Rushdie-effecten Ron Haleber, 1989 Nationalisme Eric Storm, 2024-09-18 Een monumentaal standaardwerk voor wie de huidige tijd beter wil begrijpen Storm is een vernieuwend onderzoeker met een goede neus voor oorspronkelijke thema's en een vlotte pen Niek van Sas Het nationalisme is onmiskenbaar aan een opmars bezig Dat maken recente verkiezingsoverwinningen van populistische politici over de hele wereld en ook in ons eigen land wel duidelijk Wanneer is dit verschijnsel ontstaan en hoe heeft het zich ontwikkeld Waarom vormde de Franse revolutie het startpunt en zien we sinds het uiteenvallen van de Sovjet Unie een opleving In Nationalisme beschrijft Eric Storm de geschiedenis van dit fenomeen en de vaak verstrekkende gevolgen ervan Zo bracht de uitvinding van de natiestaat politieke inspraak maar lang niet voor iedereen eeuwenlang werden vrouwen en mensen van kleur uitgesloten Nationalisme werkte ook door in taal sport en toerisme en zorgde er zo voor dat een wereld met afzonderlijke naties elk met hun eigen identiteit volstrekt vanzelfsprekend werd Inmiddels zien we nationalisme overal terug niet alleen in standbeelden en straatnamen maar ook in andere vormen van cultureel erfgoed in folklore typische gerechten zelfs in de marketing van auto's en kleding en is het gedachtengoed doorgedrongen tot alle haarvaten van de hedendaagse maatschappij Nationalisme is overal Hoog tijd voor een allesomvattende wereldgeschiedenis Wanneer wordt vreemd, vreemd? Christiane Timmerman, 2004 Dit boek is een weerslag van het congres Wanneer wordt vreemd vreemd dat in Antwerpen plaatsvond op 6 februari 2004 en werd georganiseerd door het Antwerps Centrum voor Migrantenstudies van de UA Door de internationalisering maakt een vreemde bevolking in toenemende mate deel uit van de Belgische samenleving Deze vreemde bevolking moet echter meetellen in de maatschappij Maar wie beschouwen we als vreemd en hoeveel generaties blijft dit etiket gelden Deze onduidelijkheid heeft zijn weerslag op de mogelijkheden en kwaliteit van onderzoek beleid en registratie en daardoor ook op de samenleving in haar geheel Dit boek bevat bijdragen waarin de consequenties van deze vragen worden onderzocht voor specifieke deeldomeinen als onderwijs arbeid welzijn gezondheid politiek geschiedenis media religie recht en huisvesting *Elseviers magazine*, 1979 Radical Islam Ervand Abrahamian, 1989 Studie over de rol van de islamitisch marxistische groepering in de Iraanse revolutie Revolution in Iran Parviz Daneshvar, 2016-07-27 Revolutions are watershed events that attempt to transform the existing political order and replace it with a new but better one Yet the hallmark of most revolutions has been violence war and dictatorship The Iranian Revolution of 1979 has been no exception This book offers a critical analysis of the Iranian Revolution It focuses on the upheavals that led to the fall of the Shah It provides the reader with an appreciation for the interplay of forces in the making of the 1979 revolution and the emergence of the Islamic regime **The Iranian Revolution at Forty** Suzanne Maloney, 2020-02-25 How Iran and the world around it have changed in the four decades since a revolutionary theocracy took power Iran's 1979 revolution is one of the most important events of the late twentieth century The overthrow of the Western leaning Shah and the emergence of a unique religious government

reshaped Iran dramatically shifted the balance of power in the Middle East and generated serious challenges to the global geopolitical order challenges that continue to this day The seizure of the U S Embassy in Tehran later that same year and the ensuing hostage crisis resulted in an acrimonious breach between America and Iran that remains unresolved to this day The revolution also precipitated a calamitous war between Iran and Iraq and an expansion of the U S military's role in maintaining security in and around the Persian Gulf Forty years after the revolution more than two dozen experts look back on the rise of the Islamic Republic and explore what the startling events of 1979 continue to mean for the volatile Middle East as well as the rest of the world The authors explore the events of the revolution itself whether its promises have been kept or broken the impact of clerical rule on ordinary Iranians especially women the continuing antagonism with the United States and the repercussions not only for Iran's immediate neighborhood but also for the broader Middle East Complete with a helpful timeline and suggestions for further reading this book helps put the Iranian revolution in historical and geopolitical perspective both for experts who have long studied the Middle East and for curious readers interested in fallout from the intense turmoil of four decades ago

