History of Evil in the Early Modern Age Daniel Robinson, 2018-06-14 The third volume of *The History of Evil* encompasses the early modern era from 1450-1700. This revolutionary period exhibited immense change in both secular knowledge and sacred understanding. It saw the fall of Constantinople and the rise of religious violence, the burning of witches and the drowning of Anabaptists, the ill treatment of indigenous peoples from Africa to the Americas, the reframing of formal authorities in religion, philosophy and science, and it produced profound reflection on good and evil in the genius of Shakespeare, Milton, Bacon, Teresa of Avila and the Cambridge Platonists. This superb treatment of the history of evil during a formative period of the early modern era will appeal to those with interests in philosophy, theology, social and political history and the history of ideas.

Joy Unspeakable Barbara A. Holmes, 2017-10-15 *Joy Unspeakable* focuses on the aspects of the Black church that point beyond particular congregational gatherings toward a mystical and communal spirituality not within the exclusive domain of any denomination. This mystical aspect of the black church is deeply implicated in the well being of African American people but is not the focus of their intentional reflection. Moreover, its traditions are deeply ensconced within the historical memory of the wider society and can be found in Coltrane's riffs, Malcolm's exhortations, the social activism of the Black Lives Matter Movement and the presidency of Barack Hussein Obama. The research in this book, through oral histories, church records and written accounts, details not only ways in which contemplative experience is built into African American collective worship but also the legacy of African monasticism, a history of spiritual exemplars and unique meditative worship practices. A groundbreaking work in its original edition, *Joy Unspeakable* now appears in a new revised edition to address the effects of this contemplative tradition on activism and politics and to speak to a new generation of readers and scholars. **Yearbook**

of International Religious Demography 2017, 2017-07-20 The *Yearbook of International Religious Demography* presents an annual snapshot of the state of religious statistics around the world. Every year, large amounts of data are collected through censuses, surveys, polls, religious communities, scholars and a host of other sources. These data are collated and analyzed by research centers and scholars around the world. Large amounts of data appear in analyzed form in the *World Religion Database* (Brill), aiming at a researcher's audience. The *Yearbook* presents data in sets of tables and scholarly articles spanning social science, demography, history and geography. Each issue offers findings, sources, methods and implications surrounding international religious demography. Each year, an assessment is made of new data made available since the previous issue of the yearbook. The 2017 volume features a wide range of subjects including religious demography in Botswana, Protestantism in Guatemala, life satisfaction in Japan, fertility rates in the West Bank and Gaza Strip and the movement of Muslims from the Middle East to Europe. Contributors are Todd M. Johnson, Gina Zurlo, Peter Crossing, Muhammad Haron, Rachel M. McCleary, Robert J. Barro, Kimiko Tanaka, Jeong Hwa Ho, Nan E. Johnson, Antonius Liedhegener, Anastas Odermatt, Michaela Potanokov, Marcin Stonawski, Anna Krysińska, Ana S. West African Religion, 1983 West African Religious Traditions Robert B. Fisher, 1998

West African Religious Traditions provides a unique and accessible way for readers to understand the dynamics and structures of traditional African religion and to see its resonances in African American religious life today. Focusing on the Akan of Ghana, this book is the result of the author's lifetime of close collaboration with Ghanaians at all levels of that West African nation. *West African Religious Traditions* is a remarkable entree into a fascinating world of African religion and culture. Fisher has lived and taught in Ghana and brings to his writing both love for Africa and the keen eye of a trained liturgist who knows the importance of grounding his statement of principles in concrete observations of song, dance, ceremonies and recitations of mythic narratives. Ghanaians have been involved at every stage of the writing and re-writing of this book, helping to clarify the material. The result is an up-to-date, well-researched and student-ready volume whose study questions and bibliography make it ideal for classroom use.
