What Grandmas Cant Do:

What Grandmas Can't Do Douglas Wood,2005-04-01 There are lots of things regular people can do but grandmas can't. Grandmas can't bake your favorite cookies by themselves. And sometimes they can't laugh without tears coming out of their eyes. Grandmas can't let you go to bed without reading you a story or six. But of all the many things grandmas can't do, there's one thing that they can't do best of all: they can't possibly love you more than they already do. *Something Musical Happened at the Library* Rob Reid,2007-07-02 Offers children's librarians practical tips and strategies for integrating music into library storytimes providing eight ready-to-use lesson plans that utilize different types of music for story hours. **A to Zoo** Rebecca L. Thomas,2018-06-21 Whether used for thematic story times program and curriculum planning, readers advisory or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive, as opposed to formal catalog subject terms, to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

Serving Grandfamilies in Libraries Sarah Gough,Pat Feehan,Denise Lyons,2013-11-26 Gough, Feehan, and Lyons have taken everything learned from their research on developing GrandFamily Resource Collections and leading grandfamily programming in several states and put it in this easy-to-use guide. They share the successes and failures of existing programs so other librarians can hit the ground running rather than trudge through a time-consuming and costly period of trial and error. It's a lot more efficient to learn from someone else's mistakes than to make your own. The target population: grandfamilies, and most specifically grandparents raising grandchildren, have become a statistically significant group worthy of attention in many communities, but library practitioners may not have explored further due to a lack of resources and money. Special features include: List of Web resources, government agencies, support groups, etc.; List of grants and funding opportunities; Sample grant applications; List of possible community partners for the library; Sample surveys or some tactic for getting to know the needs of one's target population; Sample marketing plans; Sample promotional materials; Sample activity sheets; Sample release forms, etc. With this practical and comprehensive guide, your library will be ready to jumpstart or easily expand a stellar program for the grandfamilies in your community. *Games Grandmas Play* Joan Jacobs,2001-01-01 Joan
