Muscular Christianity and the Colonial and Post-Colonial World John J. Macaloon, 2013-09-13 This Volume explores the enormous impact the ethos of Muscular Christianity has had on modern civil society in English speaking nations and among the peoples they colonized First codified by British Christian Socialists in the mid nineteenth century explicitly religious forms of the ideology have persistently re emerged over ensuing decades secularized essentialized and normalized versions of the ethos the public school spirit the games ethic moral masculinity the strenuous life came to dominate and to spread rapidly across class status and gender lines These developments have been appropriated by the state to support imperial military and colonial projects Late nineteenth and early twentieth century apologists and critics alike widely understood Muscular Christianity to be a key engine of British colonialism This text demonstrates the need to re evaluate the entire history of Muscular Christianity comes chiefly from contemporary post colonial studies The papers explore fascinating case materials from Canada the U S India Japan Papua New Guinea the Spanish Caribbean and in Britain in a joint effort to outline a truly international post colonial sport history This book was published as a special issue of the International Journal of the History of Sport

[Romantic Friendship in Victorian Literature](#) Carolyn W. de la L. Oulton, 2016-04-08 Carolyn Oulton recovers the strategies nineteenth century authors used to justify the ideal of same sex romantic friendship and the anxieties these strategies reveal Informed by recent insights into the erotic potential of such relationships but focused on romantic friendship as an independent and fully formulated ideal Oulton

departs from other critics who view romantic friendship as either nebulous and culturally naive or an invocation of homoerotic responsiveness By considering both male and female friendships Oulton uncovers surprising parallels between them in novels and poetry by authors such as Dickens Tennyson Disraeli Charlotte Bront and Braddon Oulton also examines conduct manuals periodicals and religious treatises tracing developments from mid century to the fin de siècle when romantic friendship first came under serious attack Her book is a persuasive challenge to those who view mid Victorian England existing in a state of blissful pre Freudian innocence as unproblematically accommodating of passionate same sex relationships

Romanticism, Medicine and the Natural Supernatural Gavin Budge,2012-10-17 This fascinating interdisciplinary study examines the relationship between literary interest in visionary kinds of experience and medical ideas about hallucination and the nerves in the first half of the nineteenth century focusing on canonical Romantic authors the work of women writers influenced by Romanticism and visual culture

Dickens, Sexuality and Gender Lillian Nayder,2017-03-02 This volume of essays examines Dickens s complex representations of sexuality and gender as well as his use of gender ideologies and sexual and gender differences over the course of his literary career from his first sketches and early novels to his late works of fiction The essays approach gender issues in Dickens s writing by focusing on a number of topics his treatment of gender ideals and transgressions the intersections and displacements among gender class and race the ties between gender and the body and among gender voice and language his depiction of the homosocial and the homoerotic and the relation between gender and the law The essays provide an introduction to the most recent approaches to Dickens s fiction in addition to those now considered classic draw on queer theory and also feature a variety of methodologies ranging across feminist historicist and psychoanalytic methods of interpretation The collection represents the best of previously published research by Dickens s scholars and illuminates for students and scholars alike the meaning of gender in such novels as *The Pickwick Papers* *Dombey and Son* and *Our Mutual Friend*

Reading Victorian Schoolrooms Elizabeth Gargano,2013-10-31 *Reading Victorian Schoolrooms* examines the numerous schoolroom scenes in nineteenth century novels during the fraught era of the Victorian education debates As Gargano argues the fiction of mainstream and children s writers such as Dickens Bront and Carroll reflected widespread Victorian anxieties about the rapid institutionalization of education and the shrinking realm of domestic instruction As schools increasingly mapped out a schema of time schedules standardized grades or forms separate disciplines and hierarchical architectural spaces childhood development also came to be seen as regularized and standardized according to clear developmental categories Yet Dickens Bront and others did not simply critique or satirize the standardization of school experience Instead most portrayed the schoolroom as an unstable site incorporating both institutional and domestic space Drawing on the *bildungsroman* s traditional celebration of an individualized experiential education numerous novels of school life strove to present the novel itself as a form of domestic education in contrast to the rigors of institutional instruction By positioning the novel as a form of

domestic education currently under attack these novelists sought to affirm its value as a form of protest within an increasingly institutionalized society The figure of the child as an emblem of beleaguered innocence thus became central to the Victorian fictive project *Trollope and the Magazines* M. Turner, 1999-10-28 Trollope and the Magazines examines the serial publication of several of Trollope's novels in the context of the gendered discourses in a range of Victorian magazines including Cornhill Good Words Saint Pauls and the Fortnightly Review It highlights the importance of the periodical press in the literary culture of Victorian Britain and argues that readers today need to engage with the lively cultural debates in the magazines in order better to appreciate the complexity of Trollope's popular fiction
