Throughout history the study of sacred texts has focused almost exclusively on the content and meaning of these writings Such a focus obscures the fact that sacred texts are always embodied in particular material forms from ancient scrolls to contemporary electronic devices Using the digital turn as a starting point this volume highlights material dimensions of the sacred texts of Judaism Christianity and Islam The essays in this collection investigate how material aspects have shaped the production and use of these texts within and between the traditions of Judaism Christianity and Islam from antiquity to the present day Contributors also reflect on the implications of transitions between varied material forms and media cultures Taken together the essays suggest that materiality is significant for the academic study of sacred texts as well as for reflection on developments within and between these religious traditions This volume offers insightful analysis on key issues

difficulties for students with disabilities is motivation Motivation is a key aspect of written expression that helps all writers complete difficult composing tasks However students with disabilities may have more negative motivational patterns and may also be less positive about writing and their ability as writers than their normally achieving peers Logically this means that effective writing intervention efforts must not only address how to write but must also articulate methods to increase students motivation to write This book written for teachers scholars and researchers focuses on the essential issue of helping students learn how to want to write Each contributing author presents an important theoretical or pedagogical element of writing motivation for example The historical beginnings of research in this area Conceptual and methodological advances in the field of motivation to write Developmental trajectories of writing motivation in typical and atypical populations The effect of playful writing tasks on the development of writing ability as well as on motivation to write The impact of writing prompts on motivation How reading motivation relates and supports writing motivation This book was originally published as a special issue of Reading and Writing Quarterly *Resources in Education* ,1997-07
