Way of Passion, The: A Celebration of Rumi Andrew Harvey, 2013-01-01 In this sublime book the minds of two mystics intermingle in a work of inspired vision and clarity Jalalud Din Rumi enlightened spiritualist poet of Sufism has been venerated by Moslems everywhere since his death in 1273 No other poet in history not even Shakespeare or Dante has made so exalted and comprehensive an impact on his own civilization and in the latter part of the twentieth century he has become for people of every race and creed the poet of the new mystical Renaissance that is slowly but surely coming to its flowering No one has done more than Andrew Harvey to spread popular awareness of Rumi's message Himself a charismatic mystic he has spent the last twenty years of his life in search of the essential truths that could transform the spiritual barrenness at the heart of modern Western civilization In his books *Love's Fire* *The Way of Passion* Inspired by Rumi's voice and by his own startling ability to see into the innermost heart of life Harvey urges us to change to have faith and to act through Love to transform this time of Apocalypse into the time of Resurrection The passion of his words shines from the pages with an intensity that can embrace and inspire us all

Radical Passion Andrew Harvey, 2012-10-23 This culmination of award winning author Andrew Harvey's life's work bridges the great divide between spiritual resignation and engaged spiritual activism A manifesto for the transformation of the world through the fusion of deep mystical peace with the clarity of radical wisdom it is a wake up call to put love and compassion to urgent focused action According to Harvey we are in a massive global crisis reflected by a mass media addicted to violence and trivialization at a moment when what the world actually needs is profound inspiration a return to the heart centered way of the Divine Feminine the words of the mystics throughout the ages and the cultivation of the nonviolent philosophies of Gandhi Nelson Mandela Aung San Suu Kyi and the Dalai Lama Harvey's concepts of radical passion and sacred activism fly in the face of restraint of pessimism of denial of all that is inhumane fusing the mystic's passion for God with the activist's passion for justice and for healing the division between heaven and earth heart and will body and soul prayer and action Sacred activism asks that we engage deeply on a personal spiritual and political level so as to become a fully empowered fully active and contemplative humanity that can turn tragedy into grace and desolation into the opportunity to build and co create a new world Unlike many spiritual books Radical Passion does not veil the dark with artificial hope It explores the catastrophes of our current times and celebrates the ecstatic hope and divinity that is possible right now and in the future

Dreams Are Letters from the Soul Connie Cockrell Kaplan, 2002 In this guide book Kaplan shows readers

that when they dream they are connecting with the creative force of the universe the collective soul Using excerpts from her own dream journal she describes various forms of dreams which take readers closer to the soul **Mysticism, Aesthetics, and Cosmic Consciousness** Asghar Talaye Minai,2003 The Journal of Transpersonal Psychology ,1995 *The Story of Ramakrishna Mission* Advaita Ashrama,2006 Creating an Imaginative Life Michael Jones,1995 Using poignant personal stories well known pianist Michael Jones shares the process of his creative evolution and invites readers to explore the dimension of creativity in their own lives whether striving to become artists or simply to incorporate creativity into everyday life Packaged with an inspirational CD sampler of Michael Jones music Line drawings **Walt Whitman and the Persian Poets** J. R. LeMaster,Sabahat Jahan,2009 Where did Walt Whitman get his religious ideas This book follows in detail the similarities of the religious beliefs of the American writer humanist and two major classical Persian poets Hafez and Rumi Other books have tried to explain Whitman s religion but none so far has done justice to the topic Some critics have labelled Whitman a pantheist and let it go at that Others have dismissed the topic of religion in Whitman s poems as posturing to gain a readership This work contends that Whitman took religion very seriously His poems are full of religious references He knew the Bible well He also had read Emerson on the poets of the East as well as some of the same poets in translation This book postulates that the counterparts of Whitman s ideas about religion are best found in the Orient and that his ideas on religion have much in common with those of the Sufis The book focuses on the works of the three poets Lines from Whitman are quoted and compared with lines from Rumi and Hafez to illustrate that the three poets conveyed their message through very human actions and emotions Their message which is mystical is conveyed through a secular language and their symbolism is unconventional They attract the reader through their humanness and in doing so attempt to lead the reader to recognition of the divine existing both inside and outside of themselves Like Whitman Rumi and Hafez realise that God is both transcendent and immanent and as a result encourage their readers to seek the Divine everywhere especially within themselves Man s true home they contend is his Divine origin Man is infinitely bound up with God is never separate from God Whitman s long poem titled Song of Myself has created much controversy over the years and Whitman has often been labelled an extreme egotist Walt Whitman and the Persian Poets illustrates that all three poets see their egotism as a result of their complete faith in God s omnipresence and their ability to recognise Him in every aspect of creation As did Emerson all three hold a belief in the simultaneous transcendence and immanence of God In short they see themselves as God intoxicated as reflections of God in the phenomenal world Therefore as do the Sufi poets Whitman sees man and God as one