De iraanse revolutie C. M. de Moor, 1980 *The Unthinkable Revolution in Iran* Charles Kurzman, 2005-09-06 The shah of Iran Mohammad Reza Pahlavi would remain on the throne for the foreseeable future This was the firm conclusion of a top secret CIA analysis issued in October 1978 One hundred days later the shah despite his massive military fearsome security police and superpower support was overthrown by a popular and largely peaceful revolution But the CIA was not alone in its myopia as Charles Kurzman reveals in this penetrating work Iranians themselves except for a tiny minority considered a revolution inconceivable until it actually occurred Revisiting the circumstances surrounding the fall of the shah Kurzman offers rare insight into the nature and evolution of the Iranian revolution and into the ultimate unpredictability of protest movements in general As one Iranian recalls The future was up in the air Through interviews and eyewitness accounts declassified security documents and underground pamphlets Kurzman documents the overwhelming sense of confusion that gripped pre-revolutionary Iran and that characterizes major protest movements His book provides a striking picture of the chaotic conditions under which Iranians acted participating in protest only when they expected others to do so too the process approaching critical mass in unforeseen and unforeseeable ways Only when large numbers of Iranians began to think the unthinkable in the words of the U S ambassador did revolutionary expectations become a self-fulfilling prophecy A corrective to 20/20 hindsight this book reveals shortcomings of analyses that make the Iranian revolution or any major protest movement seem inevitable in retrospect

An Island of Stability Mark Thiessen, 2009 In 1979 the world was taken by surprise when the Iranian people revolted against their westernized ruling elite and traded in the Shah for a radical Islamic republic ruled by the most senior Shiite cleric ayatollah Khomeini The Islamic revolution of Iran was a breaking point in history It was the defining moment for Islam in the twentieth century and fuelled the Islamic confidence that has since then only grown The roots of the revolution were deeply entrenched in the recent history of Iran yet in the West almost no one knew what was happening The rise of ayatollah Khomeini and the Islamic republic seemed to have come out of nowhere In this book historian Mark Thiessen tries to answer the most important questions of the Islamic revolution What happened and where did it come from This book explores the background of the revolution and gives a detailed account of its course It analyzes the rise of Khomeini and his ideology By studying the archives of the Dutch embassy in Tehran Thiessen finally tries to find out about the way the Dutch mission experienced and

interpreted the revolution at a time when the outcome was not yet clear **The Iranian Revolution and Modernization**
Jack C. Miklos, 2021-05-03 To many observers in the West events in Iran leading up to the revolution in 1979 took a
mystifying and seemingly irrational course In this National Security Essay Jack Miklos a foreign service officer who served in
several key assignments in Iran discusses the Iranian Revolution He looks at theories of social modernization as applied to
the history and culture of Iran and then focuses in depth on the effects of land reform and the pervasive influence of what he
identifies as the Iranian national character His purpose is to examine social science theorizing with a case study of US aided
modernization which exploded in a traditional counter reformation Based on firsthand observations as well as theory the
author offers insights into how modernization may have contributed to the Iranian Revolution These insights can broaden our
understanding of nations culturally much different from our own and perhaps help us appreciate the complexity of national
behavior and some of its determinants *From Palace to Prison* Ehsan Naraghi, 1994 *Dynamics of the Iranian Revolution*
Jahangir Amuzegar, 1991-01-01 Going back to the turn of the century this book offers a cogent analysis and an objective
assessment of the origins and dimensions of the 1979 Iranian Revolution It reassesses the narrowly focused post revolution
explanations as it traces the fate of the Pahlavi dynasty to deep rooted and structural weaknesses and contradictions in
Iranian society economy and politics This critical examination leaves the reader with a deeper understanding of Iran s
modern history and an appreciation for the interplay of forces currently at work within the Islamic Republic It also provides
persuasive commentary on the inherent plight of other Third World countries plagued with similar legacies and pre
revolutionary conditions [The Iranian Revolution And The Muslim World](#) David Menashri, 1990-10-30
