The Victims Of Crime

Alline Pedra Jorge

The Victims Of Crime:

Victims of Crime Robert C. Davis, Arthur J. Lurigio, Susan Herman, 2007-02-21 This edition provides up to date reports on criminal victimization including current trends the emotional impact of crime the needs and problems of certain victims and victim participation in the criminal justice system

The Victims of Crime Robert A. Jerin, Laura J. Moriarty, 2010 The Victims of Crime provides indispensable information on all aspects of crime victimization victims rights and victims services Organized in an easy to follow four part format it provides a look at important events in the field up to date statistical victimization data and a theoretical understanding of how and why individuals become victims of crime Taking a systems approach it devotes extensive coverage to the crime victim s interaction with the criminal justice system and includes an entire chapter on economic victimizations

Victims of Crime Robert C. Davis, Arthur J. Lurigio, Susan Herman, 2012-09-21 The Fourth Edition of this widely used and respected book has been thoroughly revised and updated to include newly contributed and updated articles utilizing the latest research and studies in the areas of violence abuse and victims rights from experts in the field It has a stronger focus on emerging issues and policies in the field of victimology than other comparable texts and offer the most current research thinking and best practices regarding crime victims and crime victim services Using an engaging and comprehensible format editors Robert C Davis Arthur J Lurigio and Susan Herman provide a synopsis of the contemporary literature and debates on significant topics in the field of criminal victimization

What Works for Crime Victims Alline Pedra Jorge, 2021-01-26 After the Second World War the role of the victim in criminal conflict became an object of interest for academics But it was only in the 1960s that the importance of providing protection and assistance to crime victims was highlighted in particular by the victims movement which inaugurated a new era of criminal justice in systems throughout the world Moving beyond just the role of controlling crime and punishing the offender the criminal justice system also began to contribute to the victims rehabilitation and to help the victim to move on from the event psychologically and emotionally Although some criminological research was conducted on this topic the effect that the criminal justice system and victim support services have on the well being of crime victims is still uncertain The current study sought to understand the healing process of victims of crime the potential consequences of their participation on the criminal justice system and the support of victim centers Moreover it aimed to find out whether the existence of a Victim Support Act would change the treatment that the victim receives in the criminal justice system Thus this research was conducted based in two countries Switzerland and Brazil where the outcome of the victims movement on the criminal justice system was different as was the participation of the victim in the criminal justice system and the government s provision of support In order to conduct this research the qualitative method was employed which is the most efficient to gather sensitive information Interviews with crime victims were the main source of information Hearing observation and document research were used as complementary sources The results of this research show that victims who have contact with the criminal

justice system and victim services are not more likely to recover than those who had no contact This is to say the support offered has no major effects the influence of the criminal justice system and the victim support services in the emotional well being of crime victims is rather neutral However considering that the sample is not representative findings are not expected to be generalized Instead findings may give insight to practitioners or to future criminal justice policy makers suggesting what may work to improve the emotional well being of crime victims as well as suggesting further studies Victims of Crime and the Victimization Process McShane,2013-12-16 Volume 6 in the 6 volume series titled Criminal Justice Contemporary Literature in Theory and Practice This compilation of articles attempts to fill gaps in existing resources with some of the best current statements on the topic Subjects include the characteristics of victims the effects of crime on victims and some contemporary theories of victimization Also included are evaluations of a variety of victim oriented policies and programs such as victim assistance peace making and victim impact statements This title will be of great utility to students scholars and others with interests in the literature of criminal justice and criminology **Rights for Victims of Crime** Irvin Waller,2010-12-16 When the victims of injustice lose faith in their justice system the crime they ve endured cuts only deeper adding insult to injury The time has come to face the truth that most victims of crime will not have their needs met and often won t experience our systems of justice as just This short book makes its readers experts in advocating rights for victims of crime It empowers taxpayers voters and potential victims of crime to make the case to rebalance justice and support victims Written for the millions of victims of crime and their friends and families it helps to transform an antiquated system of criminal and civil justice into a modern system that is just and fair shifting from neglect to respect and support While some laws in the USA and elsewhere do support victims by providing assistance compensation and protection from the accused this book also sheds a harsh light upon their inadequate implementation Police services must catch crooks but make victims their client Courts must balance rights for defendants and victims Services for women children and elderly victims must be adequately funded Restitution from offenders must be ordered and collected not overlooked Fair compensation from the state must change from a secret to a given The prevention of victimization must be the budget priority not mass incarceration Despite the speeches and the United Nations norms governments still leave most victims of crime without basic information support and assistance let alone respect and remedies in courts If you are not yet one of those victims of crime social responsibility requires you to ensure that your country s systems of justice are fair to those who are and for them this book provides an answer Crime Victims Andrew Karmen,1984 CRIME VICTIMS AN INTRODUCTION TO VICTIMOLOGY is a innovative and comprehensive guide that offers balanced coverage on this controversial subject A must have for anyone interested in this field **Victims Still** Robert Elias,1993-04-19 Official crime policy shifted its focus from crime and criminals to victimization and victims in the 1980s and early 1990s As a result crime victims were the subject of extensive new legislation addressing victim needs rights and services But did these initiatives really help victims or did they help

further Reagan and Bush administration law and order policies for curbing offender and public rights in favor of increasing police power And has such power escalated incidents like the Rodney King case in Los Angeles In this controversial and thought provoking book Robert Elias evaluates the effectiveness of the last decade s victim policy and argues that victims have been politically manipulated for official objectives As a result little victim support has occurred and victimization keeps escalating He reaches these conclusions from a thorough examination of victim legislation get tough crime policies media crime coverage the victim movement and the wars on crime and drugs Finally he proposes solutions that could lead to substantially less crime Students and professionals of criminology victimology policy studies and political science will find Victims Still an exceptionally stimulating resource In Victims Still Elias demonstrates again that he is a preeminent scholar in the field of victimology This work provides a unique provocative and elucidative account of the politicization of the victims movement as well as the social and political ramifications of the get tough crime policies and enforcement strategies of the 1980s Dr Elias raises serious and challenging questions about the currency of conventional responses to crime victims and offenders Victims Still should be required reading for crime victim researchers and program practitioners This book offers a thoughtful reconsideration of the causes of crime and violence in America Professor Elias s solutions to the crime problem are sweeping and progressive Arthur J Lurigio Ph D Loyola University of Chicago

