The Angelic Mother and the Predatory Seductress Ashley Craig Lancaster, 2012-06-20 In *The Angelic Mother and the Predatory Seductress* Ashley Craig Lancaster examines how converging political and cultural movements helped to create dualistic images of southern poor white female characters in Depression era literature While other studies address the familial and labor issues that challenged female literary characters during the 1930s Lancaster focuses on how the evolving eugenics movement reinforced the dichotomy of altruistic maternal figures and destructive sexual deviants According to Lancaster these binary stereotypes became a new analogy for hope and despair in America's future and were well utilized by Depression era politicians and authors to stabilize the country's economic decline As a result the complexity of women's lives was often overlooked in favor of stock characters incapable of individuality Lancaster studies a variety of works including those by male authors William Faulkner Erskine Caldwell and John Steinbeck as well as female novelists Mary Heaton Vorse Myra Page Grace Lumpkin and Olive Tilford Dargan She identifies female stereotypes in classics such as *To Kill a Mockingbird* and in the work of later writers Dorothy Allison and Rick Bragg who embrace and share in a poor white background *The Angelic Mother and the Predatory Seductress* reveals that these literary stereotypes continue to influence not only society's perception of poor white southern women but also women's perception of themselves From Tobacco Road to Route 66 Sylvia Jenkins Cook, 2018-08-25 In the early nineteenth century the southern poor white had a reputation for comic vulgarity and absurd violence postbellum writers saw him as a quaint peasant the 1920s transformed him into a revolutionary proletarian Of the literary treatments discussed Steinbeck's *Grapes of Wrath* emerges as a skillful compromise of documentary accuracy and political daring by reviving the tradition of degeneracy Originally published in 1976 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Three Classic Novels* Erskine Caldwell, 2017-05-16 Three powerful novels of racism lust and poverty in the rural South by a controversial national bestselling author Bigotry poverty social injustice and sexual squalor in the Deep South hallmarks of one of the most daring and phenomenally popular bestselling novelists of the twentieth century Here in one volume are three of his best known works None of his characters would be caught dead in a novel by John Steinbeck Carson McCullers or Eudora Welty *The Daily Beast* *Tobacco Road* The Great Depression compromises the morals of a poor farming family in Georgia This classic a Modern Library 100 Best Novels selection was adapted for the stage in 1933 and made into a 1941 film directed by John Ford *God's Little Acre* Desperation takes its toll on a deluded Southern farmer obsessed with sex violence and the promise of gold Banned in Boston censored in Georgia and prosecuted by the New York Society for the Suppression of Vice this international bestseller was adapted into a film in 1958 *A Place Called Estherville* In the pre civil rights era South a biracial brother and

Remember Me to Harlem

Langston Hughes, Carl Van Vechten, 2007-12-18 Langston Hughes is widely remembered as a celebrated star of the Harlem Renaissance a writer whose bluesy lyrical poems and novels still have broad appeal What's less well known about Hughes is that for much of his life he maintained a friendship with Carl Van Vechten a flamboyant white critic writer and photographer whose ardent support of black artists was peerless Despite their differences Van Vechten was forty four to Hughes twenty two when they met Hughes and Van Vechten's shared interest in black culture led to a deeply felt if unconventional friendship that would span some forty years Between them they knew everyone from Zora Neale Hurston to Richard Wright and their letters lovingly and expertly collected here for the first time are filled with gossip about the antics of the great and the forgotten as well as with talk that ranged from race relations to blues lyrics to the nightspots of Harlem which they both loved to prowl It's a correspondence that as Emily Bernard notes in her introduction provides an unusual record of entertainment politics and culture as seen through the eyes of two fascinating and irreverent men

The White Scourge

Neil Foley, 1997 At a time when the inadequacy of Black white models for understanding race in the U S has become increasingly clear Foley's work is of special importance for the clarity with which it describes complexity One key to his success is his consistent emphasis on social structure and class relations as he probes the dynamics of race David Roediger author of *The Wages of Whiteness* Foley deftly brings social cultural and political history together in a breathtaking beautifully written narrative Robin D G Kelley author of *Race Rebels*

