The Winner Takes It All A Something New Novel

Wolfgang Guggemos

The Winner Takes It All A Something New Novel:

Winner-Take-All Politics Jacob S. Hacker, Paul Pierson, 2010-09-14 A groundbreaking work that identifies the real culprit behind one of the great economic crimes of our time the growing inequality of incomes between the vast majority of Americans and the richest of the rich We all know that the very rich have gotten a lot richer these past few decades while most Americans haven't In fact the exorbitantly paid have continued to thrive during the current economic crisis even as the rest of Americans have continued to fall behind Why do they have it all so much more And how have they managed to restructure the economy to reap the lion's share of the gains and shift the costs of their new economic playground downward tearing new holes in the safety net and saddling all of us with increased debt and risk Lots of so called experts claim to have solved this great mystery but no one has really gotten to the bottom of it until now In their lively and provocative Winner Take All Politics renowned political scientists Jacob S. Hacker and Paul Pierson demonstrate convincingly that the usual suspects foreign trade and financial globalization technological changes in the workplace increased education at the top are largely innocent of the charges against them Instead they indict an unlikely suspect and take us on an entertaining tour of the mountain of evidence against the culprit The guilty party is American politics Runaway inequality and the present economic crisis reflect what government has done to aid the rich and what it has not done to safeguard the interests of the middle class The winner take all economy is primarily a result of winner take all politics In an innovative historical departure Hacker and Pierson trace the rise of the winner take all economy back to the late 1970s when under a Democratic president and a Democratic Congress a major transformation of American politics occurred With big business and conservative ideologues organizing themselves to undo the regulations and progressive tax policies that had helped ensure a fair distribution of economic rewards deregulation got under way taxes were cut for the wealthiest and business decisively defeated labor in Washington And this transformation continued under Reagan and the Bushes as well as under Clinton with both parties catering to the interests of those at the very top Hacker and Pierson's gripping narration of the epic battles waged during President Obama's first two years in office reveals an unpleasant but catalyzing truth winner take all politics while under challenge is still very much with us Winner Take All Politics part revelatory history part political analysis part intellectual journey shows how a political system that traditionally has been responsive to the interests of the middle class has been hijacked by the superrich In doing so it not only changes how we think about American politics but also points the way to rebuilding a democracy that serves the interests of the many rather than just those of the wealthy few How to Win in a Winner-Take-All World Neil Irwin, 2025-06-25 From New York Times bestselling author and senior economic correspondent at The New York Times how to survive and thrive in this increasingly challenging economy Every ambitious professional is trying to navigate a perilous global economy to do work that is lucrative and satisfying but some find success while others struggle to get by In an era of remarkable economic change how should you navigate your career to increase

your chances of landing not only on your feet but ahead of those around you In *How to Win in a Winner Take All World* Neil Irwin senior economic correspondent at the New York Times delivers the essential guide to being successful in today s economy when the very notion of the job is shifting and the corporate landscape has become dominated by global firms He shows that the route to success lies in cultivating the ability to bring multiple specialties together to become a glue person who can ensure people with radically different technical skills work together effectively and how a winding career path makes you better prepared for today s fast changing world Through original data close analysis and case studies Irwin deftly explains the 21st century economic landscape and its implications for ambitious people seeking a lifetime of professional success Using insights from global giants like Microsoft Walmart and Goldman Sachs and from smaller lesser known organizations like those that make cutting edge digital effects in Planet of the Apes movies or Jim Beam bourbon *How to Win in a Winner Take All World* illuminates what it really takes to be on top in this world of technological complexity and global competition

The Winner Takes It All Jennifer Dawson,2014-12-01 For two stubborn people losing is not an option A high powered romance with laugh out loud humor Publishers Weekly Corporate mogul Shane Donovan sees the ultra cool collected Cecilia Riley as an ice queen even if he can t deny that on the surface she s a work of perfection his body can t ignore Forced to spend two weeks in the same house with her for his sister s upcoming wedding Shane senses that deep down Cecilia mirrors his need And he s determined to draw her into a sexy game that will melt away her reserve Career driven Cecilia has just enough free time in her schedule to head out of town for her brother s wedding But her agenda is thrown for a loop by the presence of Shane Though his over confident attitude leaves a lot to be desired his insanelly hot body has kept Cecilia up nights Unsure what game Shane is playing Cecilia takes the bait bent on resisting him at all costs But as Shane and Cecilia discover temptation follows no rules But as Shane and Cecilia discover temptation follows no rules
