

The Wonderful Flight to the Mushroom Planet

Eleanor Cameron

Illustrated by Robert Henneberger

The Wonderful Flight To The Mushroom Planet

Liz Knowles, Martha Smith

The Wonderful Flight To The Mushroom Planet:

The Wonderful Flight to the Mushroom Planet Eleanor Cameron, 1954 A mystery man inspires two boys to build a space ship which takes them to the planet of Basidium to help the Mushroom people **Wonderful Flight to the Mushroom Planet** Eleanor Cameron, 1954 *Wonderful Flight to the Mushroom Planet - Literature & Writing Guide* Kimberly Bredberg, Sara Evans, 2023-03 *Literature Discovery Guide - Wonderful Flight to the Mushroom Planet* Kimberly Bredberg, Tracey Lane, 2011-07-08 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1968 *Stowaway to the Mushroom Planet* Eleanor Cameron, 1956 On their second flight to the planet of Basidium two boys find that they have a would be scientist as a stowaway Sequel to *The wonderful flight to the Mushroom Planet*

Eleanor Cameron Paul V. Allen, 2018-02-20 Eleanor Cameron 1912 1996 was an innovative and genre defying author of children s fiction and children s literature criticism From her beginnings as a librarian Cameron went on to become a prominent and respected voice in children s literature writing one of the most beloved children s science fiction novels of all time *The Wonderful Flight to the Mushroom Planet* and later winning the National Book Award for her time fantasy *The Court of the Stone Children* In addition Eleanor Cameron played an often vocal role in critical debates about children s literature She was one of the first authors to take up literary criticism of children s novels and published two influential books of criticism including *The Green and Burning Tree* One of Cameron s most notable acts of criticism came in 1973 when she wrote a scathing critique of Roald Dahl s *Charlie and the Chocolate Factory* Dahl responded in kind and the result was a fiery imbroglio within the pages of the *Horn Book Magazine* Yet despite her many accomplishments most of Cameron s books went out of print by the end of her life and her star faded This biography aims to reinsert Cameron into the conversation by taking an in depth look at her tumultuous early life in Ohio and California her unforgettably forceful personality and criticism and her graceful heartfelt novels The biography includes detailed analysis of the creative process behind each of her published works and how Cameron s feminism environmentalism and strong sense of ethics are reflected in and represented by her writings Drawn from over twenty interviews thousands of letters and several unpublished manuscripts in her personal papers Eleanor Cameron is a tour of the most exciting and creative periods of American children s literature through the experience of one of its valiant purveyors and champions **Fantastic Cities** Stefan Rabitsch, Michael Fuchs, Stefan L. Brandt, 2022-02-04 Contributions by Carl Abbott Jacob Babb Marleen S Barr Michael Fuchs John Glover Stephen Joyce Sarah Lahm James McAdams Cynthia J Miller Fernando Gabriel Pagnoni Berns Chris Pak Mar a Isabel Prez Ramos Stefan Rabitsch J Jesse Ramirez A Bowdoin Van Riper Andrew Wasserman Jeffrey Andrew Weinstock and Robert Yeates Metropolis Gotham City Mega City One Panem s Capitol the Sprawl Caprica City American and Americanized urban environments have always been a part of the fantastic imagination *Fantastic Cities American Urban Spaces in Science Fiction Fantasy and Horror* focuses on the American city as a fantastic geography constrained neither by media nor rigid genre boundaries *Fantastic*

Cities builds on a mix of theoretical and methodological tools that are drawn from criticism of the fantastic media studies cultural studies American studies and urban studies Contributors explore cultural media across many platforms such as Christopher Nolan s Dark Knight Trilogy the Arkham Asylum video games the 1935 movie serial The Phantom Empire Kim Stanley Robinson s fiction Colson Whitehead s novel Zone One the vampire films Only Lovers Left Alive and A Girl Walks Home Alone at Night Paolo Bacigalupi s novel The Water Knife some of Kenny Scharf s videos and Samuel Delany s classic Dhalgren Together the contributions in Fantastic Cities demonstrate that the fantastic is able to realize that which is normally confined to the abstract metaphorical and or subjective Consequently both utopian aspirations for and dystopian anxieties about the American city become literalized in the fantastic city

