The Whole Difference Selected Writings Of Hugo Von Hofmannsthal:

The Whole Difference Hugo Von Hofmannsthal, 2008-10-06 Hugo von Hofmannsthal is one of the modern era's most important writers but his fame as Richard Strauss's pioneering collaborator on such operas as *Der Rosenkavalier* and *Die Frau ohne Schatten* has obscured his other remarkable writings his precocious lyric poetry inventive short fiction keen essays and visionary plays *The Whole Difference* which includes new translations as well as classic ones long out of print is a fresh introduction to the enormous range of this extraordinary artist and the most comprehensive collection of Hofmannsthal's writings in English Selected and edited by the poet and librettist J D McClatchy this collection includes early lyric poems short prose works including *The Tale of Night Six Hundred and Seventy Two* *A Tale of the Cavalry* and the famous *Letter of Lord Chandos* two full length plays *The Difficult Man* and *The Tower* as well as the first act of *The Cavalier of the Rose* From the glittering salons of imperial Vienna to the bloodied ruins of Europe after the Great War the landscape of Hofmannsthal's world stretches across the extremes of experience This collection reflects those extremes including both the sparkling social comedy of *The Difficult Man* Hans Karl so sensitive that he cannot choose between the two women he loves and the haunting fictional letter to Francis Bacon in which Lord Chandos explains why he can no longer write Complete with an introduction by McClatchy this collection reveals an artist whose unusual subtlety and depth will enthrall readers

Political Alchemy: Technology Unbounded Agnes Horvath, 2021-03-21 This book explores politics as a form of alchemy understood as the transformation of entities through an alteration of their identities Identifying this process as a common denominator of many political phenomena such as EU integration mediatisation communism or globalisation the author demonstrates not only the widespread presence of alchemical techniques in politics but also the acceleration of their deployment A study of the steady growth of power as it reaches a continuous and permanent stage thus avoiding the inherent difficulties connected with birth and death of political organisations and institutions this volume reveals political alchemy to be a form of self sustaining growth through sterile multiplication devoid of meaning Revealing both the integrative and disintegrative nature of a political process that while appearing to work in the interests of all in fact produces apathy desperate mobilisation and despair by crushing concrete entities such as personality and tradition *Political Alchemy Technology Unbounded* will appeal to scholars of sociology and anthropology with interests in social theory and political thought

Permanent Liminality and Modernity Arpad Szakolczai, 2016-10-04 This book offers a comprehensive sociological study of the nature and dynamics of the modern world through the use of a series of anthropological concepts including the trickster schismogenesis imitation and liminality Developing the view that with the theatre playing a central role the modern world is conditioned as much by cultural processes as it is by economic technological or scientific ones the author contends the world is to a considerable extent theatrical a phenomenon experienced as inauthenticity or a loss of direction and meaning As such the novel is revealed as a means for studying our theatricalised reality not simply because novels can be understood to be likening the

world to theatre but because they effectively capture and present the reality of a world that has been thoroughly theatricalised and they do so more effectively than the main instruments usually employed to analyse reality philosophy and sociology With analyses of some of the most important novelists and novels of modern culture including Rilke Hofmannsthal Kafka Mann Blixen Broch and Bulgakov and focusing on fin de siècle Vienna as a crucial threshold chronotope of modernity Permanent Liminality and Modernity demonstrates that all seek to investigate and unmask the theatricalisation of modern life with its progressive loss of meaning and our deteriorating capacity to distinguish between what is meaningful and what is artificial Drawing on the work of Nietzsche Bakhtin and Girard to examine the ways in which novels explore the reduction of human existence to a state of permanent liminality in the form of a sacrificial carnival this book will appeal to scholars of social anthropological and literary theory

Interdisciplinary Perspectives on Aging in Nineteenth-Century Culture Anne-Julia Zwierlein, Katharina Boehm, Anna Farkas, 2013-08-15 This essay collection develops new perspectives on constructions of old age in literary legal scientific and periodical cultures of the nineteenth century Rigorously interdisciplinary the book places leading researchers of old age in nineteenth century literature in dialogue with experts from the fields of cultural legal and social history It revisits the origins of many modern debates about aging in the nineteenth century a period that saw the emergence of cultural and scientific frameworks for the understanding of old age that continue to be influential today The contributors provide fresh readings of canonical texts by Charles Dickens Elizabeth Gaskell Anthony Trollope Thomas Hardy Henry James and others The volume builds momentum in the burgeoning field of aging studies It argues that the study of old age in the nineteenth century has entered a new and distinctly interdisciplinary phase that is characterized by a set of research interests that are currently shared across a range of disciplines and that explore conceptions of old age in the nineteenth century by privileging respectively questions of agency of place of gender and sexuality and of narrative and aesthetic form

Theatre Translation in Performance Silvia Bigliazzi, Paola Ambrosi, Peter Kofler, 2013-04-02 This volume focuses on the highly debated topic of theatrical translation one brought on by a renewed interest in the idea of performance and translation as a cooperative effort on the part of the translator the director and the actors Exploring the role and function of the translator as co subject of the performance it addresses current issues concerning the role of the translator for the stage as opposed to the one for the editorial market within a multifarious cultural context The current debate has shown a growing tendency to downplay and challenge the notion of translational accuracy in favor of a recreational and post dramatic attitude underlying the role of the director and playwright instead This book discusses the delicate balance between translating and directing from an intercultural semiotic aesthetic and interlingual perspective taking a critical stance on approaches that belittle translation for the theatre or equate it to an editorial practice focused on literality Chapters emphasize the idea of dramatic translation as a particular and extremely challenging type of performance while consistently exploring its various textual intertextual intertranslational contextual cultural and intercultural facets The notion of performance is applied to

