The Vorkosigan Companion Vorkosigan Saga:

The Vorkosigan Companion Lois McMaster Bujold, 2008-12-01 Master the Vorkosiverse I've always tried to write the kind of book I most loved to read: character centered adventure. Readers return to such books because those characters have become their friends and there is no limit to the number of times you want to be with your friends again. Lois McMaster Bujold from *The Vorkosigan Companion* It's the companion for everything Miles and Vorkosigan. Insightful essays, encyclopedic entries on the characters, the plots, and most of all, the fantastic world building. Plus an extensive story behind the story, an essay on the creation of the books, and a Bujold mini biography. At the publisher's request, this title is sold without DRM (Digital Rights Management). Bujold mixes quirky humor with action and superb character development. Enormously satisfying. Publishers Weekly. *The Vorkosigan Companion* John Helfers, 2010. *Lois McMaster Bujold* Edward James, 2015-07-15 Readers have awarded Lois McMaster Bujold four Hugo Awards for Best Novel, a number matched only by Robert Heinlein. Her Vorkosigan series redefined space opera with its emotional depth and explorations of themes such as bias against the disabled, economic exploitation, and the role of women in society. Acclaimed science fiction scholar Edward James traces Bujold's career, showing how Bujold emerged from fanzine culture to win devoted male and female readers despite working in genres (military SF, space opera) perceived as solely for males. Devoted to old school ideas such as faith in humanity and the desire to probe and do good in the universe, Bujold simultaneously subverted genre conventions and experimented with forms that led her in bold creative directions. As James shows, her iconic hero Miles Vorkosigan, unimposing, physically impaired, self-conscious to a fault, embodied Bujold's thematic concerns. The sheer humanity of her characters, meanwhile, gained her a legion of fans eager to provide her with feedback, expand her vision through fan fiction, and follow her into fantasy. *Biology and Manners* Regina Yung Lee, Una McCormack, 2020 An essay collection that significantly expands previous scholarly writing on award-winning science fiction and fantasy author Lois McMaster Bujold, arguing for the significant contributions her works make to feminist and queer thought, disability studies, and fan studies.

Captain Vorpatri's Alliance Limited Signed Edition Lois McMaster Bujold, 2012-11-06 LIMITED SIGNED EDITION A new installment in the New York Times best-selling award-winning Vorkosigan science fiction adventure series. Book Fourteen in the best-selling Vorkosigan series. GOOD INTENTIONS. BAD INTEL. Captain Ivan Vorpatri sometimes thinks that if not for his family, he might have no troubles at all. But he has the dubious fortune of the hyperactive Miles Vorkosigan as a cousin, which has too often led to his getting dragged into one of Miles' schemes with risk to life and limb and military career that Ivan doesn't consider entirely fair. Although much practice has made Ivan more adept at fending off his mother's less than subtle reminders that he should be getting married and continuing the Vorpatri lineage. Fortunately, his current duty is on the planet Komarr as staff officer to Admiral Desplains, far from both his cousin and his mother back on their homeworld of Barrayar. It's an easy assignment and nobody is shooting at him. What could go wrong? Plenty, it turns out, when Beyerly

Vorrutyer an undercover agent for Imperial Security shows up on his doorstep and asks him to make the acquaintance of a young woman recently arrived on Komarr who seems to be in danger That Byerly is characteristically vague about the nature of the danger not to mention the lady s name should have been Ivan s first clue but Ivan is no more able to turn aside from aiding a damsel in distress than he could resist trying to rescue a kitten from a tree It is but a short step down the road of good intentions to the tangle of Ivan s life in trouble with the Komarran authorities with his superiors and with the lethal figures hunting the mysterious but lovely Tej and her exotic blue companion Rish a tangle to test the lengths to which Ivan will go as an inspired protector But though his predicament is complicated at least Ivan doesn t have to worry about hassle from family Or so he believes About Lois McMaster Bujold s Vorkosigan Saga Fans have been clamoring for Hugo winner Bujold to pen a new Vorkosigan Saga novel her deft and absorbing writing easily corrals the complex plot Publishers Weeklyon Cryoburn Bujold mixes quirky humor with action and superb character development E normously satisfying Publishers Weekly One of sf s outstanding talents an outstanding series Booklist an intelligent well crafted and thoroughly satisfying blend of adventure sociopolitical commentary scientific experiments and occasional perils with that extra spicing of romance Locus About Vorkosigan series entry Diplomatic Immunity Bujold is adept at world building and provides a witty character centered plot full of exquisite grace notes fans will be thoroughly gripped and likely to finish the book in a single sitting Publishers Weekly
