Walk Away Wealthy The Entrepreneurs Exit Planning Playbook

David W. McCombie, III

Walk Away Wealthy The Entrepreneurs Exit Planning Playbook:

Walk Away Wealthy Mark Tepper, 2014-07-01 The essential guide to selling your business and walking away with maximum wealth Nearly every entrepreneur dreams of one day selling their business for big bucks but far too many aren't aware of exactly what it takes to do so The sobering truth is that it's very easy for the entrepreneurs who don't know what they're doing to walk away from a sale without the financial freedom they hoped for In fact only about 20 percent of businesses for sale will successfully transfer to another owner In *Walk Away Wealthy* Mark Tepper a leading authority on wealth management and financial planning for entrepreneurs shows you how to build a strong exit plan an absolute requirement if you hope to get the full value from a sale Tepper's twelve secrets debunk myths and deliver practical advice as he walks you through what most people don't know or refuse to believe about the process of planning their exit And although it's best to start planning the exit as early as possible the book also delivers advice for those who may have waited too long and feel lost in the face of a rapidly approaching sale Selling the business you worked so hard to build can be a confusing and intimidating proposition Let Mark Tepper clear away the misconceptions steer you clear of common mistakes and help you walk away wealthy Succession Planning for Small and Family Businesses William J. Rothwell, Robert K.

Prescott, 2022-10-04 Who will lead your organization into the future Have you created the systems to properly implement required succession transitions Have you put the financial tools in place to fund the transition Do you want a plan that connects with your personal and company core values When do you include timely planning related to strategy and talent issues What are the appropriate communication strategies for sharing your plan What legal issues need consideration related to the strategy financial and people aspects of succession So what is preventing you from starting this effort tomorrow Small and family businesses are the bedrock of all businesses More people are employed by small and family owned businesses than by all multinational companies combined Yet the research on small and family businesses is bleak fewer than one third of small business owners in the United States can afford to retire Only 40% of small businesses have a workable disaster plan in case of the sudden death or disability of the owner and only 42% of small businesses in the United States have a succession plan Fewer than 11% of family owned businesses make it to the third generation beyond the founder Lack of succession planning is the second most common reason for small business failure Many organizations often wonder where to start and what to do *Succession Planning for Small and Family Businesses Navigating Successful Transitions* presents a comprehensive approach to guiding such efforts Small and family owned businesses rarely employ first rate well qualified talent in human resources More typically business owners must be jacks of all trades and serve as their own accountants lawyers business consultants marketing experts and HR wizards Unfortunately that does not always work well when business owners embark on planning for retirement or business exits To help business owners avert problems this book advises on some of the management tax and financial legal and psychological issues that should be considered when planning

retirement or other exits from the business This comprehensive approach is unique when compared to the books articles and other literature that currently exist on the market This book takes on a bold and integrated approach Relevant research combined with the rich experiences of the authors connects this thorough evidence based approach to action based approaches for the reader

Tilting the Odds Mark Tepper,2019-11-02 From 1998 to 2018 people who managed their own investments yielded a paltry 1.9 percent return Why do so many think they can strike investment gold but wind up with such disappointing results In *Tilting the Odds* Mark Tepper CFP and president and CEO of Strategic Wealth Partners shows you how to avoid the pitfalls common to many do it yourself investors You ll learn the investment edge process which is rooted in a well balanced risk reward profile Rather than strike it rich or make money fast the goal of the investment edge process is to create long term success By following the investment edge process you ll increase your ability to control your reactions to the ups and downs of the stock market Instead of succumbing to the failures that lead to poor investment results you ll learn to skillfully manage risk If you re ready to improve the investment decisions that affect your financial life most *Tilting the Odds* is your essential guide

Selling Your Business with Confidence David W. McCombie, III,2024-10-08 A comprehensive handbook for middle market business sellers In *Selling Your Business with Confidence* A Practical Playbook for Mid Market Owners veteran M A advisor David McCombie delivers an insider s guide to navigating the mergers and acquisitions M A sales process In plain English this book covers every essential topic for owners considering the sale of their business Readers will fully understand the process the range of options available and their implications In the book you ll learn to navigate every step of the exciting yet stressful business sale journey such as The overall timeline mechanics and typical strategies of a deal Understanding different types of buyers and what they prioritize Tactics you can implement immediately to make your company more valuable Strategies for emotionally and psychologically preparing yourself for the transaction An essential roadmap to the complicated world of mid market M A transactions *Selling Your Business with Confidence* is a must have resource for business owners and the ecosystem of professionals who serve them

The Money Playbook: The Professional Athlete's Guide to Building Lifelong Wealth Mark M Tepper Cfp(r),Mark M. Tepper,2022-10-04 Pro athletes are in a unique situation They have a shot clock ticking down the time until retirement more quickly than nonathletes do *The Money Playbook* offers athletes a way to enjoy their post career days just as much as their playing days Strategic Wealth Partners CEO Mark Tepper brings his comprehensive knowledge of wealth management to the table in this practical guide for financial planning Tepper knows that pro athletes likely don t have unlimited resources and he wants to help them make what they have count even after the final whistle gets blown From the up and comer to the sunseting veteran all pro athletes need to plan in advance for the time when they no longer suit up Chock full of interviews with pro athletes and techniques such as DIET discipline investments education and team *The Money Playbook* is a practical guide for athletes on how to build an enjoyable lifestyle both during and after their playing days