textual interpretation as performance interlingual versus intersemiotic performance and inter cultural performance in the adaptation of translated texts for the stage providing a wide ranging discussion from an international group of contributors directors and translators *Watching Weimar Dance* Kate Elswit,2014 *Watching Weimar Dance* historicizes and theorizes the spectatorship of dances in and from interwar Germany at home on tour and later returning from exile developing a culturally situated model of watching that not only offers a revisionist historical narrative but also demonstrates new methods for dance scholarship to shape cultural history *Animals and Humans in German Literature, 1800-2000* Lorella Bosco,Micaela Latini,2020-10-12 The recent emergence of the discipline of literary animal studies regards literature in itself as constitutive element of a history of knowledge The discipline has led not only to the expansion of the corpus of texts traditionally connected with animals but also established new concepts and methods for revising conventional cultural dichotomies subject and object human and animal The 10 essays collected in this volume are devoted to a wide range of case studies on the relationship between animality and poetics in German language literature since the 19th century They display a variety of theoretical and methodological approaches to a number of texts packed with references to animals considered not primarily as objects of literature but as agents endowed with an active role in the production of literature and which have left repressed or forgotten traces in texts **The Exile of Language** Libera Pisano,2025-06-05 *The Exile of Language* uncovers a hidden chapter in the history of philosophy where early twentieth century German Jewish thinkers such as Fritz Mauthner Gustav Landauer Margarete Susman Franz Rosenzweig and Walter Benjamin grappled with the inherent tension of their intertwined identities The study of these thinkers reveals how a sceptical and diasporic approach to language can question and reshape traditional concepts of belonging purity and nation By confronting the myth of autochthony their critiques of linguistic and national idolatry offer a fresh lens for reimagining politics in our times This narrative blends philosophical depth with groundbreaking insights making it a must read for anyone interested in the dynamic interplay of language identity and community Solitude and Speechlessness Andrew Mattison,2019-07-15 Recent literary criticism along with academic culture at large has stressed collaboration as essential to textual creation and sociability as a literary and academic virtue *Solitude and Speechlessness* proposes an alternative understanding of writing with a complementary mode of reading literary engagement it suggests is the meeting of strangers each in a state of isolation The Renaissance authors discussed in this study did not necessarily work alone or without collaborators but they were uncertain who would read their writings and whether those readers would understand them These concerns are represented in their work through tropes images and characterizations of isolation The figure of the isolated misunderstood or misjudged poet is a preoccupation that relies on imagining the lives of wandering and complaining youths eloquent melancholics exemplary hermits homeless orphans and retiring stoics such figures acknowledge the isolation in literary experience As a response to this isolation of literary connection *Solitude and Speechlessness* proposes an interpretive mode it defines as strange reading

a reading that merges comprehension with indeterminacy and the imaginative work of interpretation with the recognition of historical difference

The Wherewithal of Life Michael Jackson, 2013-08-03 The Wherewithal of Life engages with current developments in the anthropology of ethics and migration studies to explore in empirical depth and detail the life experiences of three young men a Ugandan migrant in Copenhagen a Burkina Faso migrant in Amsterdam and a Mexican migrant in Boston in ways that significantly broaden our understanding of the existential situations and ethical dilemmas of those migrating from the global south Michael Jackson offers the first biographically based phenomenological account of migration and mobility providing new insights into the various motives tactics dilemmas dreams and disappointments that characterize contemporary migration It is argued that the quandaries of African or Mexican migrants are not unique to people moving between traditional and modern worlds While more intensely felt by the young seeking to find a way out of a world of limited opportunity and circumscribed values the experiences of transition are familiar to us all whatever our age gender ethnicity or social status namely the impossibility of calculating what one may lose in leaving a settled life or home place what one may gain by risking oneself in an alien environment the difficulty of striking a balance between personal fulfillment and the moral claims of kinship and the struggle to know the difference between concrete and abstract utopias the first reasonable and worth pursuing the second hopelessly unattainable

Melancholia Matthew Bell,2014-09-15 Melancholia is a commonly experienced feeling and one with a long and fascinating medical history which can be charted back to antiquity Avoiding the simplistic binary opposition of constructivism and hard realism this book argues that melancholia was a culture bound syndrome which thrived in the West because of the structure of Western medicine since the Ancient Greeks and because of the West s fascination with self consciousness While melancholia cannot be equated with modern depression Matthew Bell argues that concepts from recent depression research can shed light on melancholia Within a broad historical panorama Bell focuses on ancient medical writing especially the little known but pivotal Rufus of Ephesus and on the medicine and culture of early modern Europe Separate chapters are dedicated to issues of gender and cultural difference and the final chapter offers a survey of melancholia in the arts explaining the prominence of melancholia especially in literature

Modernist Waterscapes Marlene Dirschauer,2023-01-04 This book identifies water as the key element of Virginia Woolf s modernist poetics The various forms movements and properties of water inspired Woolf s writing of reality time and bodies and offered her an apt medium to reflect on the possibilities as well as on the exhaustion of her art As a deeply intertextual writer Woolf recognised how profoundly water has shaped human imagination and the landscape of the literary past In line with recent ecocritical and ecofeminist assessments of her works this book also shows Woolf s attraction to water as part of an indifferent nature that exists prior to and beyond the symbolic Through close analyses that span the whole of Woolf s oeuvre and that

centre on the metaphorical and the material voices of water in her works *Modernist Waterscapes* offers a fresh perspective on a writing that is as versatile as the element from which it draws The monograph addresses postgraduate students and scholars working in modernist studies and Woolf studies in particular *Mercury Dressing* J. D.