Xenograffiti R. Reginald, 1996-01-01 In this new retrospective collection spanning almost forty years Pilgrim Award and Collector s Award winning fantasy novelist critic and bibliographer Robert Reginald contributes forty five essays on writers of fantastic literature including such major and minor figures as Piers Anthony Edwin Lester Arnold Margaret Atwood John Kendrick Bangs Leslie Barringer John Bellairs Arthur Byron Cover Lindsey Davis Alexander de Comeau Daphne du Maurier R Lionel Fanthorpe H Rider Haggard Charlotte Haldane Edward Heron Allen Eleanor M Ingram Vernon Knowles Katherine Kurtz Andrew Lang Fritz Leiber Bruce McAllister Ward Moore Robert Nathan Sir Henry Newbolt William F Nolan John Norman Keith Roberts Michael Reaves Brian Stableford and George Zebrowski Also included is a comprehensive bibliography and history of the publications of Starmont House Inc and FAX Collector s Editions a selection of reviews and obituaries a bibliography and detailed index This unique literary collection will prove of interest both to students and researchers alike This second edition features fifteen new pieces including the author s earliest published critique 1968 and a number of original autobiographical reflections on his life and career penned shortly after his heart attack in 2003

The Story Within Laura Oliver, M.F.A., 2011-11-01 Laura Oliver has been teaching aspiring writers how to plumb emotional contradictions for insight for more than a decade in workshops and university classes Now she has written the book her students have been asking her for a book that aspiring writers of every genre can use to guide coach and encourage them on their journey The Story Within employs the compelling art of memoir to illuminate craft and touches on nuanced subjects only a teacher who is herself actively writing knows to address Each chapter offers excerpts from Laura s own stories as well as those of students and published authors and then provides fresh advice and clear instruction on the subject of writing

Back in the Spaceship Again Karen Sands-O'Connor, Marietta Frank, 1999-08-30 Much literature for children appears in the form of series in which familiar characters appear in book after book In the late nineteenth and early twentieth century authors began to write science fiction series for children These early series generally had plots that revolved around inventions developed by the protagonist But it was the development and use of rocket and atomic science during World War II that paved the way for interesting and exciting new themes conflicts and plots While much has been written about the early juvenile science fiction series particularly the Tom Swift books

comparatively little has been written about children's science fiction series published since 1945. This book provides a broad overview of this previously neglected topic. The volume offers a critical look at the history, themes, characters, settings, and construction of post-1945 juvenile science fiction series, including *The A.I. Gang*, *The Animorphs*, *Commander Toad*, *Danny Dunn*, *Dragonfall*, *Five the Magic School Bus*, and *Space Cat*. The book begins with an introductory history of juvenile science fiction since 1945, with chapters then devoted to particular topics. Some of these topics include the role of aliens and animals, attitudes toward humor, the absence and presence of science, and the characterization of women. A special feature is an appendix listing the various series. In addition, the volume provides extensive bibliographical information.

The Only Woman in the Room Eileen Pollack, 2016-09-06. ONE OF WASHINGTON POST'S NOTABLE NONFICTION BOOKS OF THE YEAR. A bracingly honest exploration of why there are still so few women in STEM fields, beautifully written and full of important insights. Washington Post. In 2005, when Lawrence Summers, then president of Harvard, asked why so few women even today achieve tenured positions in the hard sciences, Eileen Pollack set out to find the answer. A successful fiction writer, Pollack had grown up in the 1960s and 70s dreaming of a career as a theoretical astrophysicist. Denied the chance to take advanced courses in science and math, she nonetheless made her way to Yale. There, despite finding herself far behind the men in her classes, she went on to graduate summa cum laude with honors as one of the university's first two women to earn a bachelor of science degree in physics. And yet, isolated, lacking in confidence, starved for encouragement, she abandoned her ambition to become a physicist. Years later, spurred by the suggestion that innate differences in scientific and mathematical aptitude might account for the dearth of tenured female faculty at Summer's institution, Pollack thought back on her own experiences and wondered what if anything had changed in the intervening decades. Based on six years interviewing her former teachers and classmates as well as dozens of other women who had dropped out before completing their degrees in science or found their careers less rewarding than they had hoped, *The Only Woman in the Room* is a bracingly honest, no-holds-barred examination of the social, interpersonal, and institutional barriers confronting women and minorities in the STEM fields. This frankly personal and informed book reflects on women's experiences in a way that simple data can't, documenting not only the more blatant bias of another era but all the subtle disincentives women in the sciences still face. *The Only Woman in the Room* shows us the struggles women in the sciences have been hesitant to admit and provides hope for changing attitudes and behaviors in ways that could bring far more women into fields in which even today they remain seriously underrepresented.

