The War Against The Intellect Episodes In The Decline Of Discourse

Peter Shaw

The War Against The Intellect Episodes In The Decline Of Discourse:

The War Against the Intellect Peter Shaw, 1989 **The war against the intellect**, 1999 The War Against the Intellect Peter Shaw, 1989 *Public Intellectuals* Richard A. Posner, 2009-07-01 In this timely book the first comprehensive study of the modern American public intellectual that individual who speaks to the public on issues of political or ideological moment Richard Posner charts the decline of a venerable institution that included worthies from Socrates to John Dewey This edition contains a new preface and a new epilogue **Crisis in the Academy** Christopher J. Lucas, 1998-03-15 Not since student turmoil and unrest wreaked havoc on the nation's campuses three decades ago has American higher education been the subject of so much controversy and popular criticism Countless indictments compete for the public's attention as critics explore vital issues confronting today's institutions of higher learning curricular fragmentation declining academic standards the apparent erosion of liberal learning within academe widespread neglect of undergraduate education in favour of academic research and unprecedented financial woes Confusion over fundamental priorities and purposes the author argues lies at the heart of the dilemma facing end of the century higher education Thoughtful and timely *Crisis in the Academy* offers a wide ranging analysis of contemporary higher education while making an important contribution to the ongoing public debate over the future of America's beleaguered and diverse institutions of higher learning The End of Two Illusions Hamid Dabashi, 2022-04-19 Dabashi demonstrates how the West was an ideological commodity and civilizational mantra invented during the European Enlightenment serving as an epicenter for the rise of globalized capitalist modernity In turn Orientalist ideologues went around the world manufacturing equally illusory abstractions in the form of inferior civilizations in India China Africa Latin America and the Islamic world The result was the projection of Islam and the West as the prototype of a civilizational hostility that has given false explanations and flawed prognoses of our contemporary history with weaponized Islamophobia on one side and militant Islamism on the other as its most palpable manifestations Dabashi argues it is long past time to dismantle this dangerous liaison expose and overcome its perilous delusions and reimagine the world beyond its shimmering mirage **Jacques Derrida (Routledge Revivals)** William Schultz, Lewis L.B. Fried, 2016-06-17 First published in 1992 this book represents the first major attempt to compile a bibliography of Derrida's work and scholarship about his work It attempts to be comprehensive rather than selective listing primary and secondary works from the year of Derrida's Master's thesis in 1954 up until 1991 and is extensively annotated It arranges under article type a huge number of works from scholars across numerous fields reflecting the interdisciplinary and controversial nature of Deconstruction The substantial introduction and annotations also make this bibliography in part a critical guide and as such will make a highly useful reference tool for those studying his philosophy **The Imperiled Academy** Howard Dickman, 1993-01-01 A senior editor of *Reader's Digest* has assembled nine essays by academics who take aim at multiculturalism and political correctness as undermining the free speech and intellectual purity of American universities

Annotation copyright by Book News Inc Portland OR **The Opening of the American Mind** Lawrence W.

Levine, 1997-08-14 Publicly greeted as the definitive answer to recent attacks on the university Lawrence W. Levine's book is a brilliantly argued positive vision of American education and culture Rebellion in the University Seymour Martin Lipset, Political activity and student unrest have been recurring phenomena in American universities even after they reached their apogee in the 1960s. In *Rebellion in the University* Seymour Martin Lipset reviews that turbulent period and places it in a larger historical perspective. He analyzes the source of student activism, the roles played by the faculty, the spectrum of campus political opinion, and the history of American campus protest. Two decades after this book was first written, the academic community is once more sharply divided over issues of political correctness. The term refers to the efforts by campus advocates of leftist politics to control the content of speech, courses, and appointments, and to impose their views with respect to multiculturalism, minority rights, and feminism. Lipset's new introduction is a major effort to account for this new wave of repressive moralism, to explain the issues involved, to locate sources of support and opposition, and to voice a judgment about the current situation in the American academic community.

The Enigmatic Realm of **The War Against The Intellect Episodes In The Decline Of Discourse**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
