The Intelligible Metropolis Nora Pleßke, 2014-08-15 Writings on the metropolis generally foreground illimitability stressing thereby that the urban ultimately remains both illegible and unintelligible Instead the purpose of this interdisciplinary study is to demonstrate that mentality as a tool offers orientation in the urban realm Nora Ple ke develops a model of urban mentality to be employed for cities worldwide Against the background of the Spatial Turn she identifies dominant urban specific structures of London mentality in contemporary London novels such as Monica Ali s *Brick Lane* J G Ballard s *Millennium People* Nick Hornby s *A Long Way Down* and Ian McEwan s *Saturday*

Research Handbook on Urban Sociology Miguel A. Martínez, 2024-04-12 Emphasising the social critical and situated dimensions of the urban this comprehensive Research Handbook presents a unique collection of theoretical and empirical perspectives on urban sociology Bringing together expert contributors from across the world it provides a rich overview and research agenda for contemporary urban sociological scholarship

Urban Recovery Howayda Al-Harithy, 2021-05-19 This book calls for re conceptualising urban recovery by exploring the intersection of reconstruction and displacement in volatile contexts in the Global South It explores the spatial social artistic and political conditions that promote urban recovery Reconstruction and displacement have often been studied independently as two different processes of physical recovery and human migration towards safety and shelter It is hoped that by intersecting or even bridging reconstruction with displacement we can cross

fertilize and exploit both discourses to reach a greater understanding of the notion of urban recovery as a holistic and multi layered process This book brings multidisciplinary perspectives into conversation with each other to look beyond the conflict related displacement and reconstruction and into the greater processes of crises and recovery It uses empirical research to examine how trauma crisis and recovery overlap coexist collide and redefine each other The core exploration of this edited collection is to understand how the oppositional framing of destruction versus reconstruction and place making versus displacement can be disrupted how displacement is spatialized and how reconstruction is extended to the displaced people rebuilding their lives environments and memories in new locations In the process displacement is framed as agency the displaced as social capital post conflict urban environments as archives and reconstructions as socio spatial practices With local and international insights from scholars across disciplines this book will appeal to academics and students of urban studies architecture and social sciences as well as those involved in the process of urban recovery The Politics of Sacred

Places Nimrod Luz,2023-09-07 The Politics of Sacred Places is a study of the socio political dimensions of sacred sites in Israel Palestine drawing on over 20 years of in depth ethnographic research which introduces cutting edge theories on secularization struggles for recognition and diversity issues This book focuses on contemporary sacred sites and their socio political meanings for minorities within a hegemonic and a secularizing state system It argues that sacred places provide a space that is less scrutinized by the state and where alternative visions of the socio political may be produced A plethora of sites and case studies are examined including the rural shrine of Maqam abu al Hijja in the lower Galilee the Mosque of Hassan Bek in the heart of Tel Aviv Jaffa and the most disputed sacred place in the region the Haram al Sharif in Jerusalem These sites are explored through mostly a phenomenological lens and in various contexts from the individual body to the global This book offers a critical analytical study of the socio political aspects of sacred sites in contemporary societies within the broader understanding of scale and the spatial turn in the study of religion **Social Dynamics of the Urban N.**

Jayaram,2017-08-10 This volume emphasises the sociological view that cities are primarily about people not places or buildings and explores the social dynamics of urban space in globalising India Distinguishing between locale and milieu and the community cosmopolitanism dialectic in urban areas it elucidates the thematic for urban sociology today The chapters explore the various perspectives and processes in understanding the urban predicament in India today The contributors specifically ask What are the characteristics of the fastest growing cities in India What are the forces shaping their forms and processes Who benefits from what type of livelihood options cities offer How have city administrations been dealing with mounting demands for housing energy and water resources and problems of mass transportation What implications do these have for the ecology of the city and the surrounding areas Given the heterogeneity of urban populations what social processes are at work and how they affect city zenship and identity What aspirations and tensions are expressed among different groups and what implications do these have for inter group relations What challenges do inter group relations pose

for urban planning and administration The contributors include renowned scholars as also young researchers They go beyond their disciplinary moorings of economics history political science social work and sociology and their trans disciplinary dialogues carry inputs from policy makers administrators and grassroots activists working in urban areas **George Gissing, the Working Woman, and Urban Culture** Emma Liggins, 2017-09-29 George Gissing's work reflects his observations of fin de siècle London life Influenced by the French naturalist school his realist representations of urban culture testify to the significance of the city for the development of new class and gender identities particularly for women Liggins's study which considers standard texts such as *The Odd Women* *New Grub Street* and *The Nether World* as well as lesser known short works examines Gissing's fiction in relation to the formation of these new identities focusing specifically on debates about the working woman From the 1880s onward a new genre of urban fiction increasingly focused on work as a key aspect of the modern woman's identity elements of which were developed in the New Woman fiction of the 1890s Showing his fascination with the working woman and her narrative potential Gissing portrays women from a wide variety of occupations ranging from factory girls actresses prostitutes and shop girls to writers teachers clerks and musicians Liggins argues that by placing the working woman at the center of his narratives rather than at the margins Gissing made an important contribution to the development of urban fiction which increasingly reflected current debates about women's presence in the city
