*A Hindu-Jewish Conversation* Rachel Fell McDermott, Daniel F. Polish, 2024-02-15 *A Hindu Jewish Conversation* Root Traditions in Dialogue is a historical theological and phenomenological engagement of the Hindu and Jewish traditions two root traditions that give rise to other in some ways very different types of religious traditions Rachel Fell McDermott and Daniel F Polish explore conceptions of the divine which are frequently cited as the most serious obstacle to a serious theological engagement between the two traditions differences in attitude towards heroes saints and holy people the religious resources and challenges experienced by Hindu and Jewish women what can be learned about Hindu and Jewish spiritual outpouring by comparing Hindu devotional poetry and the Book of Psalms the ways in which the two traditions address the fraught question of theodicy or why bad things happen to good people the status of the land and nationalist claims on it and the uncomfortable question of caste and its possible social parallels in the Jewish tradition The authors weave considerations of these topics into an ongoing conversation that offers students of both traditions new ways of thinking both about their intersections and about the history of religion in general A coda explores these same issues by recounting an actual series of discussions convened between Hindu and Jewish practitioners

### **Interreligious Learning and Teaching** Kristin Johnston

Largen, Mary E. Hess, Christy Lohr Sapp, 2014 There is still resistance in Christian institutions to interreligious dialogue The author provides not only the theological grounding for such a position but also advice on how to teach and live out this conviction in a way that promotes greater understanding and respect for others and engenders a deeper appreciation of one's own faith tradition

Reading the Bible with Richard Hooker Daniel Eppley, 2016-03-01 Many of the divisions facing Christians today include disagreements over the interpretation of Scripture These disagreements arise not only regarding the meaning of particular biblical passages but also involve different approaches to determining how the meaning of Scripture is discerned Such disagreement over the interpretation of Scripture is nothing new Insights available from past efforts to resolve disputes over interpretation can be a valuable resource for modern efforts to facilitate intra Christian dialogue This study elucidates the biblical hermeneutic championed by Richard Hooker a formative figure of the Anglican tradition to recommend it as a resource for modern Christians In his approach to interpreting scripture Hooker recognizes the importance of both rational reflection and inspired insight while also treading a middle path that balances the respect due to interpretive authorities against the responsibilities of the individual conscience These and other elements of Hooker's hermeneutic make it a valuable resource for those who seek to promote dialogue and reconciliation in a divided church

**Teaching for a Multifaith World** Eleazar S. Fernandez, 2017-05-05 When religious diversity is our reality radical hospitality to people of other faiths is not a luxury but a necessity More than necessary for our survival radical hospitality to religious diversity is necessary if we are to thrive as a global society By no means does the practice of hospitality in a multifaith world require that we be oblivious of our differences On the contrary it demands a respectful embrace of our differences because that's who we are Neither does radical hospitality require that we water down our commitment because faithfulness and openness are not contradictory We must be able to say with burning passion that we are open to the claims

of other faiths because we are faithful to our religious heritage The essays in this book do not offer simply theological exhortations they offer specific ways of how we can become religiously competent citizens in a multifaith world Let s take the bold steps of radical openness with this book on our side

**Christian Theology in a Pluralistic Age** David H. Jensen,2024-12-16 How does today s context of radical pluralism affect Christian theology Can Christian theologians be claimed by more than one religious tradition What makes constructive interreligious dialogue possible The authors of this volume explore the challenges and opportunities of religious diversity and religious non affiliation for Christian faith By exploring the ways in which engagement of other traditions changes them these theologians offer hopeful reflections for the church s dialogical future

**WHEN--Questions for Catholicism** Michael J. Tkacik,2022-07-01 Jesus calls the church to be a sacrament to the world Sadly many women LGBTQ persons people of other faiths and lay persons experience suffering due to certain words and actions of the Catholic Church At times the language and practices of the church leave some people feeling as if their voices have been silenced their roles limited and their vocations impeded Some often feel underappreciated and disrespected This work explores a vision for the future church which faces these challenges and illuminates possible solutions Every person has gifts given by God for the building up of the church Through a thorough exploration of biblical and church teachings alternative views of these issues provide a path to inclusion for all This book is intended to bring comfort hope and healing to those who have been marginalized It also offers a map for the church as it journeys to be more of what Christ calls it to be In a manner faithful to the gospel reforms for the church are considered that open it to what the Spirit might be saying When is the time for all persons to be valued welcomed empowered and respected Now

Faithful Interpretations Philip Geister,Gosta Hallonsten,2021-02-26 Theology of Religions is among the most burning issues within Christian theology today The challenge to study and discuss different ways of handling conflicting truth claims and religious narratives between religions is taken up by a growing number of theologians across denominational boundaries This is a common and ecumenical effort undertaken by Christian theologians all over the world And yet the impact of specific ecclesiastical or theological traditions on different concepts of theology of religions should not be underestimated As well known the Second Vatican council with its pivotal decree *Nostra Aetate* On the relation to other religions not only set the agenda for Catholic theology but even influenced the wider discussion on the topic The papers of this volume were all given at a conference in Uppsala Sweden in October 2017 The structure of *Faithful Interpretations* follows closely the way the conference was conducted A general introduction to the development and present status of Theology of Religions by Marianne Moyaert opens the book Archbishop J Augustine Di Noia of the Vatican Congregation for the Doctrine of Faith then treats the recent developments in the teaching of the Magisterium regarding theology of religions Anna Bonta Moreland adresses the issue of Muhammad and Christian Prophecy Diego R Sarri Cucarella focuses on early Christian theological views of Islam and concludes that Islam has been from the begining a disturbing factor in the Christian view of salvation

history Wilhelmus G B M Valkenberg discusses the impact of Nostra Aetate on the Church's relation to Muslims using especially the precedent of Nicolaus of Cues as regards a constructive approach to Islam Klaus von Stosch addresses a sensitive issue in Muslim Christian relations and illustrates the advantages of the comparative theology approach for the theology of religions Complementing this perspective Peter Jonkers offers a hermeneutical perspective on truth claims and reflects on the religious Other with references to Jacques Derrida among others Reinhold Bernhardt argues in favour of a biblically grounded relational existential theory of truth which would be most helpful with regard to other religions To conclude the prominent Catholic specialist on Theology of Religions Gavin D Costa widened the perspective by addressing the relation to Judaism from the point of view of the covenant and the promises of the land Altogether the papers of this volume give a clear impression of the status of Roman Catholic Theology of Religions