Multi-Grade Readers Theatre Suzanne I. Barchers, Charla R. Pfeffinger, 2011-06-02. Unlike most readers theatre titles, the 36 scripts in this book introduce young readers to classic authors like Louisa May Alcott and Mark Twain while they have fun and improve their reading fluency. The use of readers theatre as a classroom tool develops fluency while students are engaged in learning new content and actively participating in their learning. Background information and discussion questions round out the readers theatre experience, providing young readers with an opportunity

to increase their reading fluency while inspiring them to read the works of well known authors Each of these 36 readers theatre scripts one for each week of the school year provides teachers and librarians with an introduction to authors of short stories chapter books and poetry The subject matter includes acclaimed writers such as Charles Dickens and Laura Ingalls Wilder as well as more contemporary authors like Paula Danzinger and Roald Dahl Each script is designed to be introduced read and discussed in a 30 minute period and encompasses characters with lines written at grade levels 2 3 and 4 to accommodate different reading levels grade levels are indicated on the teacher s page only **The Reading Connection**

Liz Knowles,Martha Smith,1997-02-15 Establishing a book club is a great way to involve parents in promoting literacy to young readers This book shows you how to start a book club in your school or community and it provides bibliographies of literature resources for children Suggested topics and sample book club sessions help you get started and an extensive bibliography arranged by genre guides teachers parents and students in selecting reading material Chapters cover read alouds picture books horror stories multicultural literature poetry science fiction nonfiction and reference bibliotherapy and problem novels award winning books biographies and books in a series For each genre the authors offer a general overview suggest discussion questions provide a bibliography and list resources for further reading Helpful Internet addresses and additional topics are included in the concluding chapter **The ^ABeauty of the Primitive** Andrei A.

Znamenski,2007-07-16 For the past forty years shamanism has drawn increasing attention among the general public and academics There is an enormous literature on shamanism but no one has tried to understand why and how Western intellectual and popular culture became so fascinated with the topic Behind fictional and non fictional works on shamanism Andrei A Znamenski uncovers an exciting story that mirrors changing Western attitudes toward the primitive The Beauty of the Primitive explores how shamanism an obscure word introduced by the eighteenth century German explorers of Siberia entered Western humanities and social sciences and has now become a powerful idiom used by nature and pagan communities to situate their spiritual quests and anti modernity sentiments The major characters of The Beauty of the Primitive are past and present Western scholars writers explorers and spiritual seekers with a variety of views on shamanism Moving from Enlightenment and Romantic writers and Russian exile ethnographers to the anthropology of Franz Boas to Mircea Eliade and Carlos Castaneda Znamenski details how the shamanism idiom was gradually transplanted from Siberia to the Native American scene and beyond He also looks into the circumstances that prompted scholars and writers at first to marginalize shamanism as a mental disorder and then to recast it as high spiritual wisdom in the 1960s and the 1970s Linking the growing interest in shamanism to the rise of anti modernism in Western culture and intellectual life Znamenski examines the role that anthropology psychology environmentalism and Native Americana have played in the emergence of neo shamanism He discusses the sources that inspire Western neo shamans and seeks to explain why lately many of these spiritual seekers have increasingly moved away from non Western tradition to European folklore A work of intellectual

