This Together Literary Pocket:

The Pocket magazine of classic and polite literature. [Continued as] The Pocket magazine ,1828 The Gentleman's Pocket Magazine; and Album of Literature and Fine Arts ,1828 *Loving Literature* Deidre Lynch,2015

Of the many charges laid against contemporary literary scholars one of the most common and perhaps the most wounding is that they simply don't love books. And while the most obvious response is that no actually the profession of literary studies does acknowledge and address personal attachments to literature that answer risks obscuring a more fundamental question: Why should they? That question led Deidre Shauna Lynch into the historical and cultural investigation of *Loving Literature*. How did it come to be that professional literary scholars are expected not just to study but to love literature and to inculcate that love in generations of students? What Lynch discovers is that books and the attachments we form to them have long played a role in the formation of private life that the love of literature in other words is neither incidental to nor inextricable from the history of literature. Yet at the same time there is nothing self-evident or ahistorical about our love of literature: our views of books as objects of affection have clear roots in late eighteenth century and nineteenth century publishing, reading habits and domestic history. The London Journal: and Weekly Record of Literature, Science, and Art ,1863 *The Annual Register, Or, A View of the History, Politics, and Literature for the Year ... ,1858 Leigh Hunt* Nicholas Roe,2003-09-02

Recent critical and scholarly interest in John Keats has encouraged a resurgence of interest in his friend and mentor the poet and journalist Leigh Hunt. This timely collection of essays by leading British and North America romanticists explores Hunt's life, writings and cultural significance over the full length of his career, arguing for the recognition of Hunt's importance to British intellectual and literary culture in the Romantic period.

***The Monthly Magazine ,1803 Shelley: Selected Poems* Kelvin Everest,2023-03-23**

Percy Bysshe Shelley 1792-1822 was one of the major Romantic poets and wrote what is critically recognised as some of the finest lyric poetry in the English Language. In this volume the editors have selected the most popular, significant and frequently taught poems from the six-volume Longman Annotated edition of Shelley's poems. Each poem is fully annotated, explained and contextualised, along with a comprehensive list of abbreviations, an inclusive bibliography of material relating to the text and interpretation of Shelley's poetry, plus an extensive chronology of Shelley's life and works. Headnotes and footnotes furnish the personal, literary, historical and scientific information necessary for an informed reading of Shelley's richly varied and densely allusive verse, making this an ideal anthology for students' classroom use and anyone approaching Shelley's poetry for the first time. However, the level and extent of commentary and annotation will also be of great value for researchers and critics.
