Shanks, 2015-10-01 When the pulp magazine Weird Tales appeared on newsstands in 1923 it proved to be a pivotal moment in the evolution of speculative fiction Living up to its nickname The Unique Magazine Weird Tales provided the first real venue for authors writing in the nascent genres of fantasy horror and science fiction Weird fiction pioneers such as H P Lovecraft Robert E Howard Clark Ashton Smith Robert Bloch Catherine L Moore and many others honed their craft in the pages of Weird Tales in the 1920s and 1930s and their work had a tremendous influence on later generations of genre authors In The Unique Legacy of Weird Tales The Evolution of Modern Fantasy and Horror Justin Everett and Jeffrey Shanks have assembled an impressive collection of essays that explore many of the themes critical to understanding the importance of the magazine This multi disciplinary collection from a wide array of scholars looks at how Weird Tales served as a locus of genre formation and literary discourse community There are also chapters devoted to individual authors including Lovecraft Howard and Bloch and their particular contributions to the magazine As the literary world was undergoing a revolution and mass produced media began to dwarf high brow literature in social significance Weird Tales managed to straddle both worlds This collection of essays explores the important role the magazine played in expanding the literary landscape at a very particular time and place in American culture The Unique Legacy of Weird Tales will appeal to scholars and aficionados of fantasy horror and weird fiction and those interested in the early roots of these popular genres *Weird Tales* ,1924

Weird Tales of Modernity Jason Ray Carney, 2019-08-09 Serious literary artists such as T S Eliot James Joyce and Virginia Woolf loom large in most accounts of the literary art of the first half of the 20th century And yet working in the shadows cast by these modernists were science fiction horror and fantasy writers like the Weird Tales Three H P Lovecraft Clark Ashton Smith and Robert E Howard They did not publish in artistically ambitious magazines like Dial The Smart Set and The Little Review but instead in commercial pulp magazines like Weird Tales Contrary to the stereotypes about pulp fiction and those who wrote it these three were serious literary artists who used their fiction to speculate about such philosophical questions as the function of art and the brevity of life **The Best of Weird Tales** Marvin Kaye, 1997-01-01

Weird Tales has always been the most popular and sought after of all pulp magazines. Its mix of exotic fantasy, horror, science fiction, suspense, and the just plain indescribable has enthralled generations of readers throughout the world. Collected here are 13 of the best short stories published in Weird Tales' first year of publication, 1923, classics by many who would later play an integral part in the Unique Magazine, such as H. P. Lovecraft, Frank Owen, and Farnsworth Wright. Fantastic Stories Presents the Weird Tales Super Pack #2 Robert E. Howard, Fritz Leiber, H. P. Lovecraft, 2016-09-13

Weird Tales launched in March of 1923 and the world was never the same again. While pulp magazines had been around for some time, Weird Tales was the first pulp magazine to specialize in super natural fiction. Weird Tales single handedly created the field of genre fiction as we know it. No longer did readers of Fantasy, Science Fiction, and Horror have to seek out single stories in otherwise mundane magazines; now they had a magazine all of their own that published only the stories that they wanted to read. Collected in this anthology are over two hundred thousand words of some of the greatest stories ever published in the pages of Weird Tales. Included are Red Nails by Robert E. Howard, The Tree of Life by C. L. Moore, Birthmark by Seabury Quinn, Spider Mansion by Fritz Leiber, Evolution Island by Edmond Hamilton, The Monkey Spoons by Mary Elizabeth Counselman, The Diamond Lens by Fitz James O'Brien, The Dunwich Horror by H. P. Lovecraft, The Salem Horror by Henry Kuttner, The Haunted Burglar by W. C. Morrow, The Lost Gods by Dorothy Quick, The Terror Of The Water Tank by William Hope Hodgson, The White Feather Hex by Don Peterson, The Death of Ilalotha by Clark Ashton Smith, Each Man Kills by Victoria Glad, The Disc Recorder by August Derleth, The Doors of Death by Arthur B. Waltermire, Where Are You Mr. Biggs by Nelson S. Bond, The Invaders by Benjamin Ferris, The Three Pools and the Painted Moon by Frank Owen, Werewolf of the Sahara by G. G. Pendarves, The People of the Black Circle by Robert E. Howard. The Weird Tale S. T. Joshi, 2003-01-01

The leading critic of supernatural literature here examines the roots of the weird tale as Lovecraft called it through detailed examinations of five founding fathers of the genre: Arthur Machen, Lord Dunsany, Algernon Blackwood, M. R. James, and H. P. Lovecraft. The result is a thorough study of the art, craft, philosophy, and aesthetics of an enduring genre of fantastic literature. **Weird Tales** Lin Carter, 1980. Weird tales Frederick Brigham De Berard, 1902. **Sisters of Tomorrow** Lisa Yaszek, Patrick B. Sharp, 2016-06-07

Anthology of stories, essays, poems, and illustrations by the women of early science fiction. For nearly half a century, feminist scholars, writers, and fans have successfully challenged the notion that science fiction is all about boys and their toys, pointing to authors such as Mary Shelley, Clare Winger Harris, and Judith Merril as proof that women have always been part of the genre. Continuing this tradition, *Sisters of Tomorrow: The First Women of Science Fiction* offers readers a comprehensive selection of works by genre luminaries, including author C. L. Moore, artist Margaret Brundage, and others who were well known in their day, including poet Julia Boynton Green, science journalist L. Taylor Hansen, and editor Mary Gnaedinger. Providing insightful commentary and context, this anthology documents how women in the early twentieth century contributed to the pulp magazine community and showcases the content they produced, including short stories.

editorial work illustrations poetry and science journalism Yaszek and Sharp's critical annotation and author biographies link women's work in the early science fiction community to larger patterns of feminine literary and cultural production in turn of the twentieth century America In a concluding essay the award winning author Kathleen Ann Goonan considers such work in relation to the history of women in science and engineering and to the contemporary science fiction community itself

The Call of Cthulhu and Other Weird Stories H. P. Lovecraft,1999-10-01 A definitive collection of stories from the unrivaled master of twentieth century horror I think it is beyond doubt that H P Lovecraft has yet to be surpassed as the twentieth century's greatest practitioner of the classic horror tale Stephen King Frequently imitated and widely influential Howard Philips Lovecraft reinvented the horror genre in the 1920s discarding ghosts and witches and instead envisioning mankind as a tiny outpost of dwindling sanity in a chaotic and malevolent universe S T Joshi Lovecraft's preeminent interpreter presents a selection of the master's fiction from the early tales of nightmares and madness such as The Outsider to the overpowering cosmic terror of The Call of Cthulhu More than just a collection of terrifying tales this volume reveals the development of Lovecraft's mesmerizing narrative style and establishes him as a canonical and visionary American writer For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators

Far Below and Other Weird Stories Robert Barbour Johnson,2021-11-15 For the first time Far Below and Other Weird Stories contain all of Robert Barbour Johnson's weird fiction in one book plus three essays selected by S T Joshi His stories were admired by H P Lovecraft and Far Below was voted in 1953 by readers as the best story ever published in Weird Tales magazine His stories are distinctive and frequently use common motifs such as inanimate objects coming to life ancestral curses vampires werewolves witches and so on He always manages to infuse new life into these venerable themes by innovative treatment and writes with an intense Poe like style which makes his weird fiction entertaining to read