discovery The Beauty of the Primitive shows how scholars writers and spiritual seekers shape their writings and experiences to suit contemporary cultural ideological and spiritual needs With its interdisciplinary approach and engaging style it promises to be the definitive account of this neglected strand of intellectual history *Science Fiction and Fantasy Literature, Vol 1* R. Reginald, 2010-09-01 Science Fiction and Fantasy Literature A Checklist 1700 1974 Volume one of Two contains an Author Index Title Index Series Index Awards Index and the Ace and Belmont Doubles Index **Reid's Read-Alouds 2** Rob Reid, 2011 From humor and drama to science fiction and history Reid makes it easy to find just the right place to begin with unique 10 minute read aloud suggestions drawn from 200 carefully selected titles Science Fiction Literature through History Gary Westfahl, 2021-07-19 This book provides students and other interested readers with a comprehensive survey of science fiction history and numerous essays addressing major science fiction topics authors works and subgenres written by a distinguished scholar This encyclopedia deals with written science fiction in all of its forms not only novels and short stories but also mediums often ignored in other reference books such as plays poems comic books and graphic novels Some science fiction films television programs and video games are also mentioned particularly when they are relevant to written texts Its focus is on science fiction in the English language though due attention is given to international authors whose works have been frequently translated into English Since science fiction became a recognized genre and greatly expanded in the 20th century works published in the 20th and 21st centuries are most frequently discussed though important earlier works are not neglected The texts are designed to be helpful to numerous readers ranging from students first encountering science fiction to experienced scholars in the field *Developing Engaged Readers in School and Home Communities* Linda Baker, Peter Afflerbach, David Reinking, 2012-12-06 This book comprises a synthesis of current directions in reading research theory and practice unified by what has been referred to as the engagement perspective of reading This perspective guides the research agenda of the National Reading Research Center NRRC a consortium of the University of Georgia University of Maryland and affiliated scholars A major goal of the book is to introduce reading researchers to the engagement perspective as defined by the NRRC and to illustrate its potential to integrate the cognitive social and motivational dimensions of reading and reading instruction Engaged readers are viewed as motivated strategic knowledgeable and socially interactive They read widely for a variety of purposes and capitalize on situations having potential to extend literacy The book is organized into four sections representing key components of the NRRC research agenda and the engagement perspective This perspective emphasizes contexts that influence engaged reading Accordingly the first section of the volume focuses on the social and cultural contexts of literacy development with chapters devoted to examining home influences home school connections and the special challenges facing ethnic minorities The engagement perspective also implies greater attention to the role of motivational and affective dimensions in reading development than traditional views of reading Therefore the second section examines motivational theory and its implications for reading

engagement with special attention to characteristics of classroom contexts that promote motivation in reading The engagement perspective embraces innovative instructional contexts that address the cognitive social and motivational aspects of reading Thus the third section includes chapters on current directions in promoting children s learning from text on the value of an integrated curriculum in promoting reading engagement and on the challenges of assessing students development as engaged readers Finally the broader conception of reading implied by the engagement perspective requires an expanded array of research approaches sensitive to the complex and interacting contexts in which children develop literacy The concluding section focuses on these important contemporary issues in literacy research and educational research with chapters examining the variety of alternative modes of inquiry gaining prominence in literacy research teacher inquiry and ethical issues of collaboration between university and teacher researchers Intended for university based researchers graduate students and classroom teachers this volume brings together researchers who think about students and their literacy development in school and home communities in distinctly different ways The cooperative and collaborative inquiry presented contributes to a richer understanding of the many factors influencing engaged reading

Mystical Mushrooms Aurora Kane, 2023-09-12 Mystical Mushrooms defines the beauty of mushrooms by focusing on their magical connections and symbolic meanings through folkloric tales and superstitions throughout the world Go for a walk in the woods on any given summer day and you may find yourself surrounded in fungi galore as they lay nestled among the ferns and trees After a rainstorm peek out in your backyard and you may see tiny spores sprouting from the grass forming what is known as a fairy ring Mushrooms grow in all shapes sizes and colors and depending on where you live you might find some that are conducive to magic practice Mystical Mushrooms enters this realm exploring the magical properties mythological connections and symbolic qualities of the fungi that so intrigue us Author Mandie Quark takes you on a journey through the mystical universe of mushrooms From Buddhist traditions to the concept of fairy rings Quark reveals how mushrooms have long been entwined with the supernatural in art literature and religion This includes topics surrounding Magical History Spells Symbolism Spirituality Coupled with stunningly depicted artwork Mystical Mushrooms explores the qualities of over 75 species of mushroom displaying a range of compelling subjects surrounding the true power of these fabulous fungi
