The Warrior Fisherman An Insignificance Short Story:

Vernal Amours Ursula W. Schneider, 2004-12-14 Eleven short stories are united by the common theme of a woman's journey. Her voyage begins with a repressive childhood in an authoritarian war-torn society and continues through periods of awakening and self-discovery in which she finds the hidden strength to support herself in new worlds and raise a family. Although the stories are quite different in time and place in mood and color, there is a thread that connects the main character with each happening, each new encounter, each mishap and each joy. The tales show a woman enamored with the ideal of love yet unable to understand and enjoy sex. It is a woman who adores men but is afraid of their physical power, their superior muscular strength, a woman who had many lovers, not to mention two husbands but was unable or unwilling to hold on to them.
