BUSINESS RESEARCH METHODS

Eighth Edition

Business Research Methods, 8e by Zikmund/Babin/Carr/Griffin teaches you the practice of business marketing research. The text focuses on traditional business research methods as well as on the use of the Internet to conduct business research including research information systems, secondary data gathering, survey design, sample selection, Web traffic monitoring, and many more topics.

- **Survey This!** — Useful for critiquing the construction of questionnaires, *Survey This!* uses Qualtrics software to survey your opinions, activities, and interests related to careers in business. You can also use the software to design your own questionnaires.
- **Tips of the Trade** — These important tips address practical questions such as interview length, question wording, interviewer involvement, sample size requirements, and guides for data reliability and validity as well as useful tips for testing hypotheses using inferential statistics.
- **Greater Breadth of Business Coverage** — This edition includes examples across a broader spectrum of business activities and touches on practically all areas of business including marketing, management, finance, and accounting. The examples reflect the diversity of today's business world.

A Logistics It Strategy Firm Performance & Generation Y Corporate Social Responsibility

Archanna Arumugam, Tracy Yeap Teng, Abu Bakar Hamid, Inda Sukati, 2020-07-28 Malaysia's manufacturing sector plays an integral role in enabling the growth of the country's supply chain and continues evolution of the logistics role are obvious in the last two decades. Despite of the remarkable expansion of the industry very few studies are focusing on logistics system's contribution towards the organization performance. This study examines the factors that affect the organization performance of manufacturing firms from a logistics perspective. The variables employed to examine are logistics strategic organizational structure and logistics information technology (LIT) towards organization performance of manufacturing firms. From the sample of data collection the results indicated that logistics strategy, organizational structure and logistics information technology has significant relationship with organization performance. As the corporate social responsibility (CSR) are growing popularity in Malaysia particularly Malaysian generation Y who newly joined the workforce are found not only focus on the products and services but also on the response of the corporation CSR. This investigated the factors such as consumers awareness, consumers trust and the willingness to pay premium price on CSR that have impact on the purchase intention. From survey collected the findings demonstrated that the relationship between the willingness to pay premium price and purchase intention is the strongest compared to the consumers trust on purchase intention. While the consumers awareness on the purchase intention of Malaysian generation Y is weakest relationship among the other two factors.
