To Be A Slave In Brazil 1550 1888:

To be a Slave in Brazil, 1550-1888 Kátia M. de Queirós Mattoso, 1986 This book was published originally in French in 1979 and in Portuguese in 1982 Written without scholarly footnotes for a general readership it is a deceptively simple book direct in its presentation lacking a specialized jargon and organized in an imaginative and interesting way But it also is a volume that reflects some of the most recent and innovative research on the question of slavery Putting aside the somewhat arid debate over the feudal or capitalist nature of the slave mode of production and the political aspects of the movement for abolition *To Be a Slave in Brazil* presents an overview of Brazilian slavery which reflects the trend toward study of the slave community religion the family and other features of the internal aspects of slavery Foreword

The Abolition of Slavery in Brazil David Baronov, 2000-06-30 The persistence of a raced based division of labor has been a compelling reality in all former slave societies in the Americas One can trace this to nineteenth century abolition movements across the Americas which did not lead to and were not intended to result in a transition from race based slave labor to race neutral wage labor for former slaves Rather the abolition of slavery led to the emergence of multi racial societies wherein capital labor relations were characterized by new forms of extra market coercion that were explicitly linked to racial categories Post slavery Brazilian society is a classic example of this pattern Working within the context of the origin of the wage labor category in classical political economy Baronov begins by questioning the central role of wage labor within capitalist production through an examination of key works by Smith Ricardo and Marx as well as the historical conditions informing their analyses The study then turns to the specific case of Brazil between 1850 1888 comparing the abolition of slavery in three Brazilian regions the northeast sugar region the Paraíba Valley and Western São Paulo Through this analysis Baronov provides a critique of the dominant interpretation of abolition as a transition from slave labor to wage labor and suggests an alternative interpretation that places a greater emphasis on the role of non wage labor forms and extra market factors in the shaping of the post slavery social order

Isabel Orleans-Bragança James McMurtry Longo, 2007-12-12 This is a biography of Isabel Orleans Bragança daughter of the last emperor of Brazil At a time when the voices of women went mostly unheard Orleans Bragança was a skilled and vocal politician She was also a determined abolitionist committed to peacefully ending slavery in the country that first introduced slavery to America Thrust into the political spotlight after the death of her two brothers and illness of her father Orleans Bragança became acting head of state just as revolution was sweeping the country She soon found herself in a race to save the constitutional government and free the nation's slaves before a coup d'état ended her time in power

Black Crescent Michael A. Gomez, 2005-03-21 Beginning with Latin America in the fifteenth century this book first published in 2005 is a social history of the experiences of African Muslims and their descendants throughout the Americas including the Caribbean The record under slavery is examined as is the post slavery period into the twentieth century The experiences vary arguably due to some extent to the Old World context Muslim revolts in Brazil are also

discussed especially in 1835 by way of a nuanced analysis The second part of the book looks at the emergence of Islam among the African descended in the United States in the twentieth century with successive chapters on Noble Drew Ali Elijah Muhammad and Malcolm X with a view to explaining how orthodoxy arose from varied unorthodox roots *Brazilian-African Diaspora in Ghana* Kwame Essien, 2016-10-01 *Brazilian African Diaspora in Ghana* is a fresh approach challenging both pre existing and established notions of the African Diaspora by engaging new regions conceptualizations and articulations that move the field forward This book examines the untold story of freed slaves from Brazil who thrived socially culturally and economically despite the challenges they encountered after they settled in Ghana Kwame Essien goes beyond the one dimensional approach that only focuses on British abolitionists funding of freed slaves resettlements in Africa The new interpretation of reverse migrations examines the paradox of freedom in discussing how emancipated Brazilian Africans came under threat from British colonial officials who introduced stringent land ordinances that deprived the freed Brazilian Africans from owning land particularly Brazilian land Essien considers anew contention between the returnees and other entities that were simultaneously vying for control over social political commercial and religious spaces in Accra and tackles the fluidity of memory and how it continues to shape Ghana s history The ongoing search for lost connections with the support of the Brazilian government inspiring multiple generations of Tabom offspring of the returnees to travel across the Atlantic and back especially in the last decade illustrates the unending nature of the transatlantic diaspora journey and its impacts *The Cambridge World History: Volume 7, Production, Destruction and Connection, 1750-Present, Part 2, Shared Transformations?* J. R. McNeill, Kenneth Pomeranz, 2015-04-16 Since 1750 the world has become ever more connected with processes of production and destruction no longer limited by land or water based modes of transport and communication Volume 7 of the Cambridge World History series divided into two books offers a variety of angles of vision on the increasingly interconnected history of humankind The second book questions the extent to which the transformations of the modern world have been shared focusing on social developments such as urbanization migration and changes in family and sexuality cultural connections through religion science music and sport ligaments of globalization including rubber drugs and the automobile and moments of particular importance from the Atlantic Revolutions to 1989 *Slavery in the Development of the Americas* David Eltis, Frank D. Lewis, Kenneth L. Sokoloff, 2004-03-29 *Slavery in the Development of the Americas* brings together work from leading historians and economic historians of slavery The essays cover various aspects of slavery and the role of slavery in the development of the southern United States Brazil Cuba the French and Dutch Caribbean and elsewhere in the Americas Some essays explore the emergence of the slave system and others provide important insights about the operation of specific slave economics There are reviews of slave markets and prices and discussions of the efficiency and distributional aspects of slavery Perspectives are brought on the transition from slavery and subsequent adjustments and the volume contains the work of prominent scholars many of whom have been pioneers in the study of slavery in the Americas

Latin America and the Origins of Its Twenty-First Century Michael Monteón, 2009-12-30 Latin American societies were created as pre industrial colonies that is peoples whose cultures and racial makeup were largely determined by having been conquered by Spain or Portugal In all these societies a colonial heritage created political and social attitudes that were not conducive to the construction of democratic civil societies And yet Latin America has a public life not merely governments but citizens who are actively involved in trying to improve the lives and welfare of their populations Monteón focuses on the relation of people s lifestyles to the evolving pattern of power relations in the region Much more than a basic description of how people lived this book melds social history politics and economics into one creating a full picture of Latin American life There are two poles or markers in the narrative about people s lives the cities and the countryside Cities have usually been the political and cultural centers of life from the conquest to the present Monteón concentrates on cities in each chronological period allowing the narrative to explain the change from a religiously centered life to the secular customs of today from an urban form organized about a central plaza and based on walking to one dominated by the automobile and its traffic Each chapter relates the connections between the city and its countryside and explains the realities of rural life Also discussed are customs diets games and sports courting and marriage and how people work **Atlantic History** Jack P. Greene, Philip D. Morgan, 2008-12-31 This title offers an incisive look at how interpretations of the Atlantic world have changed over time and from a variety of national perspectives This volume discusses key areas of the Atlantic world including the British Dutch French Iberian and African Atlantic as well as the movement of ideas peoples and goods The Atlantic World Thomas Benjamin, 2009-02-16 A comprehensive history of the interactions and exchanges between Europe Africa and the Americas between 1400 and 1900
