places He s developed a cult following over the years and if you ve already been there done that will real history novelists Patrick O Brian Dorothy Dunnett or George MacDonald Fraser for your Next Big Enthusiasm you might want to try Turtledove I know I d follow his imagination almost anywhere San Jose Mercury News

American Front (The Great War, Book One) Harry Turtledove, 2006-09-19 This is state of the art alternate history nothing less Publishers Weekly starred review When the Great War engulfed Europe in 1914 the United States and the Confederate States of America bitter enemies for five decades entered the fray on opposite sides the United States aligned with the newly strong Germany while the Confederacy joined forces with their longtime allies Britain and France But it soon became clear to both sides that this fight would be different that war itself would never be the same again For this was to be a protracted global conflict waged with new and chillingly efficient innovations the machine gun the airplane poison gas and trench warfare Across the Americas the fighting raged like wildfire on multiple and far flung fronts As President Theodore Roosevelt rallied the diverse ethnic groups of the northern states Irish and Italians Mormons and Jews Confederate President Woodrow Wilson struggled to hold together a Confederacy still beset by ignorance prejudice and class divisions And as the war thundered on southern blacks oppressed for generations found themselves fatefully drawn into a climactic confrontation

The Big Switch (The War That Came Early, Book Three) Harry Turtledove, 2012-06-26 In 1941 Winston Churchill was Hitler s worst enemy Then a Nazi secret agent changed everything What if Neville Chamberlain instead of appeasing Hitler had stood up to him in 1938 Enraged Hitler reacts by lashing out at the West promising his soldiers that they will reach Paris by the new year Instead three years pass and with his genocidal apparatus not fully in place Hitler barely survives a coup while Jews cling to survival and England and France wonder whether the war is still worthwhile The stage is set for World War II to unfold far differently from the history we know courtesy of Harry Turtledove wizard of what if in the continuation of his thrilling series The War That Came Early Through the eyes of characters ranging from a brawling American serving with the Abraham Lincoln Brigade in Spain to a woman who has seen Hitler s evil face to face The Big Switch rolls relentlessly forward into 1941 As the Germans and their Polish allies slam into the gut of the Soviet Union in the west Japan pummels away in the east Meanwhile in the trenches of France French and Czech forces are outmanned but not outfought by their Nazi enemy Then the stalemate is shattered In England Winston Churchill dies

suddenly leaving the gray men wondering who their real enemy is And as the USSR makes peace with Japan the empire of the Rising Sun looks westward its war with America about to begin *Upsetting the Balance (Worldwar, Book Three)* Harry Turtledove, 2002-01-08 Russia Communist China Japan Nazi Germany the United States they began World War II as mortal enemies But suddenly their only hope for survival never mind victory was to unite to stop a mighty foe one whose frightening technology appeared invincible Far worse beings than the Nazis were loose From Warsaw to Moscow to China's enemy occupied Forbidden City the nations of the world had been forced into an uneasy alliance since humanity began its struggle against overwhelming odds In Germany where the banshee wail of hostile jets screamed across the land caches of once forbidden weapons were unearthed and unthinkable tactics were employed against the enemy Brilliantly innovative military strategists confronted challenges unprecedented in the history of warfare Even as lack of fuel forced people back to horse and carriage physicists worked feverishly to create the first nuclear bombs with horrifying results City after city joined the atomic pyre as the planet erupted in fiery ruins Yet the crisis continued on land sea and in the air as humanity writhed in global combat The tactics of daredevil guerrillas everywhere became increasingly ingenious against a superior foe whose desperate retaliation would grow ever more fearsome No one had ever put the United States or the world in such deadly danger But if the carnage and annihilation ever stopped would there be any pieces to pick up *Walk in Hell (The Great War, Book Two)* Harry Turtledove, 2006-07-25 Harry Turtledove is probably the best known practitioner of alternate history working today American Heritage The year is 1915 and the world is convulsing Though the Confederacy has defeated its northern enemy twice this time the United States has allied with the Kaiser In the South the freed slaves fueled by Marxist rhetoric and the bitterness of a racist nation take up the weapons of the Red rebellion Despite these advantages the United States remains pinned between Canada and the Confederate States of America so the bloody conflict continues and grows Both presidents Theodore Roosevelt of the Union and staunch Confederate Woodrow Wilson are stubbornly determined to lead their nations to victory at any cost *The Victorious Opposition (American Empire, Book Three)* Harry Turtledove, 2004-04-27 A colossal and brilliant saga This novel may be the strongest and most compelling since the opener *How Few Remain* Publishers Weekly starred review Seventy years have passed since the first War Between the States Jake Featherston leader of the ruling Freedom Party has won power in the South and is taking his country and the world to the edge of an abyss Charismatic and shrewd he is whipping the Confederate States into a frenzy of hatred Blacks are being rounded up and sent to prison camps and the persecution has just begun As the North stumbles through a succession of leaders Featherston is feeling his might With the U S A locked in a bitter bloody occupation of Canada facing an intractable rebellion in Utah and fatigued from a war in the Pacific against Japan Featherston may pursue one dangerous proposition above all that he can defeat the U S A in an all out war Praise for *The Victorious Opposition* Turtledove's *Great War American Empire* series is an epic achievement a meticulously worked out alternate history of the twentieth century's great two act