Dance in the End Zone Patrick Ungashick,2008-11-01

What's Your Exit Strategy? Peter H. Engel, 1999 How entrepreneurs plan to leave their businesses should define how they run them who they employ and how they fund them This book reviews in detail the seven main exit strategies from which entrepreneurs and their key executives can craft their operating strategies and create a more financially sound organization

Exiting Your Business, Protecting Your Wealth John M. Leonetti, 2008-11-03 Written by John Leonetti attorney wealth manager merger and acquisition associate and fellow exiting business owner in his own right Exiting Your Business Protecting Your Wealth will guide you in thoughtfully planning out your exit options as well as helping you analyze your financial and mental readiness for your business exit Easy to follow and essential for every business owner this guide reveals how to establish an exit strategy plan that is in harmony with your goals **Exit Strategy** Can Akdeniz, The risk when venturing into a new business from scratch is that you can easily get so absorbed by building your business that you forget to clearly establish where you want your business to go in the long term That is why you see very few people conscious enough to direct their attention not only on the entering aspect but also on the exiting one You need to be aware of the advantages of planning the finish just as you re starting up *Business Exit Planning* Les Nemethy, 2011-03-22 The most viable exit strategies for owners of mid sized companies For many business owners cashing out of a business is a lifelong dream For some exiting a business can be a nightmare Business Exit Planning Options Value Enhancement and Transaction Management for Business Owners provides a comprehensive view of what every business owner needs to know to plan and execute a business exit The book Includes 30 relevant mini case studies on business exit planning and transaction management as well as a glossary of frequently used technical terms Details options for those owners who no longer want to be active in the business as well as for those who want to remain invested Covers a wide range of topics related to business exit planning and transaction management including IPO MBO refinancing ESOPs building an exit team business plan and valuation due diligence and estate planning Regardless of whether a business owner seeks an immediate exit or a staged exit over time Business Exit Planning provides a comprehensive strategy and road map to define exit related objectives **Your Multimillion-Dollar Exit** Wayne M Zell, 2023-05-02 ARCHITECT YOUR EXIT STRATEGY ON DAY ONE This easy to follow planner is designed to help entrepreneurs build a strong foundation for exiting their businesses on their terms With this fast paced guide you ll learn how to Anticipate and minimize risk of unexpected exits such as death disability or sudden losses Identify and navigate rough patches to successfully exit your business Assemble a superior team to maximize your exit strategy Understand what buyers and investors want and what they fear most Save thousands if not millions of dollars through advantageous tax planning techniques Uncover the legal and business secrets lawyers and investment bankers use to gain the upper hand in negotiations and drafting transaction documents Using real world examples checklists and actionable advice this book is about selling smart and achieving maximum value for the time and effort you ve put into your company **Finish Big** Bo Burlingham, 2014-11-28 No two exit experiences are exactly alike Some people wind up happy

with the process and satisfied with the way it turned out while others look back on it as a nightmare The question I hope to answer in this book is why What did the people with good exits do differently from those who had bad exits When pioneering business journalist and Inc magazine editor at large Bo Burlingham wrote Small Giants it became an instant classic for its original take on a common business problem how to handle the pressure to grow Now Burlingham is back to tackle an even more common problem how to exit your company well Sooner or later all entrepreneurs leave their businesses and all businesses get sold given away or liquidated Whatever your preferred outcome you need to start planning for it while you still have time and options The beautiful part is that if you start early enough the process will lead you to build a better stronger more resilient company as well as one with a higher market value Unfortunately most owners don't start early enough and pay a steep price for their procrastination Burlingham interviewed dozens of entrepreneurs across a range of industries and identified eight key factors that determine whether owners are happy after leaving their businesses His book showcases the insights exit plans and cautionary tales of entrepreneurs such as Ray Pagano founder of a leading manufacturer of housings for security cameras He turned down a bid for his company and instead changed his management style resulting in a subsequent sale for four times the original offer Bill Niman founder of the iconic Niman Ranch which revolutionized the meat industry He learned about unhappy exits when he was forced to sell to private equity investors leaving him with nothing to show for his thirty five years in business Gary Hirshberg founder of organic yogurt pioneer Stonyfield Farm He pulled off the nearly impossible task of finding a large company that would buy out his 275 small investors at a premium price while letting him retain complete control of the business Through such stories Burlingham offers an illuminating and inspirational guide to one of the most stressful and yet potentially rewarding processes business owners must go through And he explores the emotional challenges they face at every step of the way At the end of the day owning a business is about more than selling goods and services It's about making choices that shape your entire life both professional and personal Finish Big helps you figure out how to face your future with confidence and be able to someday look back on your journey with pride

