What Does The Lord Require The Old Testament Call To Social Witness:

What Does the Lord Require? Bruce C. Birch, 1985-01-01 Christian social concern requires not only that we ask what we should do in a broken world but also that we ask who we are to be Bruce C Birch pursues this idea to its roots in the Old Testament challenging today's Christians to strengthen their faith by a deeper understanding of their biblical inheritance He looks at the Old Testament often neglected or misunderstood as a basis for social witness essential to both individuals and the community

Preaching Christ from the Old Testament Sidney Greidanus, 1999-07-13 Arguing for the need both to preach Christ in every sermon and to preach regularly from the Old Testament Sidney Greidanus develops a christocentric method that will help preachers do both simultaneously Greidanus challenges Old Testament scholars to broaden their focus and to understand the Old Testament not only in its own historical context but also in the context of the New Testament Suggesting specific steps and providing concrete examples this volume provides a practical guide for preaching Christ from the Old Testament

Essential Bible Study Tools for Ministry Professor David R. Bauer, 2014-03-18 This up to date highly selective bibliography is designed to acquaint students and ministers with major works significant publishers and prominent scholars in biblical studies It is the perfect guide for beginning a research project or building a ministerial library References are included based on the following considerations 1 usefulness for the theological interpretation of the Bible within the context of the faith of the church 2 significance in the history of interpretation and 3 representation of evangelical and especially evangelical Wesleyan scholarship

Bible and Ethics in the Christian Life Bruce C. Birch, 1989-01-01 Among the topics treated are Christian ethics as community ethics Charting the moral life Elements of character formation Character and social structure Decision making The nature and role of biblical authority Uses of Scripture in Christian ethics

Holy War in Ancient Israel Gerhard von Rad, 2000-04-17 Since the beginning holy war has been viewed as a sacred institution and a cultic act of religious community by the people of Israel Appearing here in English for the first time Gerhard von Rad has provided a definitive study of the theory of holy war and its development throughout biblical history Von Rad gives a definitive and articulate exposition of a typically disturbing theme within the Old Testament arguing that holy war is not only Yahweh acting alone but inspired Israelites who because they envisioned God fighting on their behalf felt obligated and inspired to fight even more fervently

Under the Oak Tree Ronald J. Allen, John S. McClure, O. Wesley Allen Jr., 2013-11-06 Two trends in the early twenty first century intersect to give this volume immediate relevance 1 The emerging postmodern ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting

three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church s life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social witness and the relationship of Christianity to other religions Foundational chapters consider God as conversational the church as community of conversation and the minister as conversation leader