The United Nations Crime Prevention and Criminal Justice Program Roger S. Clark,1994-01-29 Examines the UN Crime Prevention and Criminal Justice Programme Describes the adoption of the various United Nations norms and standards that originated within the programme provides a consideration of some of the major instruments adopted under the auspices of the programme and examines efforts to progress from the promulgation of standards and norms to their monitoring and implementation

The Encyclopedia of Crime and Punishment Wesley G. Jennings,George E. Higgins,Mildred M. Maldonado-Molina,David N. standing 3 Volumes www.crimeandpunishmentencyclopedia.com *Crime: Violence and the Elderly* United States. Congress. House. Select Committee on Aging, 1986 Criminology Edwin Hardin Sutherland, 1924 *Congressional Record* United States. Congress, 2009 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Victimization and Fear of Crime** Richard Block, 1984 **The Victims of Crime Assistance Act of 1984** United States. Congress. Senate. Committee on the Judiciary, 1985 **Victims of the System** Robert Elias, 2017-11 This important new book on criminology is a major attempt to evaluate actual victim compensation programs as well as their political and economic contexts through the eyes of the victims themselves Elias traces the experiences of violent crime victims throughout the entire criminal justice process comparing New York's and New Jersey's victim compensation programs He shows how programs differ when compensation is viewed essentially as welfare and when it is viewed as a right The study uses extensive interviews with officials and with violent crime victims The study indicates victim compensation programs largely fail to achieve their stated goals of improving attitudes toward the criminal justice system and the government The programs produce poor attitudes toward government and criminal justice **Victims, Crime and Society** Pamela Davies, Peter Francis, Chris Greer, 2007-11-18 Focusing on key issues themes and concepts within victimology this edited collection provides an accessible and comprehensive critical analysis of crucial areas within victimisation The main theories are related to and integrated with empirical research in an engaging style Dr Anette Ballinger Keele University This book achieves the rare feat of helping its readers without patronising them The aids to the reader tables boxes glossaries questions and suggestions for further reading will prove genuinely helpful to students and their teachers but they appear within a text that is theoretically informed as well as comprehensive and up to date in its coverage It deserves to be widely read and used in the teaching of criminology victimology and criminal justice Professor David Smith University of Lancaster UK Organized around the intersecting social divisions of class race age and gender the book provides an engaging and authoritative overview of the nature of victimisation in society In addition to a review of the major theoretical developments in relation to understanding aspects of victimization in society individual chapters explore the political and social context of victimisation and the historical comparative and contemporary research and scholarly work on it Each chapter includes the following Background and glossary Theory research and policy review Thinking critically about sections Reflections and future research directions Summary and conclusions Annotated bibliography Victims Crime and Society is the essential text on victims for students of criminology criminal justice community safety youth justice and related areas **Forensic Emergency Medicine** Jonathan S. Olshaker, M. Christine Jackson, William S. Smock, 2007 Updated for its Second Edition this text provides the information

emergency departments need about the medicolegal aspects of treating victims of violence motor vehicle accidents sexual assault child abuse elder abuse and intimate partner abuse It offers detailed guidelines on interviewing and examining the victim and collecting preserving and documenting evidence for legal proceedings The book includes a chapter by an attorney on expert testimony and a chapter on forensic photography A full color photo insert illustrates injury patterns and key evidence This edition provides increased coverage of motor vehicle accidents DNA evidence and new drugs of abuse

Victims' Rights Douglas E. Beloof, 2012-04-06 This invaluable one stop reference source supplies students and general readers with historical and current information on the victims rights revolution in the United States providing analysis on everything from human rights reports to Supreme Court cases that allows the reader to fully understand these documents Victims rights represent the greatest change in the criminal justice system within the last 30 years Victims Rights A Documentary and Reference Guide traces the origins evolution and results of the victims rights movement It puts victims rights in a legal historical and contemporary context and comprehensively collects important victims rights documents in a single volume perfect for students as well as general readers Bringing together dozens of varied documents such as presidential task force reports and recommendations Supreme Court cases state constitutions human rights reports critical articles and political documents this book is an indispensable resource for those seeking to understand the origins and modern consequences of American victims rights policy The author's accompanying commentary and analysis helps the reader to gain a complete comprehension of the significance of these documents while numerous bibliographic sources provide additional resources for interested readers

Victims, Crime, and Social Control Eduard A. Ziegenhagen, 1977 This book examines the implications of the victim's role in contemporary society emphasizing their role in the social control of criminals It provides an overview of developments in the concept of victim the lack of agreement among legal scholars social scientists and psychiatrists as to the nature of the victim and discusses the strong impetus of criminologists to narrow the definition of victim linking it to crime and criminals This linkage has given victims an ongoing place in the process of social control Victims have a role in the trial and prosecution of offenders but as a particular kind of witness whose personal needs are subordinate to the needs of the criminal process The new availability of public programs for victims are discussed but in the context of how these programs have been designed as much as to control criminals as to meet the needs of victims