tragedy Bravo A fine performance by a master craftsman S M Stirling author of *Island in the Sea of Time* Anyone who loves history will love what Harry Turtledove can do with it Larry Bond New York Times bestselling author of *Red Phoenix* In the Balance (Worldwar, Book One) Harry Turtledove,2002-01-08 Suppose Roosevelt Stalin Churchill Hitler and Hirohito had united to conquer an even greater foe No one could top their power not the Germans not the Japanese not the Russians not the United States From Pearl Harbor to panzers rolling through Paris to the Siege of Leningrad and the Battle of Midway war seethed across the planet as flames of destruction rose higher and hotter And then suddenly the real enemy came The invaders seemed unstoppable their technology far beyond human reach And never before had men been more divided For Jew to unite with Nazi American with Japanese and Russian with German was unthinkable But the alternative was even worse As the fate of the world hung in the balance slowly painfully humankind took up the shocking challenge **West and East (The War That Came Early, Book Two)** Harry Turtledove,2011-05-24 What if British prime minister Neville Chamberlain had defied Hitler What if the Munich Accord had gone unsigned and Nazi Germany had launched its bid for conquest sooner How would World War II have unfolded and with what consequences Dean of alternate history Harry Turtledove has the stunning answers in his breathtaking sequel to Hitler's War In the wake of Hitler's bold invasion of Czechoslovakia nations turn against nations old enemies form new alliances and ordinary men and women confront extraordinary life and death situations An American marine falls in love with a Russian dancer in Japanese held Singapore as Chinese guerilla resistance erupts A sniper on the frontlines of France finds a powerful new way to ply his deadly art while a German assassin hunts him In the icy North Atlantic as a U boat with a secret weapon wreaks havoc on British ships occupying Nazi forces target Denmark And in Germany a stranded American woman encounters Hitler himself as a Jewish family faces the rising tide of hatred From Siberia to Spain armies clash sides are chosen new weapons raise the deadly ante and new strategies seek to break a growing stalemate But one question hangs over the conflict from West to East What will it take to bring America into this war *Last Orders (The War That Came Early, Book Six)* Harry Turtledove,2014-07-15 History is changed by one small act In an extraordinary saga of nations locked in war master storyteller Harry Turtledove examines a very different World War II one which erupts eleven months earlier and over Czechoslovakia rather than Poland Now comes the final installment in this landmark series Hitler's Plan A was to win in a hurry striking hard and deep into France There was no Plan B Now the war grinds on Countries have been forced into strange alliances The Nazis fortify thin lines with Hungarian and Romanian troops England finding its footing after the suspicious death of Winston Churchill and a coup d tat fights back in Europe and on the seas of the North Atlantic Jews fight on both sides of the war in secret in German uniform openly in Spain France and Russia Into the standoff come new killing tools from tanks to bazookas In the Pacific Japan prepares bombs filled with macabre biological concoctions to be dropped on Hawaii For the U S the only enemy is Japan as there has been no casus belli for America in Europe Then Hitler becomes desperate and declares war on the United

States But is it too late His own people are rising up in revolt The German military may have to put down the violence even perhaps bomb its own cities In this epic drama real men and women are shaped by the carnage and their individual acts in turn shape history Drawing on the gritty personal reality of war and on a cast of unforgettable characters Harry Turtledove has written an alternate history that intrigues fascinates and astounds Praise for Last Orders From our perspective seventy years later we re accustomed to thinking of WWII s outcome as being inevitable Not so says Harry Turtledove Disdaining broad brush strokes Turtledove s focus on the characters serves to fill out the big picture with patient nitty gritty detail It s all quite plausible Armchair warriors will have much to ponder Kirkus Reviews Praise for Harry Turtledove If you like alternate histories you re going to like this series a lot The San Diego Union Tribune Turtledove is the standard bearer for alternate history USA Today Coup d Etat This is what alternative history is all about Historical Novel Society The Big Switch The Hugo Award winner continues to delight in exploring the world of what if Library Journal West and East There s plenty to satisfy fans of military strategy tactics and armaments Publishers Weekly Hitler s War Turtledove is always good but this return to World War II is genuinely brilliant The characterizations in particular bring the book to extraordinary life Booklist

Krispos Rising (The Tale of Krispos, Book One) Harry Turtledove, 2008-12-30 Videssos was beset by enemies abroad and had fallen into decadence at home But on his first night in the imperial capital The Empire s health mattered less to Krispos than finding a dry place to sleep Driven by crushing taxes from the farm where his family had lived and died Krispos had come to the city seeking what fortune a good mind and a strong back could earn He had a single goldpiece to his name the gift years past of a nomad chieftain to a ragged peasant boy Now though the night was raw and the inn was warm he was loath to spend that coin for the barbarian had claimed it carried magic Keep his lucky goldpiece or trade it for a warm dry bed Krispos tucked the coin away and stepped back into the wet streets all unaware that so simple a choice would lead to a world of peril and possibility
