Bejtullah Destani,2023-03-31 We ourselves at the outset of the war received from a responsible Serbian source this frank announcement We will extirpate the Albanians Now that this system of annihilation is being persisted in without modification despite all European protests we deem it our duty to reveal the designs of the gentlemen of Belgrade without more ado In this matter facts speak more loudly than any confessions could Since Serbian troops crossed the borders last autumn and occupied districts there inhabited by Albanians one blood bath has followed another in sequence In isolated cases the conqueror may have been forced in self defence to proceed with all martial vigour against an Albanian village from which his troops were perhaps fired on from behind But to raze hundreds of villages to the ground to butcher tens of thousands of non combatants men women and children these are deeds which no martial law no precept of self preservation enjoins **Cancer To Be Or Not To Be Let'n Go** Paulajeane Anne Anderson,2013-03-21 This book is an example of what could happen when someone gets a latent stage of cancer and learns to deal with it while going through chemotherapy and radiation treatments The story time line is completely true and talks about real emotions fears and problems being faced through the healing process with their rewards It even gives examples of both in various chapters Again Ms Anderson has taken her cleverness of combining her short stories to tell a larger story in this book This is her third real try at telling her stories and this one is about a cancer survival story so she hopes to keep your attention Ms Anderson chose to write this book as a first person and changed her name to Carla instead of using her real name Paula Jean or PJ She felt that if the story was told as a first person that the reader will be drawn into the story and possibly experience some of the emotions fears and problems that she faced while going through

actual cancer treatments What you are about to read this book will seem familiar in many ways because Ms Anderson had shared similar ideals in her past books There are many of us grew up believing that woman should be subordinate to men and that marriage should be taken seriously The Bible also teaches this idea In Jeremiah 3 8 the prophet talks about being allowed to divorce under the circumstances of adultery Jesus in the Gospel of Matthew 19 verifies this premise On Impulse Carla commits adultery and was caught up in her sin In fact the person that she committed adultery with had already tried to kill herself in the past by overdosing on alcohol smoking cigarettes drugs and marijuana This all caused her to suffer a severe anxiety disorder and major depression at an early age of 42 years old After some time she completely stopped her interactions with him her life started to change for the better She was able to live a less stressful life The problem is she would be by herself She would continue to make many financial mistakes and decisions through being impulsive In hindsight Carla would regret some of these decisions but in the long run would learn to accept these mistakes and chalk them up to growing pains and experience Carla was rewarded for her faithfulness She continued to work as a Registered Nurse with the Texas state hospital system was placed in charge as a Charge Nurse during the night shift on an acute psychiatric unit Due to her returning to work to soon she couldn't accept this position and ended up working on a Geriatric Medical unit While working on this unit she is finding some peace and solitude She even has been excelling in her position and has been allowing herself to grow as a stronger nurse Because she wants to be the best nurse possible for the clients that she cares for she tends to be an overachiever and does more than her peers mainly without being asked to do so Carla still is impulsive because she tends to end up being in the middle of conflicts and does continue to say some things that she doesn't mean Sometimes these conflicts cause Carla and her peers to become hurt emotionally and psychologically During the Diagnosis Process Carla finds out that she does have a severe medical problem with her other difficulties This problem was found purely by accident when she was riding on a motorcycle ride with a few friends to Austin Texas for The Republic of Texas Bike Fest During this ride which she lead she completely almost passed out Part of this was due to the heat but the rest was related to a medical problem that she wasn't aware of at the time Carla did survive this event with no further complications Shortly after this event Carla had a lump the size of a small baseball on the left side of her neck She had just had her lower teeth removed due to a potential abscess and had just finished up a 10 day round of antibiotics Because this lump was starting to affect her swallowing and