Exit Planning Amelia Green, AI, 2025-02-28 Exit Planning offers crucial guidance on a frequently overlooked aspect of business strategically planning your exit For entrepreneurs business owners and managers this book emphasizes the importance of preparing for leadership transition and maximizing business value It reveals how proactive exit strategies can build intrinsic value mitigate risks and help owners realize the full potential of their investment A key insight includes understanding valuation enhancement to attract buyers or secure favorable terms for internal transfers The book progresses from fundamental concepts to practical steps covering various exit options like acquisitions mergers and management buyouts It delves into financial analysis operational improvements and valuation methodologies equipping readers to accurately assess their company's worth Unique to this book is its focus on the human element addressing the emotional challenges faced by owners during this transition By integrating exit planning into core business

operations owners can enhance profitability and create a lasting legacy **Master Your Exit Plan** Chris Vanderzyden,2022 Business owners lack the knowledge necessary to sell their business and enter their next chapter with a full understanding of the financial and personal impact This book provides a comprehensive strategy to successfully exit a business Exit Planning John Brown,2016-01-25 LEAVING YOUR BUSINESS IS THE MOST SIGNIFICANT FINANCIAL TRANSACTION OF YOUR LIFE AND NOTHING HAS GREATER FINANCIAL AND EMOTIONAL CONSEQUENCES THE FUTURE QUALITY OF YOUR LIFE DEPENDS UPON HOW WELL YOU MANAGE YOUR EXIT PROCESS The Definitive Guide lays out the steps you must take to achieve all of your aspirations as you exit your business Author John Brown shares the wisdom stories tested process and exit planning roadmap from hundreds of exit planning advisors across North America These advisors and Brown s company BEI create thousands of owner exit plans every year In The Definitive Guide you will learn How and why to set actionable exit goalsHow your role as owner must change if your business is to attract buyersHow your company s management team steps up to next level operational excellenceWhich nine important value drivers deliver the value buyers pay top dollar forHow to avoid the common traps that can prevent you from creating an exit planHow to choose which of four exit paths is best for you your family and your business A sale to insiders management team or co owners A transfer to childrenA third party saleA sale to an Employee Stock Ownership PlanLET BROWN AND THE DEFINITIVE GUIDE BE YOUR COMPANIONS AS YOU UNDERTAKE THE BIGGEST FINANCIAL EVENT OF YOUR LIFE John H Brown is the CEO of Business Enterprise Institute the oldest and largest provider of Exit Planning education to owners and advisors in North America With over 225 000 copies in print John s first book How To Run Your Business So You Can Leave It In Style is the best selling exit planning book of all time John is an accomplished speaker and expert commentator on exit planning issues

Exit Strategy Ellory Wells,2016-07-07 I m not one of those entrepreneurs who gave up their six figure salary and fancy office to start a business and I wasn t selling lemonade to my neighbors when I was seven I was not born an entrepreneur and I never laid awake at night dreaming of owning my own business This book is about possibilities It s about the future and your place in it This book is about taking back control of your life betting on yourself and developing a strategy to make the transition to entrepreneurship Together we ll put together a plan to help you make the transition from corporate outsider to entrepreneurial master I show you what it took me years to realize and only minutes to fully understand I share my story with you The ups downs achievements and mistakes If this book does its job we ll not only get to know one another but we ll take a journey together We ll develop an exit strategy that will help you leave your job behind live the life you were meant to live and help you make a difference in the world This book is a no holds barred look at the workplace today I m honest and tell things as I see them And I share truths you might not like With the right planning and dedication to your future you can do anything you want I believe in you And I never want you to go back to a job you hate ever again In Exit Strategy you ll learn how to lay the groundwork for you business how you can effectively use SEO to attract new visitors how to create the types

of content that converts browsers into buyers how to connect with the people who can help your business grow and succeed and how to use technology and data to market and promote your business I ll show you how to increase traffic build your email list find your ideal client and how to find your next client This book is for you This book is your exit strategy Are you ready Let s go

Exit Strategies Rosalind Kincaid, AI, 2025-02-28 Exit Strategies offers a vital guide for anyone contemplating a career transition business succession or retirement The book emphasizes proactive planning as the key to a fulfilling and financially secure future Did you know that a significant number of business owners are unprepared for succession potentially jeopardizing their legacy Or that strategic career management can significantly impact your long term financial well being The book uniquely integrates financial and strategic planning with personal values ensuring your exit aligns with your life goals Beginning with fundamental principles the book progresses through financial modeling business valuation and retirement lifestyle planning It uses case studies and practical tools to present information The book culminates in a comprehensive action plan empowering you to take control of your exit It addresses debates surrounding retirement timing and business valuation offering diverse perspectives By providing customizable templates and checklists Exit Strategies equips readers to create personalized exit strategies tailored to their unique circumstances

The Millionaire Exit Samir Mokashi, 2025-09
