What Are They Saying About The

Edward Gordon Craig

What Are They Saying About The:

The Law Times Reports of Cases Decided in the House of Lords, the Privy Council, the Court of Appeal ... [new Series]. ,1897 *What They Say in New England* Clifton Johnson,2011-03-02 WHEN I began to collect these signs and sayings it was with the idea of gathering them for my own entertainment In days like the present of universal books and schools I thought I could hope to get only a few remnants of the thought and notions that have descended to us from the illiterate and superstitious ages of the past and I supposed that by the time I had picked up two or three scores of these oddities the subject would be exhausted as far as New England was concerned But when I began to notice I found that people in their every day conversation were constantly dropping remarks on the significance of all sorts of things that were a part of this old folk lore When questioned nearly every one old and young could repeat a few sayings of the kind I sought and among these were almost always some I had not heard before My collection grew until I saw the possibility of a volume and I could not but wonder what the superstitions of the Dark Ages were like if these were only remnants **It's Between What They Say** Khalid A. Wasi,2016-04-12 It s Between What they Say is very timely because increasingly the gulf between secularism and religion gets wider Unlike the days of old when there were tremendous conflicts between different religions today atheism is perhaps a larger threat to the notion of religion or God than another belief Therefore the author includes atheism in his specter of beliefs rather than belief versus non belief Khalid A Wasi promotes the idea that the survival and future of mankind is dependent on global re education the type that promotes humans being endowed with the ability to think as opposed to being subjects of society He makes the point that character is more than simple manners but rather is a trigger with universal potency The author believes compassion is the password which like a key unlocks the ability for the world to evolve to its next phase In spite of numerous wars global conflicts and atrocities that we see daily we still live in the age of Aquarius and enlightenment will prevail Discover the key to the genius inherent in many of the great souls and luminaries who have lit the path in religion science or art Humanity is an evolving consciousness and the human family is in conflict because of the lack of true dialogue between societies Behavior embedded in love and compassion is the key to social salvation **Successful Men of To-day and What They Say of Success. Based on Facts and Opinions Gathered by Letters and Personal Interviews from Five Hundred Prominent Men, and on Many More Published Sketches** Wilbur Fisk Crafts,2025-10-05 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **From sea to sea and other sketches.
