Les Volcans Et les Tremblements de Terre (Classic Reprint) Arnold Boscowitz, 2017-05

Excerpt from Les Volcans Et les Tremblements de Terre Quoique depuis longtemps les hommes aient porté leur attention vers l'étude de ces grandes et terribles commotions en ne connoit pas encore bien la cause qui les produit L'activité intérieure du globe se manifeste au dehors par des phénomènes si variés et si nombreux qu'on hésite les considérer comme émanant d'un seul et même agent quel que soit du reste le nom qu'on voudra lui donner électrique ou calorique fluide élastique ou feu central D'autre part tous ces phénomènes ont un air de famille si bien accusé que lorsqu'on tente de les ranger en groupes distincts et d'attribuer les uns la cause qui produit les volcans les autres à des causes différentes on prouve une grande difficulté à parer d'une manière rigoureuse tant de choses similaires About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
