## **Thinking Chinese Translation Pellatt Valerie:**

*Thinking Chinese Translation* Valerie Pellatt, Eric T. Liu, 2010-06-10 *Thinking Chinese Translation* is a practical and comprehensive course for advanced undergraduates and postgraduate students of Chinese. *Thinking Chinese Translation* explores the ways in which memory, general knowledge and creativity summed up as schema contribute to the linguistic ability necessary to create a good translation. The course develops the reader's ability to think deeply about the texts and to produce natural and accurate translations from Chinese into English. A wealth of relevant illustrative material is presented taking the reader through a number of different genres and text types of increasing complexity including technical, scientific and legal texts, journalistic and informative texts, literary and dramatic texts. Each chapter provides a discussion of the issues of a particular text type based on up to date scholarship followed by practical translation exercises. The chapters can be read independently as research material or in combination with the exercises. The issues discussed range from the fine detail of the text such as punctuation to the broader context of editing, packaging and publishing translations. Major aspects of teaching and learning translation such as collaboration are also covered. *Thinking Chinese Translation* is essential reading for advanced undergraduate and postgraduate students of Chinese and translation studies. The book will also appeal to a wide range of language students and tutors through the general discussion of the principles and purpose of translation. **The**

**Routledge Handbook of Chinese Translation** Chris Shi, Zhao-Ming Gao, 2017-10-16 *The Routledge Handbook of Chinese Translation* presents expert and new research in analysing and solving translation problems centred on the Chinese language in translation. The Handbook includes both a review of and a distinctive approach to key themes in Chinese translation such as translatability and equivalence, extraction of collocation and translation from parallel and comparable corpora. In doing so it undertakes to synthesise existing knowledge in Chinese translation, develops new frameworks for analysing Chinese translation problems and explains translation theory appropriate to the Chinese context. *The Routledge Handbook of Chinese Translation* is an essential reference work for advanced undergraduate and postgraduate students and scholars actively researching in this area. [Writing a Translation Commentary](#) Penélope Johnson, 2023-12-05 This essential textbook is a step

by step guide to how to write a self-reflective translation commentary, a key requirement of most courses on translation. Starting with source text analysis it guides students in how to set out a translation strategy and goes through the most common challenging issues encountered thus enabling students to set out their translation priorities in an informed manner. Throughout each chapter there are boxes summarising key concepts and suggestions of tasks and activities as well as recommendations for further reading. The book is supplemented by online resources for students and teachers on the translation studies portal. There are nine PowerPoints based on the chapters of the book that could be used for teaching or self study. There are also downloadable versions of sample assessment rubrics, tables for example selection and checklists. Based on real life examples of students' work in different language combinations drawing on the author's years of experience.