Heart in Conflict Michael Grimwood, 2009-01-01

Heart in Conflict is a study of two periods of intense vocational crisis in William Faulkner's career as a writer his time of apprenticeship before the composition of *The Sound and the Fury* and the beginnings in the late 1930s and early 1940s of the long season of decline that followed the completion of *Absalom Absalom* These periods of crisis Michael Grimwood argues grew out of an ongoing tension between the divided components of Faulkner's personality between two versions of himself the illiterate bumpkin and the sophisticated aesthete It was a collaboration between these two postures that formed Faulkner's vocation that created the impulse to translate the rural unlettered world of Oxford Mississippi into a literature of the highest ambitions But Faulkner was neither bumpkin nor aesthete His awareness of the fraudulence of both his self images and ultimately his art caused him to create beginning with *The Wild Palms* in 1939 novels divided against themselves both structurally and thematically novels whose complexities emanate from their author's own complex personality Grimwood traces the formation of Faulkner's divided personality in his childhood and youth in the conflicting influences of literature

and landscape in the conflicting urges wrought by a mother who called him to the rigors of the schoolhouse and a father whose interests led to the diffuse pleasure of the world outside The conflict gained dimension when Faulkner's earliest poems written in the style of the European pastoral were mocked by students in the pages of the University of Mississippi literary magazine Faulkner internalized this mockery and it would emerge in the late 1930s and early 1940s as a destructively self-critical compulsion to write novels *The Wild Palms* *The Hamlet* *Knight's Gambit* and *Go Down Moses* that were simultaneously pastoral and mock-pastoral that reflected both an impulse to bequeath his own substance through words and a virtual surrender to illiteracy In many ways the tensions that divided Faulkner tensions between pastoral ideal and rural reality between flights of language and attachment to the wordless soil also divided the whole of southern literature and society from the time of its origins Such conflicts can be found in the writings of Thomas Jefferson philosopher of democracy and slaveowner in the southwestern humor and plantation fiction that dominated southern letters in the 1830s and in the works of the agrarian writers of the 1930s whose European poesy belies their dirt-road political beliefs Showing how the tensions in the narratives mirrored tensions in the author and in his society *Heart in Conflict* reveals William Faulkner as he struggled with his inheritance both as a southerner and as a southern writer

Literary Obscenities Erik M. Bachman, 2018-03-22 This comparative historical study explores the broad sociocultural factors at play in the relationships among U.S. obscenity laws and literary modernism and naturalism in the early twentieth century Putting obscenity case law's crisis of legitimation and modernism's crisis of representation into dialogue Erik Bachman shows how obscenity trials and other attempts to suppress allegedly vulgar writing in the United States affected a wide-ranging debate about the power of the printed word to incite emotion and shape behavior Far from seeking simply to transgress cultural norms or sexual boundaries Bachman argues proscribed authors such as Wyndham Lewis Erskine Caldwell Lillian Smith and James T. Farrell refigured the capacity of writing to evoke the obscene so that readers might become aware of the social processes by which they were being turned into mass consumers voyeurs and racialized subjects Through such efforts these writers participated in debates about the libidinal efficacy of language with a range of contemporaries from behavioral psychologists and advertising executives to book cover illustrators magazine publishers civil rights activists and judges Focusing on case law and the social circumstances informing it *Literary Obscenities* provides an alternative conceptual framework for understanding obscenity's subjugation of human bodies desires and identities to abstract social forces It will appeal especially to scholars of American literature American studies and U.S. legal history

Modernist Parasites Sebastian Williams, 2023-08-22 *Modernist Parasites* Bioethics Dependency and Literature Post 1900 analyzes biological and social parasites in the political scientific and literary imagination With the rise of Darwinism eugenics and parasitology in the late nineteenth century Sebastian Williams posits that the parasite came to be humanity s ultimate other a dangerous antagonist But many authors such as Isaac Rosenberg John Steinbeck Franz Kafka Clarice Lispector Nella Larsen and George Orwell reconsider parasitism Ultimately parasites inherently depend on others for their survival illustrating the limits of ethical models that privilege the discrete individual above interdependent communities
