George G. Hunter

To Spread The Power Church Growth In The Wesleyan Spirit:

To Spread the Power George G. Hunter, 1987 Provides six proven successful mega strategies for bringing more people into the church Explains why John Wesley's writings still hold valuable insights for church growth In reading the manuscript I was inspired by the constant swing between theory and practice Here is a valid principle writes Hunter here is how it works in Tampa Florida or Wilmington Delaware I was also enthused as you will be to observe how McGavran and Wesley targeted responsive people how they both used indigenous music and language and culture how they identified needs and met them and how determined both were to have supportive fellowship groups lest converts die aborning Richard Wilke from the foreword

Reaching the City Gary Fujino, Timothy R. Sisk, Tereso C. Casino, 2012-06-28 Rapid urbanization and globalization processes worldwide have changed the landscape of our times In Asia and Africa the number of urban dwellers increases by an average of one million per week according to the United Nations More than half of the globe's seven billion human beings now live in cities These realities have far reaching implications for mission in urban contexts at the start of the third millennium *Reaching the City Reflections on Urban Mission for the Twenty first Century* seeks to address the missiological challenges associated with this new world order Each author in this collection respectfully builds upon the significant contributions of seminal writers such as Ray Bakke Jacques Ellul Basil of Caesarea and others while making new and creative proposals for urban mission in our world today Beginning with the bigger picture of the global challenges of urbanization and moving through theological historical and educational perspectives this volume concludes with a rich bevy of case studies engaging these new realities of both North American and international cities to encourage a missional thrust to reach these communities

Mision en el camino Charles E. Van Engen, 2019-02-28 Durante los pasados cincuenta años el nfasis sobre la pr ctica y estrategia de la obra misionera ha

menoscabado el valor de la importancia de la teología de la misión Sin embargo en las últimas décadas teólogos y misioneros de todas las tradiciones cristianas han comenzado a reexaminar y repensar las suposiciones teológicas que fundamentan la obra misionera En *Misión en el Camino* Charles Van Engen articula con claridad muchos de los conceptos fundamentales de la teología de la misión Charles Van Engen en este volumen aborda numerosos temas misionológicos centrales Examina la cuestión de construir teologías en contextos específicos tales como en la ciudad También nos muestra tanto los beneficios como las preocupaciones que experimentamos cuando alentamos a los creyentes a teologizar dentro de su propio entorno cuando tomamos con seriedad el sacerdocio de todos los creyentes Hace un delineamiento de los debates actuales sobre asuntos levantados por el pluralismo religioso y batalla con la manera en que podemos proclamar el carácter único de Cristo sin ser arrogantes y triunfalistas Echa una mirada al impacto que la modernidad y la posmodernidad están teniendo sobre el movimiento misionero en Occidente y hace un llamado a la renovación de nuestro compromiso como seguidores de Jesucristo en los duros ambientes culturales de nuestros días Explora los roles cambiantes de misioneros y ministros en iglesias jóvenes y levanta preguntas difíciles relacionadas con la unidad de la iglesia en medio de su proliferación diversidad y fragmentación de carácter global Son de excepcional valor la manera en que Van Engen traza la historia de la discusión reciente sobre cada uno de estos asuntos y la riqueza de fuentes bibliográficas que nos presenta para más estudio Igualmente importantes son las repuestas que ofrece a estas cuestiones respuestas que nos ayudan a movernos más allá de los caminos sin salida que tanto caracterizan nuestro pensamiento actual Tomado del Prólogo escrito por Pablo Hiebert

The Apostolic Congregation Dr. George G. Hunter III, 2010-09-01 A church in the heart of Manhattan and a congregation among the Inuit people of Northern Canada would seem to have little in common with one another Yet in one way they are surprisingly similar They are both apostolic congregations churches whose every program exists for the purpose of presenting the gospel to non Christians and making disciples of Jesus Christ What is the secret of churches like these how have they learned to make evangelism central to everything they do In studying apostolic congregations around the world George G Hunter III has discovered a set of perspectives and practices that they all share With the passion and insight for which he is so well known Hunter demonstrates how your congregation can learn to focus on the one thing that most matters bringing people into a saving relationship with Jesus Christ

The Forgotten Ways Handbook Alan Hirsch, Darryn Altclass, 2009-04 An internationally known missional church expert offers leaders practical suggestions real life examples and proven strategies for applying missional paradigms

Ancient-Future Evangelism (Ancient-Future) Robert E. Webber, 2003-11-01 Following his well received *Ancient Future Faith* Robert Webber presents a new model for evangelism and discipleship the first in a series of four books applying his theoretical ideas to practical situations Part 1 of *Ancient Future Evangelism* surveys evangelism and Christian formation throughout the church and then translates the process for twenty first century Christians Webber presents evangelism as four distinct stages and suggests three accompanying rites of passage that can be easily adapted to

any church tradition Part 2 underscores how the four fold process of faith formation is interwoven with three theological principles Christ as victor over evil the church as witness to God s salvation and worship as a witness to God s mission accomplished in Jesus Ancient Future Evangelism will appeal to both emerging evangelicals as well as traditional church leaders It relates faith to Christian practice by drawing wisdom from the past and translating those insights into the present and future life of the church

The Evangelistic Love of God & Neighbor Bishop Scott J. Jones, 2010-08-01 There are it seems as many definitions of the term evangelism as there are people doing the defining For some it means proclaiming the gospel to those who have not heard it To others it means making disciples of Jesus Christ To others it means working for the transformation of the world into the kingdom of God For still others it has principally to do with building vibrant healthy congregations Underlying this confusion is a fundamental inability to locate the practice of evangelism within one s overall theological convictions We will never understand the part that proclamation disciple making kingdom building and church growth play in evangelism until we first ask a more important question What does evangelism have to do with who God is What is it we know about God that makes evangelism a central part of what it means to be Christian In this comprehensive theology of evangelism Scott J Jones proposes to ground the practice of evangelism in an understanding of God s love for the world specifically as seen in the incarnation of God in Christ In Jesus God took on all of what it means to be human Because of this evangelism must be a ministry to the whole person The typical distinctions between soul winning social action and church growth evaporate individual conversion and acts of mercy are part of the same ministry of bringing persons more fully into the reign of a loving God
