Authorities in postrevolutionary Cuba worked to establish a binary society in which citizens were either patriots or traitors This all or nothing approach reflected in the familiar slogan patria o muerte fatherland or death has recently been challenged in protests that have adopted the theme song patria y vida fatherland and life a collaboration by exiles that predictably has been banned in Cuba itself Lillian Guerra excavates the rise of a Soviet advised Communist culture controlled by state institutions and the creation of a multidimensional system of state security whose functions embedded themselves into daily activities and individual consciousness and reinforced these binaries But despite public performance of patriotism the life experience of many Cubans was somewhere in between Guerra explores these in between spaces and looks at Cuban citizens complicity with authoritarianism leaders exploitation of an earnest anti imperialist nationalism and the duality of an existence that contains elements of both support and betrayal of a nation and of an ideology *A History of the Cuban Revolution* Aviva Chomsky, 2015-02-02 A fully revised and updated new edition of a concise and insightful socio historical analysis of the Cuban revolution and the course it took over five and a half decades Now available in a fully revised second edition including new material to add to the book's coverage of Cuba over the past decade under Raul Castro All of the existing chapters have been updated to reflect recent scholarship Balances social and historical insight into the revolution with economic and political analysis extending into the twenty first century Juxtaposes U S and Cuban perspectives on the historical impact of the revolution engaging and debunking the myths and preconceptions surrounding one of the most formative political events of the twentieth century Incorporates more student friendly features such as a timeline and glossary *Only the Road / Solo el Camino* Margaret Randall, 2016-09-22 Featuring the work of more than fifty poets writing across the last eight decades Only the Road Solo el Camino is the most complete bilingual anthology of Cuban poetry available to an English readership It is distinguished by its stylistic breadth and the diversity of its contributors who come from throughout Cuba and its diaspora and include luminaries lesser known voices and several Afro Cuban and LGBTQ poets Nearly half of the poets in the collection are women Only the Road paints a full and dynamic picture of modern Cuban life and poetry highlighting their unique features and idiosyncrasies the changes across generations and the ebbs and flows between repression and freedom following the Revolution Poet Margaret Randall who translated each poem contributes extensive biographical notes for each
