Melmoth the Wanderer Charles Robert Maturin, 1989 Written in 1820 by an eccentric Anglican curate in Dublin this work brought the terrors of the Gothic novel to a new pitch of claustrophobic intensity Its tormented villain a Faustian transgressor desperately seeking a victim to release him from his fatal bargain with the devil was regarded by Balzac as one of the great outcasts of modern literature Maturin's bizarre narrative structure of interlinked tales allows the action of the novel to range from rural Ireland to an idyllic Indian island

Writing to the World Rachael Scarborough King, 2018-06-17 King's pitch for the indebtedness of the genres we know well the novel the biography the magazine piece to letter writing is stylish and convincing Christina Lupton author of *Reading and the Making of Time in the Eighteenth Century* In *Writing to the World* Rachael Scarborough King examines the shift from manuscript to print media culture in the long eighteenth century She introduces the concept of the bridge genre which enables such change by transferring existing textual conventions to emerging modes of composition and circulation She draws on this concept to reveal how four crucial genres that emerged during this time the newspaper the periodical the novel and the biography were united by their reliance on letters to accustom readers to these new forms of print media King explains that as newspapers scientific journals book reviews and other new genres began to circulate widely much of their form and content was borrowed from letters allowing for easier access to these unfamiliar modes of printing and reading texts Arguing that bridge genres encouraged people to see themselves as connected by networks of communication as members of what they called the world of writing King combines techniques of genre theory with archival research and literary interpretation analyzing canonical works such as Addison and Steele's *Spectator* Samuel Johnson's *Lives of the Poets* and Jane Austen's *Northanger Abbey* alongside anonymous periodicals and the letters of middle class housewives This original and groundbreaking work in media and literary history offers a model for the process of genre formation Ultimately *Writing to the World* is a sophisticated look at the intersection of print and the public sphere This erudite sophisticated beautifully written book is a major achievement Thomas Keymer author of *Poetics of the Pillory*

Hats Clair Hughes, 2017-06-01 Although a hat may be designed for the

purpose of practicality or aesthetics it is part of a complex interplay of wider cultural meanings Throughout history hats have played a significant role in expressing and revealing notions of class gender authority fashion and etiquette By examining the consumption and production of hats from the 18th century to the present day this book explores their significance as markers of social and cultural change Taking a thematic approach Clair Hughes charts how headgear during the modern era has been shaped by status gender and necessity Using case studies such as the bowler hat which has moved up and down classes and professions Hughes reveals that although a hat might seem bound to its status and context it is as susceptible to subversion and reinvention as the society which creates it From the transition of pilots helmets from practical headgear to fashion items to the Slouch hat and the baseball cap hats have responded to cultural or political movements often becoming conscious displays of identity and social allegiance Drawing from material and historical research as well as depictions in art literature and film Hughes provides a fascinating insight into hats as a visible performance of social values and culture **The**
